SELECTS 60-ACRE SITE FOR PROPOSED HIGH SCHOOL

The Editor's column

Only ten days more and we can again be one big family, regardless of who is elected boss. The voters can forget many of the promises made which are only campaign repetitions anyway.

The great disillusionment will come when the residents invade board meetings trying to collect the promissory notes that the candidates have issued in great number.

•

Perhaps we have reached the age we do not recognize an Easter bonnet when we see one. There certainly were not many in the church we attended Sunday, which may explain why the "Happy Easter" greetings of the husbands were so joyous.

•

The North Western railroad cannot object to the installation of parking meters by the village of Palatine at the newly constructed shopper parking area south of the railroad platform. That company does not own it any more. It deeded the former railroad property to the village when the cement pavement was laid on south Railroad drive.

Plum Grove garden club is providing the landscaping that will provide a beauty spot in the center of the Palatine business district.

•

We told a worried Stonegate housewife Monday that she could stop worrying about the possibility of the Tri-State Highway going through her living room. The highway will not be built for ten years. She told the editor, "perhaps I will be ready for a new living room by 1963.

•

It is rather interesting to a bystander who attends Arlington Heights political group meetings to listen to the attempts of candidates to present their case in a new manner. They attend so many meetings and are asked to tell the old story so many times, we suggest a wire recorder would have made their campaigning a lot easier.

•

Did we read something in the papers about a state's attorney in Sangamon county who has eliminated slot machines and all kinds of gambling? Perhaps Uncle Sam's revenue collecting agents about the state capitol are not doing as good a job in selling gambling stamps as they do in Cook county. As of March 31, the Cook county sale of slot machine stamps in Cook county this year reached 240 which is 44 more than sold last year.

What chance has the poor sucker who plays the slots? Uncle Sam collects $250 a machine, the mob demands a cut, and the tavern owner must get something. Perhaps the average sucker gets his money's worth in watching the "fruits" go round and round.

•

We are often criticized because we do not slap the hands of the big corporations who attempt to raise their rates. The Illinois Supreme Court ordered the Kane county circuit court last week to grant the increases asked by the Illinois Bell Telephone Co. The increase was supposed to go into effect the following day, but at the request of the ICC was postponed ten days. We do not know whose hands to slap—Manager Wm. Lathen of Arlington Hts. exchange, or the judges of the Illinois Supreme Court.

•

Fred Dehne, Glenview, a subscriber to Paddock Publications for over 40 years, returned last week from Los Angeles and said that any individual or autoist who resides in that city is taking his life in his hands. Autoists act as if there is a bounty paid for every pedestrian they hit and each autoist drives as though there are no other cars on the road. The Fence Post awaits any letter to the contrary that loyal Los Angeles residents may send.

•

Member of Our Lady of the Wayside Catholic church, Arlington Heights, are not hesitating to go all out on a fund-raising campaign for their proposed school. They have engaged a ballroom of the Conrad Hilton hotel for a card party and dance April 17. They are reported to have collected 150 prizes valued at $2,500. News columns in this week's issue tell more of the story.

•

"Arlington Heights postoffice will move into its new building Wednesday, April 15, with or without fixtures," says Inspector Barlow, "even if we have to use a few saw horses and cracker boxes." The postoffice employees are confident that the "screening" which separates the customers from the cash drawers, will arrive in time. How about a flag pole, Uncle Sam?

•

There is an old saying, "better late than never." Thus we are publishing in the Mt. Prospect edition the financial statement of that village for the fiscal year that ended April 30, 1952. How come? Nobody is to blame for its lateness—it just got pigeon-holed until an inquisitive taxpayer who has been waiting ten months for its appearance, asked, "why?"

On the other side of the picture is the Wheeling financial statement of Supervisor Gilbert Klehm, which was presented at the township meeting Tuesday and is being passed on to readers two days later.

Bond Firm Halts 2 School Projects

Refuse Approval Until District 57 And 56 Controversy Ends

Because Chapman and Cutler refuse to approve bonds while there is any pending litigation, neither school district 57 nor 26 can proceed with their building programs.

Excluding the assessed valuation of the area just east of Rand rd. which was annexed to district 57 last June and which is involved in a lawsuit now before Judge McDermott of the Superior court, both districts would have sufficient bonding power to erect additional classrooms to accommodate next fall's increased enrollment, but the bonds cannot be sold without a favorable opinion from Chapman and Cutler.

District 26 Feehanville last week called a special election for April 18 to approve the addition to their school and to authorize the sale of $169,000 in bonds to cover the costs.

Mount Prospect had already advertised for bids on the proposed addition to Lincoln school, returnable April 21, and has now notified bidders the date must be postponed.

* * *

AT A HEARING last Thursday, Judge McDermott ruled that the county board of school trustees had kept an incomplete record of a hearing before them last August, and allowed until April 29 for witnesses to prepare a record of their testimony.

After boundary changes between the two school districts were changed last June, bringing into the Mount Prospect district the Castle Heights East subdivision at the north end of the village and also a sparsely settled area east of Rand rd., including a portion of the Public Service installation, people living in this eastern area petitioned the county board of school trustees to return that part to district 26.

The county board ruled in favor of the area remaining in the Mount Prospect district. The case now before the court is an appeal from this decision.

Candidates At Stonegate To Meet April 14

The candidates for Arlington Heights village offices are busy men these days and a date with any one of them is not always easy. However, the Stonegate Association some time ago booked the candidates of both parties for Tuesday, April 14.

Both groups have accepted. Interest in the coming election is increasing, although everybody has lost count of the many groups who have been visited by each, if not by both groups.

The platforms of the two parties cannot be called an old sold story, even if a lot of the arguments have been presented again and again. Those fellows have new ways of telling their story and there are, of course, always rumors to be denied. The people of Stonegate are expected to comprise a large part of the audience at the field house next Tuesday. The rules of procedure are as follows:

Each candidate of a single group will speak for six minutes.

A question and answer session of 15 minutes will follow.

The second group will then have the opportunity of presenting its platform, to be followed by questions and answers.

Under this method of presentation, there can be no heated charges and denials say the committee which arranged the meeting.

A social hour will follow the political discussion.

Authorize Cafeteria Court For Minor Vehicle Violators

Arlington Heights village board has authorized the necessary changes in ordinances that will permit violators of minor traffic rules to pay cash on the line with the police sergeant.

In cooperation with other neighboring communities, standard fines will be assessed in a majority of cases. If the schedule calls for a minor fine, there will be no court costs. The judge will not have the option to "go easy" on any friend of a friend.

When the new system goes into effect a full explanation will be published.

The police department is having plans drawn for the construction of a gunnery range near the treatment plant.

Arlington Heights Postoffice Moves To New Building

Wednesday, April 15, will be moving day for Arlington Heights postoffice. It will enter a building on W. Campbell st. that has been built according to specifications of the department. The equipment will be entirely new.

Holders of call boxes were advised several months ago of the box number and combination that had been assigned to them. The postoffice staff are in hopes none of those notification cards have been mislaid.

The new building has an excellent appearance, is well lighted and has ample space for the speedy handling of the mail. The greater part of the equipment has been in storage in Arlington Heights for some time.

"All we need now to make everybody happy," says Postmaster Dodge is a substitute carrier." Anyone looking for a job with Uncle Sam?

Slanted Statements Of Home Party Attacked By W. Walters

Willard C. Walters, Chairman of the Town Plan Commission, and member of the Zoning Board of Appeals made public today his reactions to what he termed the "slanted statements" of the Arlington Home Party regarding the Stanton and Rockwell Plan and Nicholas M. Lattof, candidate for Mayor on the United Citizens Party ticket.

"Members of the present Mayor's party, with the apparent approval of the Mayor, criticize the plan as having been slanted to favor Lattof as a property owner," Walters observed.

"Let me say that Mr. Lattof was not even a member of the Plan Commission when Stanton and Rockwell were employed, had nothing to do with their employment, and did not become a member of the Plan Commission until December, 1951, following the first progress report of the engineers.

"This makes the unfairness of the Home Party's statements crystal clear. But even so, the national professional reputation of the engineers who proposed the plan suggests to any intelligent person that the plan represents their best professional judgment, and not any one individual's desires."

Commenting on other phases of the campaign for the April 21 Village election, Mr. Walters said, "In the past four years, several problems have arisen which have served to emphasize the fact that Mr. Goedke lacked the leadership the village needed in the solution of the challenging problems created by the growth of this community.

"In the face of increasing building activity, he did not lead the way to a proper supervision of construction in this community. It was not until after an aroused group of citizens forced the revocation of 106 building permits that an associate of Mr. Goedke was induced to resign and a full-time building commissioner appointed. That situation brought the following comment from the Citizens Committee which had been appointed to investigate:

"'The Committee deplores the effort of the mayor to use interested citizens, such as this committee, as a vehicle for extricating elected officials and appointed officers of the village from situations of their own creation. This tendency to pass the buck evidences lack of leadership which this committee has found evident in the whole of processes and procedures designed for the protection of the Village and its citizens which were ineffective to prevent the issuance of the permits it has been called upon to investigate."

"The committee making the investigation comprised Robert Beatty, Donald A. Cox, Richard C. Frasier, L. V. Hendricks, H. B. Hutten, John Randag, I. T. Rinker, Charles Stewart, and myself."

Contests Bring Out Big Vote in Wheeling

While township contests in this area were mild compared to the municipal campaigns for municipal offices, there was sufficient interest to attract a good vote.

In Wheeling township there were a total of 2302 votes cast. The regular ticket won by two to one. The independent candidates made an excellent run and several hundred votes were marked only for them. The result follows:

For supervisor, Gilbert J. Klehm, 1941; for township clerk, Dorothy Helm Hauff, 1909; for township assessor, Theodore Studtmann, 1877; for tax collector, William Annen, 1859; for highway commissioner, Barnie Runge, 1897.

For Justice of the Peace: William M. Weber, 1668; Carl M. Behrens Jr., 1662; W. Edward Fritz, 1628; Harvey M. Adams, 1571; William F. Laurance, 1550; Henry F. Vallely, 870; Nat T. Burfeind, 814.

William Spooner was elected a member of the Arlington Heights Park Board. He received 106 votes. A write-in campaign gave Marion Thompson 37 votes.

For Constable: Carl H. Skoog, 1923; Fred J. Hinz, 1766; Joseph M. Remsing, 1659; Albert A. Schock, 1763; Arthur Moldenhauer, 1701; Frederick V. Thiele, 758.

With three candidates for Elk Grove collector there was a lot of campaigning in that township for that office. Arnold Scharringhausen of the harmony ticket won with 952 votes. Robert Sophie received 287 and Ernest F. Tagge 139. The votes received by the other candidates are:

For supervisor, William Rohlwing, 1254; for township clerk, Clarence A. Scharringhausen, 1266; for township assessor, John W. Pohlman, 1248; for highway commissioner, Ronald L. Bradley, 1260.

For Justices of the Peace: Edward A. Glaeser, 1198; Carl Hammerl, 1253; Sherman Canty, 1236; Harvey G. Klehm, 1238; Richard J. Georgen, 1200.

For Constables: George E. Whittenberg, 1269; Ambrose E. Kranz, 1234; Vernon J. Soenksen, 1217; Roscoe Reed, 1214; Harold Hastings, 1218.

For school trustee: Raymond Busse, 1253.

Citizens Demand Action For Street To Connect Them To Village

A group of irate citizens from the 1200 block on N. Belmont, appeared before the Arlington Heights village board Tuesday night demanding that some action be taken to give them proper ingress and egress to their property.

The only road that connects them to other village streets is privately owned and in deplorable condition. Big rocks in the center make it impossible to keep crushed stone on the street for any length of time. In event of fire it would be difficult for the village fire truck to get down the street.

* * *

A SPOKESMAN told the board they have waited patiently for eight years for the village to take some action to get portions of land in the area dedicated for street purposes so that a regular street could be built, and that they were tired of waiting and wanted some immediate action.

Hugo J. Thal, village attorney, told the board he had attempted several years ago to get land dedicated for street purposes but property owners in the area were not interested. The only alternative now would be for the complainants to get up a petition or letter asking that condemnation proceedings be started in order to force a street through. The village does not build streets, but will maintain them once they are built and accepted as village streets.

In the meantime the trustees voted to give the residents some relief by throwing a few loads of crushed stone on the present thoroughfare.

The motor fuel tax allotment for the month of March amounted to $2,716.

Charles F. Seales, president of the Stonegate association, wrote a letter asking the board to take action to stop builders in the area from letting debris from their projects blow all over the subdivision. The builders will be notified to properly dispose of this debris.

* * *

ANOTHER LETTER from a resident requested that something be done to stop the trains whistling at the Euclid ave. crossing. The writer felt that since the gates were installed it would not be necessary for the trains to give warning whistles of their approach. The matter will be investigated.

A report of the sewer problem along N. State rd., from the 1100 block through the 1300 block was submitted to the board. The village engineer will be asked to prepare an estimate of installing a sewer in State rd., from Oakton to Marion, on the west side of the street, which would be one way to alleviate the problem.

A public hearing regarding the paving of Campbell st., between Dunton and Vail, will be held April 23. This block was not included in the original Campbell st. widening program, which has been approved.

The engineer was asked to get estimates for building the proposed rifle range at the sewage treatment plant for use of the Arlington Heights police department. Plans for the proposed range were shown to the board.

It's One-Out Of Three At High School Election

Voters in the high school board election will be faced with a unique ballot. Three members are to be elected, two of whom are for a three year term and one for an unexpired two year term.

Of the two members to be elected for three years, one must reside in an unincorporated area and the other may reside in a village in the area. George Sheppard is a candidate for re-election. He resides in Prospect Heights which is unincorporated. Therefore he is the candidate for election for the full three year term from the unincorporated area and he is unopposed.

There are three candidates for election from the village of Arlington Heights. Of these three, the voters will select only one for election. They are Mrs. Mary Morrow, who is presently a member of the board of education; Quentin K. Ford and Hugh P. Harshbarger.

A vacancy on the board necessitated election of another member from the unincorporated area for the remaining two years of an unexpired term. There are two candidates for this post. Arnold Garlisch of Higgins rd. and T. C. Seiler, residing just south of Arlington Heights.

Candidates

George H. Sheppard	Unopposed
Mrs. Mary Morrow	) Vote
Quentin K. Ford	) for
Hugh P. Harshbarger	) one
Arnold W. Garlisch	) Vote
Theodore C. Seiler	) for one

School laws require election of members from unincorporated areas depending on ratio of population. In the case of the local high school, it must have two members from unincorporated areas.

Polls are open from 12 noon to 7 p.m.

Qualifications of the high school candidates will be found elsewhere in this issue.

154 Present To Hear Candidates Answer Questions On Platforms

One hundred and fifty-four residents of Eastwood attended their association meeting Tuesday night at which candidates who are running in the April 21 Arlington Heights election were present. The meeting was held at the field house.

It was in the form of the "old town hall meetings" at which those seeking office appeared before the people and personally presented their aims and opinions. Representing the United Citizens party were N. M. Lattof, candidate for mayor; Forrest F. Davis, candidate for village clerk; Charles C. Barrett and Ralph L. Hoffie, candidates for village trustees. Appearing for the Arlington Home party were Carl H. Weinrich, candidate for village clerk; Robert B. Bishop, Richard Bronwell, and Charles C. Rehfeldt, candidates for village trustees.

More than 70 questions, which were written and submitted by Eastwood residents were asked of each group. Bill Weismueller, 623 N. Beverley, headed the program planning committee. Chuck Bennett, 501 N. Dryden, served as moderator.

PTA And Police Work Together To Inspect School Kids' Bikes

The Arlington Heights police department will work in cooperation with the Parent-Teacher association to hold a bike inspection at all public and parochial elementary schools.

Parents are asked to cooperate and have their children ride their bikes to school on the day they are slated for inspection, and to follow through on all recommendations the inspecting officers advise to make their child's bike a safer vehicle to ride.

Mrs. William Trude, safety chairman of the PTA, is working with Sgt. Oscar Johnson, who is in charge of the inspection.

Officers will inspect bikes at the South school, the morning of April 14, and at the Junior high that afternoon. They will hold inspection the morning of April 17 at Dryden school, and that afternoon at North school.

Bikes of parochial school children will be inspected the week of April 20, the actual dates to be announced later.

Polling Places To Confuse School Voters

Grade, high and township school trustees will be voted for in Saturday's election. All polls will be open from 12 noon to 7 p. m.

Residents of Wheeling township, residing in the village of Arlington Heights will have to travel to two different polls to cast their ballots.

Those voting for elementary school board members will vote at the North school if they live north of the Chicago and North Western railroad, and at the South school, if they live south of the tracks. They will have to go to the Arlington Heights village hall to cast their votes for high school board members and for township trustees.

Residents of Wheeling will vote on all their issues at the school. Mt. Prospect will vote for grade and high school candidates at Central school. They voted for their township school trustees in Tuesday's election and thus will only vote on two ballots Saturday.

Prospect Heights is voting on four issues, all of the ballots to be cast at the school. Wilson school district residents will vote for their school trustees at the Wilson school, and will have to travel to the Prospect Heights school to vote for township trustees and high school candidates.

Feehanville school district will vote for grade school board members at the Feehanville school, will have to go to the Arlington Heights village hall to cast their ballot in the township trustee election, and to the Prospect Heights school to vote for high school candidates.

Elk Grove Community Consolidated school district will cast their votes for the grade and high school board members at the school. Forest View school district residents will vote for their board members at the Forest View school, but will have to travel to the Elk Grove school to vote for the high school candidates. (ACM

THANK YOU

I wish to thank the voters of Elk Grove township for the confidence in me they showed Tuesday, April 7. I promise that I shall conduct my office in a manner that will justify the faith they have given me.

Arnold Scharringhausen

Fire Calls Drop To Two During Past Week

Arlington Heights volunteer firemen got a rest this past week after several busy weeks of answering prairie fire calls.

Only two calls, one a prairie fire Sunday on E. Euclid ave., near the cemetery, and another Monday at the Erickson home, 601 S. Burton, where a short occurred in an electric stove wire, required the departments service this week.

Drops Mt. Prospect Site On Account Of Titles And High Cost

The high school board of education has authorized a contract to purchase 60 acres of farm land on east Foundry rd. adjoining the village of Mount Prospect. This land is about one-half mile west of route 83. It adjoins the subdivision acreage which previously had been under consideration by the board of education as a site for a new high school.

The contract provides that the board of education call a special election to approve acquiring the site for school purposes and to authorize issuance of school bonds to pay for the land.

The contract price is $1,100 per acre or $66,000 for 60 acres. It is generally considered that the ideal land needs of a modern high school in a growing community is around 40 acres. The board of education found that they would have to acquire the full 60 acre tract in order to preserve the price of $1,100 per acre. Should it be deemed advisable to sell a part of this tract sometime in the future, this could be done only by approval of the voters at a special election.

The acreage previously under consideration, near the corner of Foundry rd. and Route 83 would have cost about $3,000 an acre. The 60 acre tract has a frontage of 1319 feet on Foundry rd. and extends south 1978 feet. It is high land and thoroughly desirable as a school site. The present owner is Alfred J. Meier.

Petitions are now being circulated calling on the high school board of education to call a special election May 9 to approve the purchase of this 60 acre tract.

The decision to build another high school stems from the fact that in a few years present facilities will not accommodate the large increase in students that are already in the grade schools. The growth of population in the area warrants another new high school close to the Mount Prospect-Prospect Heights area.

Plan Addition To Grigsby-Allison Plant

Grigsby-Allison Company has started construction on a new 12,000 square foot addition to its Salem ave. plant. This is approximately a 40% increase in the area of the main plant and will provide employment for an additional 150 employees. It is expected that the new area will be ready for production with all equipment installed by August 1.

Grigsby-Allison Company, although quite young, is one of the main suppliers of switches in the radio, television and electric industry. At the present time about 30% to 40% of its output is in defense work, a good portion of which is produced in its plant on Evergreen st. Grigsby-Allison products are used by every major radio and TV manufacturer throughout the country.

The company was incorporated and the land purchased on Salem ave. late in 1945. Construction of the original factory building was started in January, 1946, and sizeable production of parts was achieved by July of that year. Steady growth was experienced and the first expansion occurred with the leasing of the Evergreen plant. In 1950 two more additions were made at Salem ave. By July of 1952 the company concluded negotiations to secure a plant in Fox River Grove for the specialized production of TV tuner turrets, and as this production expanded an addition to that plant was completed the first of March of this year. Today the total payroll of the Grigsby-Allison Company exceeds 500.

The greater number of employees are women because they are particularly adept in that work. They come from the surrounding areas as well as from Arlington Heights. Their employment is providing a second pay envelope in many homes. The work is clean and performed under the best of health conditions. In many instances many members of a family "tribe" are employed at Grigsby-Allison.

Police To Arrest All Car Owners Without Vehicle Tags

Arrests are now being made of all Arlington Heights car owners who do not have a village vehicle tag. They will also be given a ticket if they have purchased a tag but do not have it displayed on their windshield.

The stickers are on sale at the village hall.

Kimball-Hill Decision By County Board Postponed

County board action on the Kimball Hill zoning case was again postponed Tuesday. It was not brought up because the chairman of the committee had not yet visited the property.

Commissioner William Busse, who has announced he is against the rezoning is expected to return home from Florida Thursday.

Disposal Trucks Must Be Covered: To Give Tickets To Violators

A village ordinance calls for all garbage and refuse trucks traveling the streets of Arlington Heights to be covered with a canvas, to avoid losing part of its collection along the streets.

The village board Tuesday night ordered the police department to make arrests of any truck operator in violation of this law.

Boy Scouts Sponsor Paper Drive Saturday

The spring boy scout paper drive will be conducted Saturday, April 11, in Arlington Heights.

Bundles should be tied securely and placed on the curb Friday night or early Saturday morning.

The next scheduled paper drive will be held May 21, the Saturday preceding Memorial day week-end.

There will be the usual "Cow Bell" parade conducted by the cub scouts Friday evening to remind residents to get their paper ready.

SET RUBBISH PICK-UP DATES AS MAY 4-5-6

The village will hold its regular spring rubbish pick-up in Arlington Heights May 4, 5 and 6. Further details as to types of rubbish and hours of the collection will be made later.

Home Party Promises To Give 'The Facts' At South Side Meeting

On next Monday evening at 8:00 p. m. at the South school, the Arlington Home Party will present to the voters an interesting and important analysis of its political platform and how it affects the welfare and security of all residents in Arlington Heights. Entitled, "The Facts in the Case," this program is planned as a meeting for people living in the South Side of Arlington Heights, although everyone in Arlington Heights is cordially invited to attend. Speakers will include Charles Rehfelt, Robert B. Bishop, and Richard Bronwell, candidates for village trustees, and Carl H. Weinrich, candidate for village clerk. The program will include a direct question period, in which any member of the audience will be free to ask any question desired.

IN ANNOUNCING this meeting Edmund J. O'Brien, chairman of the Arlington Home Party stated, "The village election this coming April 21st is the most important in the history of Arlington Heights. It is vitally important that everyone vote. But before voting, it is also important that you should know the facts. In the twelve years that Albert W. Goedke has been President of the Village Board, he has managed to convert Arlington Heights from a struggling town operating in the red, into one of the most prosperous villages in Illinois.

"Low taxes compared with other communities of its type, plus sensible town planning through the years, have made and kept Arlington Heights one of the most desirable suburbs in the Chicago area. Proof of this is found in the hundreds of people who have chosen Arlington Heights as their home in the last few years. People of good conscience cannot afford this time to view this election as just a simple town affair, where either side is equally "good."

"If you value Arlington Heights and cherish your rights as a citizen of Arlington Heights we urge everyone to dedicate next Monday evening as the night to attend the Arlington Home Party meeting. It is your right and your duty to know the facts, and then decide."

It Always Takes Two

There are two men behind the medicine you use — your physician and your pharmacist. Both are highly trained, experienced professionals. Together, these two men work as a team for your better health.

William Kapell To Be Featured With Chicago Symphony Orchestra

William Kapell, one of Chicago's especial favorites among virtuosi, will be soloist at this week's concerts of the Chicago Symphony Orchestra, conducted by Rafael Kubelik, at Orchestra Hall, Chicago.

Kapell was heard earlier this season in recital but illness postponed his scheduled appearance with the orchestra in February and he is now returning to play the Brahms Piano Concerto No. 1 for the Tuesday afternoon (April 14) audience; and the Prokofieff Concerto No. 3 for the Thursday evening (April 16) and Friday afternoon (April 17) subscribers.

For these concerts in the next-to-last week of the 62nd season, Kubelik has programmed on Tuesday afternoon, Weber's Overture to "Der Freischutz" and the Schumann First Symphony; and at the mid-week concerts, Kabalevsky's Overture to "Colas Breugnon" and the Tchaikovsky Fourth Symphony.

This will be Kapell's ninth consecutive seasonal appearance with the orchestra at Orchestra Hall—he has appeared several times at the orchestra's summer concerts at Ravinia.

George Schick will conduct the Saturday evening (April 18) Popular Concert, with Diana Steiner, young Philadelphia violinist, winner of the Naumburg Musical Foundation award, as soloist in the Tchaikovsky D Major Concerto. Schick has also programmed Borodin's "A Sketch of the Steppes of Central Asia," Bizet's First Symphony, and Weber's Overture to "Der Freischutz."

North Western Orders 101 New Diesel Units

Estimated annual savings in operating costs of approximately $2,807,000 are expected by the Chicago and North Western railway system following the delivery later this year of 101 new diesel locomotive units, Paul E. Feucht, president of the railway system said.

Feucht said the units costing $16,200,000 are scheduled to replace 109 steam locomotives normally due for costly heavy repairs in 1953. Seventy of the new units will be placed in freight and yard service, nine in suburban service and thirteen in passenger service other than suburban.

"Our estimate at the present time," said Feucht, "is for savings on an annual basis of approximately $2,442,500 in operating costs resulting from the acquisition of the 92 units for the North Western. For the year 1952, for example, diesel performance on the North Western in terms of gross ton miles of freight handled was 82.8 per cent. In terms of passenger train car miles it was 66.8 per cent while in terms of yard switching hours it was 72.8 per cent."

As of December 31, 1952, the North Western had 552 steam locomotives and 488 diesel units. It is estimated that at the end of 1953 locomotive ownership will be 422 steam engines and 580 diesel units.

Nurses' Club Meets April 17

Arlington Heights Nurses' club will meet April 17 at 8 p. m. in the Methodist church parlors.

Hostesses for the evening will be Mesdames Edward Schumacher, James Carr, Frances Clem, E. F. O'Gara, John Low, C. E. Frederickson and William Overton.

There will be a display of flower arrangements and a program given by the Nelson Flower and Gift Shop of Palatine.

Sidelights of Arlington Heights

Celebrate Birthdays

Mrs. Minnie Jahn, N. Pine ave., celebrated her ninety-first birthday April 6. Sunday she received guests from Chicago and Barrington, and Monday many friends and relatives visited her. Mrs. Jahn has three children, Bob, Mrs. Edward Foley, and Richard, all of Arlington Heights, five grandchildren and six great grandchildren.

Mr. and Mrs. Glen Benson celebrated Mrs. Benson's father's seventy-fifth birthday at dinner Sunday. Mrs. Benson's father is George Volz. Other guests were Mr. Volz's daughter, Donna Marie Volz, and Mrs. Arthur Volz, all of Arlington Heights.

A family gathering was held by Mrs. Walter Karstens to help her daughter, Mrs. Curt Helbig, celebrate her birthday.

Janis Lynn Hauptly, daughter of Mr. and Mrs. Ralph Hauptly, will celebrate her first birthday this afternoon with a party for ten little friends.

Vacationers

Mr. and Mrs. Melvin Kurtz and two sons, Kerry and Kent, have returned from a recent three week vacation in Florida.

Also returning from a three week vacation in Florida recently were Mr. and Mrs. James Webster and three children.

Mr. and Mrs. William Johnson returned recently from a vacation in Florida.

Vacationing in Eustis, Fla., are Mr. and Mrs. Alfred Jasper.

Mr. and Mrs. James Sutton, S. State rd., have returned home from a vacation they spent in Havana, Cuba, and Palm Beach, Fla. While in Havana they stayed at the Hotel Nacional and in Palm Beach they stayed at the Colonnades hotel. They also spent two days in Sarasota, Fla.

Mr. and Mrs. R. T. Evans are spending a month in Florida. Their son, Dennis, accompanied them for the duration of the spring vacation.

Miss Judy Grose is spending her Easter vacation as the guest of Mr. and Mrs. Harold Rose and their three daughters in St. Petersburg, Fla.

Mr. and Mrs. James Drake left Wednesday morning by car for a trip to New Orleans, where they plan to combine business with pleasure.

To Return For Play

Mrs. Mary Zita Kraska of Buffalo, N. Y., arrived Thursday to take care of her grandchildren while her daughter, Mrs. G. E. Staahl,, goes to Los Angeles, Cal., to spend the Easter holidays with her husband, who is out there on business. Mrs. Staahl will be back in time to portray her part as Lorraine Shelton in the coming Village Theatre play, "The Man Who Came To Dinner," which will be given at the high school April 17 and 18. Mrs. Kraska also has to be back in Buffalo by April 13 to resume her teaching position.

Entertain

Mr. and Mrs. Elmer Luarin had as their Easter dinner guests their daughter and son-in-law, Mr. and Mrs. R. M. Schneberger and three children, and their son and daughter-in-law, Mr. and Mrs. Neil Laurin and their three children.

Easter dinner guests at the home of Mr. and Mrs. Edward Reichert were Mrs. Reichert's parents, Mr. and Mrs. Lewis Tardow of Bensenville, and Mr. Reichert's mother, Mrs. Roman Reichert Sr. of Niles.

Mrs. Peter Herbst was hostess to her pinochle club Tuesday evening.

Mr. and Mrs. Nelson Hauff's Easter dinner guests were their son and daughter-in-law, Mr. and Mrs. George Hauff, and their daughter, Dorothy Mae, and Mrs. Nelson Hauff's sister, Mrs. John Dart of Franklin Park.

Mr. and Mrs. R. G. Clarbour and son, Bert, spent Easter with Mrs. Clarbour's brother and sister-in-law, Mr. and Mrs. Herbert Olson. Their parents, Mr. and Mrs. Nels Olson, were also dinner guests.

Dinner guests at the home of Mr. and Mrs. Lyman Lloyd were Mr. Lloyd's uncle, William Raupp of Chicago, and his cousins, Mr. and Mrs. Albert Kuhlman of Des Plaines.

Mr. and Mrs. Edward Mills entertained Mrs. Mills' niece and nephew, Mr. and Mrs. Donald Smith, and two children of Beulah, Wis., Friday evening at dinner.

Mr. and Mrs. Arthur McElhose's daughter and son-in-law, Mr. and Mrs. Ruben Middleborn, and son, Dale, of Chesterton, Ind., and Mr. and Mrs. August Middleborn and their daughter, Monica, of Chicago, were their Sunday evening guests.

Donald Weidner was host at a stagg party Friday evening in honor of Dick Becker who was married Saturday. Ten guests were present.

Easter dinner guests at the August Folkman home on Busse rd. were Mr. and Mrs. Merle Tobler and son, Merle, of Elgin, Louis Tobler of Momence and Gene Descoteaux of Evanston.

Baptized

John Allen Tarpinian, son of Mr. and Mrs. John N. Tarpinian of Round Lake, and David Hall Bruning, son of Mr. and Mrs. John V. Bruning, 710 S. Highland ave., Arlington Heights, were baptized April 3 at 7:30 p. m. at the First Presbyterian church of Arlington Heights. Rev. C. Victor Brown officiated.

Bridal Showers

Miss Bonny Gay Milke, financee of William Lathen of Arlington Heights, was guest of honor at two bridal showers held recently. Miss Sue Daledien of Chicago was hostess at a personal shower and Mrs. Lawrence Smith was hostess at a miscellaneous shower. The wedding will take place April 25 at Carter, Wis. Miss Milke is the daughter of Mr. and Mrs. Chester Mielke of Carter, Wis.

Miss Irene Scharringhausen, daughter of Mr. and Mrs. Ralph Scharringhausen of Arlington Heights, was guest of honor at a bridal shower given March 25 by Mrs. Caryl Plonka of Norridge and Mrs. Gene Vogt of Arlington Heights. Seventeen relatives and friends were present at the shower held at the Plonka home. Miss Scharringhausen will become the bride of John Kruckman of Libertyville April 18 at St. John's Evangelical and Reformed church, Arlington Heights.

Wins Prize

Dennis Hartman, son of Mr. and Mrs. Gene Harman, won 3 tickets to the Eighth Street Theatre by winning first prize on Uncle Johhny Coons Jewel Tea Program.

Easter Bleakfast

Mr. and Mrs. Leonard Weidner and children had Easter breakfast with Mrs. Weidner's parents, Mr. and Mrs. Albert Nolting of LaGrange.

Visit Here

Mr. and Mrs. Kenneth Hood had as their Easter holiday guests Mrs. Hood's parents, Mr. and Mrs. M. E. Frank of Hibbing, Minn.

Mrs. William Green's and Mrs. Jack Aldrich's mother, Mrs. Merle Stanger of Terre Huate, Ind., spent a few days over the Easter holidays visiting her daughters here.

Visit Away

Mr. and Mrs. Ralph Clarbour and three sons spent Easter with Mrs. Clarbour's parents, Mr. and Mrs. Leo Richardson of Shabbona, Ill.

Mr and Mrs. William C. Beckman and children, Jeff and Janet, left Friday to spend the Easter holidays with Mr. Beckman's parents in Lincoln, Nebr. They expect to be home by the end of this week.

Home From College

The following students were home for the Easter holiday vacation: Donald Havranek, son of Mr. and Mrs. Frank Havranek, from the University of Wisconsin, Madison, Wis.,; Joan Bernthal, daughter of Mr. and Mrs. V. O. Bernthal, from Lawrence college, Appleton, Wis.; John Cooper, son of Mr. and Mrs. Thomas Cooper, from Knox college, Galesburg, Ill.; Richard Desgrey, son of Mr. and Mrs. C. W. Desgrey, from Iowa State college, Ames, Iowa; Audrey Fiddler, daughter of Mr. and Mrs. Roy L. Fiddler, from Lake Forest college, Lake Forest, Ill.; Dolores Goldthwaite, daughter of Mr. and Mrs. Albert E. Goldthwaite, from the University of Colorado, Boulder, Colo.; Joan Peterson, daughter of Mr. and Mrs. Lloyd Peterson, from Carleton college, Northfield, Minn.; Barbara Ransdell, daughter of Mr. and Mrs. James T. Ransdell, from the University of Illinois, Urbana; Barbara Roberts, daughter of Mr. and Mrs. Curtis Roberts, University of Illinois; Patricia Watkins, daughter of Mr. and Mrs. John B. Watkins, University of Indiana, Bloomington, Ind.; and Phillip Knoeppel, son of Mr. and Mrs. LeRoy Knoeppel, University of Indiana.

Home From Camp

Kenneth Busse, son of Mr. and Mrs. Franklin Busse, 210 S. Highland ave., was able to enjoy his Easter dinner with his parents and sister, Arlene. Ken hopes to be home Saturday to participate in the wedding of his sister. He is attending an advanced school at Fort Leonard Wood, Mo.

Guests

Mr. and Mrs. Edward Mills and children spent Easter with Mrs. Mills' brother and sister-in-law, Mr. and Mrs. Ford Eastman of Downers Grove.

Mr. and Mrs. Edward McElhose and Miss Laura McElhose helped Mr. and Mrs. Clarence McElhose of Chicago celebrate their daughter Linda's first birthday Easter Sunday.

ELECT AN EDUCATOR TO THE HIGH SCHOOL BOARD

Hugh P. Harshbarger

Hugh P. Harshbarger of 1432 North Dunton avenue, has had 25 years of experience in public, private and federal education, 17 years of which was spent as director of Industrial and Adult Education at Maine Township High School, Des Plaines.

For the past three years he has been Superintendent of Greer Technical Institute, Chicago, a fifty year old trade school and one of the largest technical schools in the middle west.

Mr. Harshbarger received his Bachelor Degree from Bradley University and his Masters in Education at Northwestern University. He has been president of the Illinois State Industrial Association and chairman of the Chicago Metropolitan Round Table. At present he is serving a four year term on the seven man Executive Illinois State Board, under the new Illinois Vocational Schools Act.

During the war Mr. Harshbarger had charge of training at the Douglas Aircraft Plant and for three years following the war he had charge of all G. I. Training in Oklahoma, Arkansas, Missouri and Kansas. He is author of two books on Industrial subjects.

He has been active for ten years in Kiwanis — past president of the Des Plaines Club, and secretary of the Webster Grove, Missouri, Club.

For four years he has been associated with the C. M. Behrens Real Estate Office in Arlington Heights.

The Harshbargers have six children, one a daughter now a freshman at the Arlington High School.

Your vote of confidence at the polls on Saturday, April 11, will be sincerely appreciated.

Sympathy

Sympathy is extended to the family of Mr. and Mrs. John Crawford on the death of his father, Walter R. Crawford, who died April 1 in Milton, Mass.

Out-Of-Town Visitors

Mr. and Mrs. Charles Rehfeldt and family are enjoying the two weeks visit of her sister and husband, Mr. and Mrs. William Harm, who arrived by air Wednesday from their home in Phoenix, Ariz.

Miss Barbara Ransdell is home on spring vacation from the University of Illinois. Her brother, Ensign Paul Ransdell is on the navy aircraft carrier, Bairoka, in the territory of Hong Kong, China. Their parents are Mr. and Mrs. Joseph T. Ransdell.

Mr. and Mrs. Frank Gray and their children, Ann and Keehn, of Haddonfield, N. J., spent a week's vacation at the home of Mr. and Mrs. Marshall Gray of Princeton ave.

Easter Guests

Dr. and Mrs. Robert Balfour entertained his brother and his wife, Dr. and Mrs. Donald Balfour of Janesville, Wis., at dinner Easter Sunday.

Brunch at Rolling Green Country club was enjoyed by the family and guests of Mr. and Mrs. Harold Witt Sunday. Joining them were Mrs. Witt's parents, Mr. and Mrs. H. E. Price of Chicago.

Mr. and Mrs. Donald Russell shared their Easter dinner with her family, Mr. and Mrs. John Fogarty, and Miss Dorothy Fogarty of Chicago.

Easter week visitors of Mr. and Mrs. Victor Duch were her parents, Mr. and Mrs. Guy Hack of Lansing, Mich.

Neighborhood Doings

Mr. and Mrs. Vincent Cunningham and family spent Sunday with his parents, Mr. and Mrs. Arthur Cunningham of Chicago.

A visit to Middletown, Ill., to spend Easter with his mother, Mrs. Bess Busch, was made by Mr. and Mrs. William Busch and their son, Billy, 5.

Mr. and Mrs. Jack Keller and family enjoyed the week end at the home of her parents, Mr. and Mrs. S. H. Gibson of Elkhart, Ind.

Mr. and Mrs. Guy Hack of Lansing, Mich., were guests at the home of their daughter and son-in-law, Mr. and Mrs. Victor Duch.

Mr. and Mrs. Glenn Buckley and Richard and Lynn drove to Forest Glen Sunday afternoon to the home of Mr. Buckley's mother, Mrs. Miles K. Buckley.

Mr. and Mrs. Arnold Sider and family had their Easter dinner at the home of his parents, Mr. and Mrs. O. Sider of Chicago.

Dinner at Lake Lawn at Delavan, Wis., was enjoyed by the family of Mr. and Mrs. T. A. Williams Sunday.

Sally Godenrath was the guest of her aunt, Miss Virginia Godenrath at the Saturday afternoon performance of the "Icecapades" in Chicago.

Mrs. Lillian Wolf of Mount Prospect entertained the family of Mr. and Mrs. Robert Godenrath and Mrs. Matilda Wolf at Sunday dinner.

"Bwana Devil," the first full length motion picture in third dimension natural vision, opens at the Arlington Theatre this Friday for a full week run.

Cotillion Club Dance April 11

The Cotillion club of Arlington Heights will hold its third dance of the season at Roselle Country club April 11.

The Hawaiian motif will provide the theme of decor and attire for this dance. The members of Cotillion have been using their ingenuity assembling costumes appropriate and in keeping with this theme.

Roselle Country club may be reached by taking route 58 to Roselle rd. and turning left on Roselle rd. to the club.

PTA Card Party To Be Held April 16

Ticket sales for the PTA card party April 16 are really booming, reports Mrs. William Ball, chairman for this ways and means project. Room mothers from the various public schools have contacted most homes by telephone, with encouraging results.

The card party, which is a popular annual event, is being held Thursday, April 16, at 8 p. m. at the South school, where tables will be set up in both the cafeteria and gym to accommodate the expected crowd.

Card-lovers may choose their favorite bridge, pinochle, or canasta for an evening of friendly competition. There will be the usual assortment of fine prizes, and homemade candy and soft drinks will be for sale by PTA workers.

Hospitality chairmen will be on hand to welcome players and make up foursomes for the various games. Of course groups of friends who wish to form their own tables may do so.

Tickets are 85 cents, and may be obtained from any of the PTA room mothers.

Wheeling Township Peoples Party Say 'Thank You' To Voters

We appreciate the interest of the large number of voters who went to the polls Tuesday. We consider the strong vote given to us as an expression of confidence in our work as members of the board of auditors and for our efforts to do the best possible for the township.

To the unsuccessful candidates we want to say you proved yourselves to be worthy adversaries. With the election over we hope we can be good neighbors. We know that you have the same personal interest of the township as do we.

We realize our responsibility to all residents of the township and we will attempt to meet it in every way.

WHEELING TOWNSHIP PEOPLE'S PARTY.

Film On Work Of Cancer Society To Be Shown To Crusade Workers

A film describing the work of the Illinois Division of the American Cancer Society will be shown to members of the Arlington Heights Cancer Crusade group, to be held Thursday, April 9, at the North school, at 8:30 p.m.

Funds raised during the April crusade will be used to support the three-point cancer control program of the American Cancer Society.

The Society is the only volunteer organization which approaches the cancer problem through three channels. These are cancer research, public education—both lay and professional and service to the cancer patient.

LAST YEAR the American Cancer Society allocated $391,859 to cancer research in Illinois. This was distributed to 11 leading research institutions as grants-in-aid, an institutional grant of $150,000 to the University of Chicago and fellowships to leading physicians to continue their cancer studies.

Public education includes film showings, lectures, the distribution of literature covering the cancer problem and the maintenance of 21 information centers in the state. A symposium on cancer for doctors was sponsored by the Illinois Division last November and a symposium on cancer for nurses was held at the University of Illinois School of Nursing in February.

Among the services to cancer patients sponsored by the Illinois Division are the support of six diagnostic clinics and ten cancer clinics. Loan closets are maintained throughout the state. These loan closets provide hospital beds to home cancer patients on a loan basis. They also distribute dressings and other sick room equipment not ordinarily found in the home.

Gains Promotion With Peoples Gas Co.

Floyd J. Eldridge, 44, of Mount Prospect, has been appointed assistant to the treasurer of the Peoples Gas Light and Coke company, it was announced recently. A native of Grand Rapids, Mich., Mr. Eldridge will assist Allan J. Good, treasurer, and also have general supervision of the Treasury and Stock Transfer departments.

Mr. Eldridge graduated from Northwestern university school of commerce, began his career at Peoples Gas in the auditing department in 1935. He also has held a supervisory position in statistical work and in 1943 he was appointed assistant superintendent of the Methods and Routines department.

He resides with his wife, Josephine A., and two sons, James, 12, and Thomas, 6, at 518 S. Main st., Mount Prospect.

Cancer Crusade Begins April 9; Need Volunteers

The congress of the United States has passed a resolution designating the month of April as Cancer Drive Week in America.

A MEETING of the Arlington Heights Cancer Crusade group will be held at the North grade school April 9, at 8:30 a. m.

Volunteer workers for the 1953 Crusade of the American Cancer Society, Illinois Division, Inc., will discuss the progress of the campaign in Arlington Heights and set plans for the final weeks of the crusade.

George A. Glow, 603 Belmont ave., has accepted the job as local chairman. Nat T. Burfeind is general chairman of the Northwest chapter of American Cancer Society, which includes several towns along the Northwest highway.

THE EXECUTIVE committee is comprised of those who have volunteered to help arrange the drive for funds in the various sections of the village, as follows: Roy C. Barr in Sherwood, Mrs. William Bott in Stonegate, C. W. Desgrey in Scarsdale, Mrs. James B. Henderson in Stonegate, Mrs. Harold E. Olson in Northwest section, Messrs. Weir C. Swanson and John T. Watson, Jr. in Southwest section and Hal C. Wright in Scarsdale Estates and Laurinwood, together with Dr. Paul Carstens, Nat T. Burfeind and George A. Glow. A. H. Franzen, president of Arlington Heights National Bank, will act as treasurer of the local fund-raising drive.

Additional workers are needed, at least one for each block in the village. Anyone interested in fighting cancer, please offer to help for about three hours. Come to the meeting April 9 and learn how to assist in this great and important work or call the nearest committee member and offer to help.

Give Qualifications Of High School Board Candidates; Note Opposition

There are six candidates seeking to fill three vacancies on the Arlington Heights high school board, district 214. One candidate, George H. Sheppard, 210 E. Marion, Prospect Heights, is running for a three year term, and is an unopposed candidate from the unincorporated area of the high school district.

Two candidates are seeking to fill the unexpired term of two years of Kenneth Dougan, who resigned from the board as a member from an unincorporated area. They are Theodore C. Seiler, Seegers rd., and Arnold W. Garlisch, Higgins rd., both of Elk Grove township. Only one of these two is to be elected. The board must have two of its members from unincorporated areas in the district, and Sheppard fills one of the positions.

Three candidates are running to fill the one vacancy on the board from the incorporated area. They are Mrs. Richard Morrow, 622 Mayfair rd., present incumbent; Quentin K. Ford Sr., 621 N. State rd. and Hugh P. Harshbarger, 1432 N. Dunton, all of Arlington Heights. Only one of these three is to be elected.

A brief resume of each candidate's qualifications follows:

* * *

George H. Sheppard

Sheppard is running for his third term. Prior to his election on the high school board in 1947 he was secretary for the Prospect Heights grade school board for five years. Sheppard does research and engineering for the Do-All company in Des Plaines.

In extra-curricular activities Sheppard has been active in scouting, having been president of the Northwest Suburban council, and is now explorer advisor of the Prospect Heights post. He has two sons, George Jr., who will graduate from high school this year, and John, who is a sophomore.

* * *

Theodore C. Seiler

Seiler is a former teacher and coach at Arlington Heights high school, where he was employed for three years. He is now a group supervisor for the Equitable Life Assurance Society of the United States.

He is a member of the Wheeling Township Junior Chamber of Commerce, of which he is a former secretary, and at present publicity director. Seiler has one daughter, 18 months old, and has lived in Elk Grove township four years.

* * *

Arnold W. Garlisch

Garlisch is one of the partners of Garlisch Implement company on Higgins rd., Elk Grove township, and was born and raised in this area. He has three children, all attending St. John Lutheran school.

At present Garlisch is a member of the school board of St. John Lutheran school in Elk Grove.

* * *

Mrs. Richard Morrow

Mrs. Morrow has served six years on the high school board. She is a former teacher, and at present does substitute teaching in the Arlington Heights public grade schools.

She is the mother of three children, all of whom graduated from the Arlington Heights high school. Mrs. Morrow is a member of the Arlington Heights Woman's club and president of chapter FW of the PEO Sisterhood. The Morrows have lived in Arlington Heights ten years.

* * *

Quentin K. Ford Sr.

Ford is in business for himself as a certified public accountant with offices in Arlington Heights. He was an accounting instructor at Northwestern university, evening school division, Chicago campus, for 3½ years, and also taught accounting at the adult evening school in Arlington Heights for one semester.

He has been a resident of Arlington Heights for seven years and has two children, a daughter who is a junior in high school, and a son in college. Ford is a member of the Arlington Heights Chamber of Commerce, and is first vice president of the Lions club. He is also a member of the American Institute of Accountants and of the Illinois Society of Certified Public Accountants.

* * *

Hugh P. Harshbarger

Harshbarger has resided in Arlington Heights four years. He has six children, one of whom is a freshman at Arlington Heights high school. For the past three years he has been superintendent of Greer Technical Institute of Chicago.

Prior to that he served for 16 years as director of adult education at Maine Township high school. During the war years he served as assistant chief of the educational and training division of the veterans administration, and was stationed in St. Louis. He had charge of the technical GI training program covering a four-state area. He later served as superintendent of the war training program at Douglas aircraft.

At present Harshbarger is serving a four-year term on the seven-man executive board, which was appointed under the new state of Illinois vocational schools act, enacted in 1951, to certify and regulate all private vocational schools. He is also an associate of the Carl Behrens Real Estate firm in Arlington Heights, with which he has been associated for four years.

He is a past president of the Illinois state vocational association and past chairman of the Chicago Metropolitan vocational board.

The election is April 11 and the polls will be open from 12 noon to 7 p.m.

Polling places in high school district 214, Arlington Heights, are: Precinct I, village of Wheeling, Wheeling public school; Precinct II, village of Arlington Heights, Arlington Heights village hall; Precinct III, unincorporated area of Wheeling township, Prospect Heights public school; Precinct IV, village of Mount Prospect, Central school, Mount Prospect; Precinct V, Elk Grove township, unincorporated area, Elk Grove Community school. (ACM

Thank You

The members of the People's Party ticket wish to express to the Citizens of Wheeling Township their sincere thanks and apreciation for the Vote of confidence as expressed in the recorded result of Tuesday's Township election.

It is the desire and ambition of your elected Township Officials to serve all residents of the Township equally, fairly and economically, as has been done during their past terms.

People's Party Ticket.

Presbyterians Receive New Members

Reception of new members into the First Presbyterian church of Arlington Heights was held Maundy Thursday.

Those received were Mr. and Mrs. Gordon Beckley, Mr. and Mrs. Benjamin Benson Jr., Edwin Bragdon, Elmer Carlson, Donald Cox, Mr. and Mrs. H. K. Curtis, Mr. and Mrs. Richard Daeschner, Mr. and Mrs. Charles Desgrey, Mr. and Mrs. Albert Dunham, Mrs. P. R. Girard, Mr. and Mrs. John Gustitus, Mr. and Mrs. Herbert Jacobsen, Mr. and Mrs. Robert Johnson, Mr. and Mrs. Charles Klement, Mrs. George Kohler, Mr. and Mrs. James McCarty, Mrs. Kenneth Meyer.

Mr. and Mrs. Victor Myer, Mr. and Mrs. MacArthur Noyes, Miss Marcia Noyes, Mr. and Mrs. William Rogowskev Jr., Mrs. William Rosentiel, Mr. and Mrs. Raymond Sederberg, Mr. and Mrs. Malcolm Smith, Mr. and Mrs. William Stull, Mr. and Mrs. Floyd Terbell, Mr. and Mrs. Andrew Watt, Mr. and Mrs. Paul Weinberg, Mr. and Mrs. Hiram Whitcomb, Mr. and Mrs. Raymond Woodruff, Mrs. Sylvia Ziebell, Charles Ziebell and Miss Deanna Ziebell.

March Building Totals Nearly A Million

The building boom in Arlington Heights is on again with the arrival of spring. During March the building permits totaled $994,435.

Broken down into sections shows that permits were issued for 65 single family dwellings, totaling $917,000; 17 private garages, $17,075; 11 alterations to housekeeping dwellings, $11,360, and one addition to a non-residential building, $49,000.

IDEAS RELEASED FOR ACTION

by ELOISE FINK

During this past school year Arlington Heights teachers have had five days of released time for joint curriculum study in the K-5 and Junior high schools. To the students the days away from classes may have seemed like holidays for everybody, but to the teachers they have been a time of intensive planning for the well-being of those very students.

This group study technique of released time is widely used not only in America's school systems but in its business and commercial worlds. It is founded on the democratic principle that group cooperation insures progress. The purpose of these teacher conferences is to explore and establish successful ways of fitting children for immediate and future participation in their school living and learning activities.

* * *

THE K-5 SCHOOLS have concentrated on the development of centers of interest in the curriculum. These centers of interest range from home and community life to ways people live in faraway places and life in the Americas. Next year the Junior high staff will continue this pattern of study. It will include socially useful functions, resources and industries of the world, and development of our modern culture.

This year a major part of the Junior high school program has involved teaching methods in the area of language skills. Home room teachers have met to suggest ways of achieving the following skills in reading, writing, speaking, and listening: organization, variety, coordination, subordination, and consistency. For example, one teacher suggested that student reports based upon several reference books could be improved by general preliminary reading for key ideas which, when outlined, could form the basis for further reading, notetaking, and reporting. This recommendation specifically applied most of the language skills mentioned above.

* * *

TEACHERS OF special subjects (mathematics, science, art, physical education, home economics, manual arts, and music) have given time not only to working out their own projects but to correlating them with the rest of the curriculum. General meetings have clarified objectives and related them to the school system's overall policy. The approach is, therefore, consistent without unnecessarily restricting individual classroom programs.

These student holidays have become exciting workdays for teachers, and released time has come to mean growth through ideas released for action.

by MRS. CHARLES KULE

"Books are delightful when prosperity happily smiles; when adversity theatens, they are inseparable comforters. They give strength to human compacts, nor are grave opinions brought forward without books. Arts and sciences, the benefits of which no mind can calculate, depend upon books." Taken from the April issue of the "Daughters of the American Revolution Magazine."

New Fiction: "The Stones of the House," by Theodore Morrison. At the age of fifty, already distinguished as a poet, Theodore Morrison undertook his first novel. He had spent many years teaching others how to write fiction—at Harvard and at Bread Loaf. What would he do himself?

"The Green Man," by Storm Jameson. A long, rich, hopeful novel in the great British tradition; a portrait, covering two decades, of a family whose roots were deep in England.

"The Bright Battalions," by Howard Breslin. Against the epic background of the French and Indian Wars, the author has written a spirited novel of General Montcalm's "bright battalions."

* * *

"STEPHANIA," by Ilona Karmel. At the end of World War II the author was hospitalized in Sweden for injuries received in a Nazi concentration camp of which she was one of the few survivors.

"Juniper Green," by Susan Morley, author of Mistress Glory. Another historical novel.

"Wanderlust," by Hans de Meiss-Teuffen. An adventurer who has sailed small boats all over the globe tells of his exploits.

"Crimson is the Eastern Shore," by Don Tracy. The reader is taken through one of the most action-packed periods of history—the War of 1812 in the setting of America's most beautiful and romantic stretch of land and water, the Eastern Shore of Maryland.

"Let the Spring Come," by Henry Schindall. A dramatic novel of Virginia and Kentucky in revolutionary days. The clash and turmoil of America's most historic year form the background for this human drama in which George Rogers Clark plays a forceful part.

"The Heart Alone," by George Howe. This is the story of Easter Green, who walked a winding path to meet a fate she could not escape.

"The Swan," by Marguerite Steen, author of "The Sun is My Undoing." A story filled with suspense set in pastoral nineteenth-century England.

"Voices in the House," by John Sedges. A novel, clear and swift as the streams of the Vermont hills among which the scene is laid.

"The Laughing Matter," by William Saroyan. "The Hour Awaits," by March Cost. "Stage of Fools," by Charles A. Brady.

* * *

HISTORICAL NOVEL. "Miracle in the Hills," by Marty T. Slooup. The lively personal story of a woman doctor's forty-year Crusade in the Mountains of North Carolina.

"My Pride, My Folly," by Suzanne Butler.

"A Good Man," by Jefferson Young. A brief story of a tenant farmer who wanted to paint his house white.

"The Lot of Her Neighbors," by Bonner McMillion. The effect of a sudden mysterious death on a whole community.

"The Buffalo Wallow," by Charles Tenney Jackson. Those wonderful eighties at the crossroads of America, on the edge of the last prairie in Nebraska.

"The Governor's Daughter," by Denton Whitson. In this enjoyable story, against a green tapestry of rivers and forests, threads of romantic love, adventure and history are expertly woven.

"View from the Air," by Hugh Fosburgh. A story of a group of airmen in the South Pacific.

Heights Students To Get Special Awards From State Science Academy

Three seniors of Arlington Hts. township high school have been selected for special recognition by the Illinois State Academy of Science at its forty-sixth annual meeting at Western Illinois State college, Macomb, May 8 and 9.

They are Robert Glen Cummisford, 17 N. Belmont ave.; Robert Edward Pearson, 503 N. Haddow ave.; and Carrie Nobuka Kadoyama, Route 2, Arlington Heights.

Each will receive a certificate of award and $10 in cash at a ceremony to be attended by members of the Academy and its affiliate, the Junior Academy of Science, Friday evening, May 8. In addition, they will be guests of honor of the Junior Academy at its annual banquet the same evening.

Announcement of awards was made here by Dr. Frank H. Reed, Illinois Geological Survey chemist and chairman of the Academy's Committee on Science Talent. Awards were based on results of a competitive examination given in co-operation with the Westinghouse Science Talent Search.

"The Science Talent Search examinations are carefully formulated by the Science Clubs of America to select high school students who have unusual potential scientific ability and to encourage them to continue their education," Dr. Reed said in making the announcement.

"Without the excellent instruction and personal guidance of high school teachers and sponsors of this program, few students would have a chance for cuccessful competition in these examinations," he added.

California Gold Rush 'American Trail' Topic For Next Week

Chapter nine of the American Trail series will deal with the California Gold Rush. The program is heard each Tuesday, from 10:45 to 11 a. m. over station WBEZ-FM, and is rebroadcast each Saturday over WGN at the same hour.

The program is sponsored by the Ladies Veterans of Foreign Wars auxiliary, in which the Arlington Heights VFW auxiliary is participating.

In 1848 gold was discovered in California and the gold fever swept the nation. Prospectors and settlers raced West and at times it seemed they left civilization behind. Among the "Forty-niners" making the trip was a greedy adventurer and an immigrant girl who taught school in the East. Because of her influence, the adventurer found that law and order must be maintained, even in the gold fields. In 1850 this same adventurer helped win statehood for California.

Where Lattof Stands

These statements represent Mr. Lattof's personal views. Some of these views may differ from recommendations of committees on which Mr. Lattof may have served.

Committee decisions are arrived at by the vote of the majority and are not always unanimous.

Here Mr. Lattof speaks only for himself as an individual and not for any committee.

Orderly Growth

I am for orderly growth based on sound planning and vision. I believe that we should have some idea as to where we are going and work toward that end. We need a Village Ordinance written in 1953 and not in 1927.

Village Code Written in 1953

I am for a Village Code written in 1953 so that property values may be protected and that petitions and costly law suits may be made unnecessary. Our 1929 Village Code should be modernized immediately.

Maintain Residential Character

I am for maintaining and improving the residential character of our Village. I am against additional zoning for industry.

Solving Parking Problem

I am for immediate action on the parking problem. I believe that could be solved without the installation of parking meters.

Competition

I am for competition because I can do my best when I do have competition. I am for adequate and attractive stores in Arlington Heights erected where they belong, but not in your or my back yard.

Street Widening

I am against widening any street any where in the commercial area if that is to be done with your tax money.

Hospital

I shall continue to give my fullest support to the establishment of a hospital in our Northwest Area.

Extension of East Davis Street

I am against the extension of East Davis Street at Tibbits-Cameron because that would be impractical and too costly.

Sigwalt Street

I am against the extension of Sigwalt Street east of State Road. The Town Planners did not suggest it, nor do I. I see no need whatsoever for any extension of this street.

Grade Separation at State Road

I am against our Village paying for an underpass or overpass at State Road and Northwest Highway. That would bankrupt our municipality.

Grade Separation at Dryden

I am against an underpass or an overpass at Dryden and Northwest Highway, not only because of the prohibitive cost, but because I believe that a residential street should not be transformed into an arterial thoroughfare. The extension of Lincoln Lane to the Dryden School has solved a traffic problem about which there was some concern.

Rehabilitation of Business District

I am for the improvement of our commercial area rather than see it become a slum area. The plan to remove three costly buildings on South Dunton to provide the largest parking area in the business district is an example of how that can be done by private capital without any cost to you the taxpayer.

Cooperation with Subdivisions

I am for giving full cooperation to subdivisions that have restrictions in their deeds to protect existing property values.

Office Hours At Village Hall

If I am elected to serve you as Mayor, I will maintain office hours at the Village Hall—on Saturdays as well as on other days—to meet and discuss Village problems with interested citizens.

My public record of 17 years of service in my church and in the community militates against everything that is selfish or petty. No honest and fair minded person can question that.

Even its price is a pleasure!

Dynaflow Drive* with its spectacular getaway — and Power Steering* to make parking and slow-motion maneuvers a breeze.

So why miss the fun and thrill and superb comfort of driving this gorgeous looker and dazzling performer — when the price of this '53 Buick SPECIAL is just an easy step over those of the so-called "low-priced three"?

Come in, try it, compare it with anything you've seen for the money — and we're sure you'll say: *"This* is a pleasure!"

**Standard on Roadmaster, optional at extra cost on other Series.*

$2248.88 Buys a Buick — the new 1953 Buick SPECIAL 2-Door, 6-Passenger Sedan Model 46D, illustrated, delivered locally. Optional equipment, accessories, state and local taxes, if any, additional. "Heat Wall" Looms As Next Obstacle Blocking Man's Domination Of Skies

With the "sonic wall" conered, engineers of America's rcraft industry are leveling an l-out assault on the latest obacle to man's domination of the ies — the "heat barrier."

Just above where today's plan- fly and just beyond present rcraft speeds are problems hich threaten amazing advances the science of flight. Tests ave shown that at some speeds nd altitudes today's planes have aterials that would fuse and ull away — and the pilot inde would roast like beef on a it.

* * *

THE TEMPERATURE range hich newer and faster planes ust face is staggering. The cold- t weather ever recorded in the . S. was the minus 66 degrees egistered at Yellowstone Park n 1933 while the highest was harked up at Death Valley 20 years earlier when the thermometer bounded up to 134 degrees.

Yet, just 40,000 feet above the earth 65 degrees below zero is a normal day. Even at sea level, the temperature of a jet doing 750 miles per hour increases by 100 degrees merely from the friction of the air passing by.

And at 40,000 feet, for example, air friction on a 1,300 m. p. h. plane would cause temperature rises of more than 200 degrees. That's higher than the boiling point of water at that altitude.

* * *

THESE KNOWN facts are producing new technical problems every day which aeronautical engineers must solve, in most instances after long and costly research and development. Jet fuels tend to boil and steam away in today's modern aircraft; hydraulis oils rapidly reach a critical temperature; aluminum loses 10% of its strength at 200 degrees and then fails rapidly. The heat inside the pilot's cockpit becomes so intense that refrigerating systems must take the torrid air from the jet engines, cool it off and pump it into the plane's interior.

One such refrigerating unit — the size of a man's hand and weighing but five pounds — has a cooling capacity equivalent to that of 45 home refrigerators.

nvite All Boys o Hear Golf Pro Talk

Pat McDonald of Rob Roy golf ourse will talk about golf to the oys of various youth groups in Arlington Heights April 14 at 8 p.m. at the Presbyterian church gymnasium.

This is one of the regular meetings scheduled by the Father and Son club to introduce the boys to various sports, hobbies, business and vocational activities.

At their last meeting the boys were introduced to a police magistrate and spent an hour talking to Judge William Neumann.

The next meeting, April 28, will be an introduction to photography.

Other youth groups have been invited to hear Mr. MacDonald and an open invitation is extended to any others who are interested in golf.

Gems of Thought

SPRING

The holy spirit of the Spring
Is working silently.
—George MacDonald.

Earth, with her thousand voices praises God.
—Coleridge.

Human hope and faith should join in nature's grand harmony, and, if on minor key, make music in the heart.

New Phone Cables To Serve New Areas

Thousands of miles of wire in cable will be added to the telephone system of the Arlington Heights-Mount Prospect area, W. C. Lathen, manager for Illinois Bell, announced this week.

Work has already begun on one project designed to provide additional facilities for the northwest section of Arlington Heights. When completed this summer, it will add over 2,650 miles of wire in cable to the system already in service. Mostly underground in nature, the cable will be extended from the central office in Arlington Heights straight north on Vail st. to Euclid. There it will go west to the Northwest hwy. where it will be extended north to Elm st. From there cable will be distributed throughout that area, making service available for about 40 residents who are now waiting.

Another cable project involving about 6,720 miles of wire in cable was recently approved by Illinois Bell's Board of Directors. It will supplement existing facilities in the southeast section of Arlington Heights. Work is expected to begin this spring under the direction of Line Foreman William Siler, 209 N. Pine, Arlington Heights, and Glen A. Sundquist, 5 N. Wille, Mount Prospect.

* * *

IN ADDITION to these two cable projects, approximately 18,-200 feet of cable will be installed throughout the entire area under the overall supervision of District Construction Superintendent E. E. Lauter. Most of this will be strung on telephone poles already erected.

"The hundreds of miles of wire in cable being installed this year are necessary to keep up with this area's growth," Lathen said. Since the war, the number of telephones here has almost tripled to a present total of 9,089. Last summer the telephone system here was converted to dial operation at an estimated cost of $1,900,000.

Lathen pointed out that the company's ability to provide telephone facilities such as are planned here, hinges directly upon investors who provide the financing for such projects. Their willingness to invest in the telephone business rests upon their obtaining a reasonable return on their investment, he said.

"In the months ahead," Lathen continued, "it will take even more investors' money—and the equipment it will buy—to keep up with the telephone needs of these and other communities which are growing rapidly. We've set ourselves a goal and we hope to meet it . . . of providing a telephone to anyone who wants it when he wants it.

"When the cable projects now underway are completed," Lathen concluded, "telephone service should be available for all who are now waiting." Most of these orders are in areas where it has been impossible to install sufficient cable to keep up with the company's growth, Lathen pointed out.

Supervisor Klehm Presents Annual Reports

Annual reports as presented at the Wheeling township town meeting Tuesday are published in this issue. The cash balances are excellent and are illustrative of the economical manner in which the township officers conduct the business of the township.

Electors at the meeting agreed with the township board of auditors that a small relief tax should be levied. The report will be found in section three.

Arlington Heights Paid Quarter of Million Sales Tax Last Year

Uncle Sam not only keeps a check upon the amount of sale taxes that local stores collect, but he also gives credit to the individual community for the collections therein.

Arlington Heights businessmen collected over a quarter of a million dollars during 1952. Des Plaines total is $463,819; Skokie, $387,886; Park Ridge, $323,408.

Sales taxes collected in Barrington were $68,000, just a little more than half collected in Palatine in 1952. The Palatine total is $134,084.

Mount Porspect residents paid $101,000 in sales taxes in 1952, acording to revenue department collector, Richard J. Lyons. The Prospect Heights figure is $10,-500. Collections in the village of Wheeling were $60,656.

The total collected in Cook county was 107 million. Sales of items subject to the two per cent tax were 5,375,000,000.

Food sales brought in the largest amount; $22,371,744.36 was collected as sales tax. General department-store-type merchandise sales furnished $16,686,422 in sales taxes; eating and drinking place sales, $14,331,409.00; automobile sales, $10,235,582.00; apparel, $7,649,929.00; furniture, $5,485,041.00; filling stations, $10,-235,582.00 and lumber-hardware, $3,464,915.00.

What we call rational grounds for our beliefs are often extremely irrational attempts to justify our instincts.
—T. H. Huxley

Crown Of Thorns Direct From Bethlehem Highlights Service

"The soldiers platted a crown of thorns, and put it on His head." St. John 19:2.

This passage of scripture was made more realistic this week by a crown of thorns sent direct from Bethlehem in the Holy Land to Miss Jean Hanauer of 720 N. Chestnut st., Arlington Heights, by her missionary friends, Dr. and Mrs. George Dillard Jr.

This crown was used in the Easter sermon at the Barrington Center Bible church, which Miss Hanauer attends. The pastor, Helen L. Grupe, commented on the torture that could be inflicted by these sturdy and extremely sharp thorns.

Before the crucifixion of Christ the soldiers fashioned the thorns woven into the shape of a crown as an emblem of mockery and derision to the King of Kings. The thorn bushes nearby, so prevalent and most despised of vegetation, served their purpose of malice and hatred.

Upon examination one can see these thorns from the Holy Land are unusually long and piercing in contrast to those found in this country. The great artists of all faiths in portraying scenes of the judgement and crucifixion of Christ include the crown of thorns, the symbol of mockery and rejection to the Savior of men.

Dissolved

Homo Milk Company, Inc., Arlington Heights, dissolved. Cor. Nat. T. Burfeind, Atty., 6 W. Northwest highway, Mount Prospect.

Set Date For 4-H Fair

The 7th Annual 4-H Fair will be held August 14-16 at the Arlington Park Jockey Club. The fair is sponsored jointly by the Arlington Heights Chamber of Commerce and the Cook County Farm Bureau for the purpose of promoting 4-H Club work in North Cook County.

The ..-H projects will be on display all three days and a program of entertainment will be presented during the evenings and on Sunday afternoon. The fair will be climaxed by the crowning of the 4-H King and Queen on Sunday evening, August 16.

In the past local merchants have had beautiful displays of commercial exhibits. The same procedure will be followed in 1953.

Rainbow Water Softeners, 113 E. Davis st., Arlington Heights, have already expressed a desire to contribute a 100,000 grain water softener to be used in a contest.

Flaherty Jewelers will present a 17 Jewel Elgin watch to the Queen and Karstens-Helbig Jewelers will present a similar 17 Jewel Elgin watch to the King.

Any other merchant desiring to cooperate in this manner should contact N. F. Hauff, 113 E. Davis st., Arlington Heights. Phone Clearbrook 3-1703. Secretary, Chamber of Commerce; Carl F. Mees, Farm Adviser, 201 N. Dunton, Arlington Heights, phone Clearbrook 3-6441, or A. H. Franzen, Arlington Heights National Bank, Cl. 3-1360.

The major part of the proceeds will be used to meet Cook County quota on the 4-H camp at Shaw-waw-nas-see, near Kankakee, Ill.

The 4-H Fair Board at its last regular meeting donated $1,000 to the camp fund.

Holy Name Society Gives Juvenile Delinquency Talk

Parents of teen-agers are invited to attend the April 14 meeting of the Holy Name Society of St. James Catholic church, Arlington Heights, at 8:30 p. m. in the school hall.

Captain William J. Szarat of the Chicago Park District Police will speak on the dangers teen-agers are exposed to and the part that parents play in preventing and combating juvenile delinquency.

Captain Szarat, as head of the Park District Youth Bureau, has worked with the problems of teen-agers for many years.

James B. Murphy, president of the Holy Name Society, stated that more than 299 persons attended the March father and daughter breakfast and that he hoped all would return to the April meeting with their wives and friends.

Refreshments will be served after the meeting.

President Murphy also announced that the members of the society will receive communion at the 8:30 a. m. mass April 12.

Christian Scientists Plan 3 Radio Programs

The account of a sea rescue resulting from prayer will be heard Sunday, April 12, in the first of three 15 minute Christian Scienec programs on the "Faith In Action" hour over NBC radio network.

The experience of a Wisconsin girl completely healed through prayer in Christian Science of polio after a medical diagnosis had given her three months to live will be presented April 19.

Originating at WMAQ, Chicago, the series will also include a program April 26 on how to overcome the habit of criticising through prayer.

"The Faith in Action" hour available from NBC to its national network at 9:45 a. m. eastern standard time Sundays is heard on about 50 stations. Station WMAQ from Chicago will broadcast the Christian Science series in this area at 10 a. m. Central Standard Time April 12 and 19, Central Daylight Time April 26.

Speaker on the first Christian Science program entitled, "Your God Given Protection," will be Ralph E. Wagers, well known Christian Science lecturer. Otto G. Ziegenhaben, Christian Science practitioner in Chicago, will conduct the April 19 program on "God's Power Can Heal You," and Martin Crane, a Chicago attorney, will appear April 26 on "Getting Rid of Critical Thinking." Music on all three programs will be furnished by the Lola Fletcher quartette.

Arlington Heights Building Permits

R. J. Strand, single family residence, 944 N. Fernandez, $13,000.

Attends National Morticians Meeting

Walter C. Oehler of Lauterburg and Oehler Funeral Home, Arlington Heights, was one of the speakers at the National Selected Morticians group meeting at Minneapolis March 30 to 31.

Mr. Oehler, Riley Trimble of Rock Island and Tom Crawford of Duluth, Minn., read papers on "How We Handle Funerals."

The National Selected Morticians group, of which Lauterburg and Oehler are members, is an international association of representative funeral service firms located throughout the United States, its territories, Canada and many foreign countries.

It is a fact finding and research organization devoted to the public interest through education of its members to higher standards of service and management procedures.

TABLE SHOWS HOW DOLLAR IS DIVIDED IN LOCAL TAX BODIES

A comparison of dollar costs of local taxing bodies with similar bodies in adjoining townships will be interesting to many readers. A table given below tells the story.

Of every dollar paid on the 1952 real estate tax bills by property owners in Arlington Heights, Mt. Prospect, Wheeling and Palatine, the schools will get approximately two-thirds, a study of the division of the tax dollar reveals. About half goes to the elementary schools and the other half to the high schools.

Village rates range from 11% to 15% of the total tax bill. Services included in the village rates vary from town to town, but cover general government, fire and police protection, street maintenance and snow removal, street lighting, municipal bonds and interest, public libraries, and in some instances garbage disposal and development and maintenance of public parks.

Villages have miscellaneous revenue to augment their income, and do not rely entirely on tax money to operate. Water works, and in some villages, sewage treatment plants, are entirely on a revenue basis and do not enter the tax picture.

Most of the school money goes for teachers' salaries and other educational expenses. A small portion is used for building maintenance, and the balance to retire bonds and interest payments on buildings.

In Mt. Prospect the sanitary district gets 7½% of the tax money.

Arlington Heights property owners pay slightly more than 5c of every dollar for the up-keep of their parks, and Palatine parks cost taxpayers 4½c of every dollar.

The balance of the tax dollar goes to county and township taxing bodies.

Baseball movies will highlight the annual father and son banquet sponsored by the First Methodist church of Arlington Hts. April 14 at 7 p. m.

These baseball movies will be direct from the major leagues.

Tickets will be $1.50 for adults and $1 for boys 7 years old and under. For reservations and tickets phone or see Jack Boehner, 521 S. State, CL. 3-5723; Roy Benson, 207 N. Pine, CL. 3-9131; or call the church office, CL. 3-0099.

Arlington School Of Music Adds New Piano Instructor

The Arlington School of Music is proud to welcome as a member of its faculty, Miss Bernice Kleczewski, artist and teacher of piano and theory.

Miss Kleczewski received her Bachelor of Music degree from DePaul University in Chicago. Having studied piano under such renowned teachers as Magdalen Massman and Herman Shapiro, and theory with Leon Stein and Alexander Tcherepnin. She has taught privately in Chicago for several seasons, and has had notable success with both children and older students.

She has made numerous appearances, both as soloist and in ensemble. Last spring Miss Kleczewski was honored by being chosen as the only feminine participant of a group of five musicians to represent DePaul university at the Midwest Music Symposium held in Cincinnati.

For convenient afternoon or evening appointment telephone CL 3-5050. (Adv.

Maybe

There Are TWO MR. LATTOFS

In a political advertisement, which appeared on page two of the Arlington Heights Herald, April 2, 1953, titled *"Where Lattof Stands,"* you will find the following statement: *"I Believe That We Should Have Some Idea As To Where We Are Going And Work Toward That End."*

IS THIS WHAT MR. LATTOF MEANS?

Mr. Lattof . . .

"I am for immediate action on the parking problem. I BELIEVE THAT CAN BE SOLVED WITHOUT THE INSTALLATION OF PARKING METERS." (From: "Where Lattof Stands," Arlington Heights Herald, April 2, '53.)

●

"I AM AGAINST THE EXTENSION OF EAST DAVIS STREET AT TIBBITS-CAMERON BECAUSE THAT WOULD BE IMPRACTICAL AND TOO COSTLY." (From: "Where Lattof Stands," Arlington Heights Herald, April 2, '53.)

●

"I am against an underpass or an overpass at Dryden and Northwest Highway, not only because of the prohibitive cost, but because I believe that a residential street should not be transformed into an arterial thoroughfare." (From: "Where Lattof Stands," Arlington Heights Herald, April 2, '53.)

●

"I am against widening any street any where in the commercial area if that is to be done with your tax money." (From: "Where Lattof Stands," Arlington Heights Herald, April 2, '53.)

●

"I am for maintaining and improving the residential character of our Village. I am against additional zoning for industry." (From: "Where Lattof Stands," Arlington Heights Herald, April 2, '53.)

Mr. Lattof . . .

"WE RECOMMEND THAT PARKING METERS BE INSTALLED AS SOON AS POSSIBLE by the suggested Village Parking Authority" (From: Report of the Subcommittee on "Commercial Areas." NICHOLAS M. LATTOF, Chairman.

●

"WE RECOMMEND THAT EAST DAVIS ST. BE EXTENDED THROUGH TO STATE ROAD AND WE PREFER THAT THIS BE DONE ON A STRAIGHT LINE TO MEET THE PRESENT DAVIS ST. AT STATE ROAD." (From: Report of the Sub-Committee on 'Commercial Areas," NICHOLAS M. LATTOF, Chairman.

●

"WE RECOMMEND THAT THE OFFICIAL PLAN INCLUDE DRYDEN PLACE AS A THROUGH STREET FROM CENTRAL TO DAVIS.'

"WE RECOMMEND THAT THE OFFICIAL PLAN SHOW AN OVER OR UNDERPASS OR A PROTECTED CROSSING AT DRYDEN PLACE AND THE NORTH WESTERN RAILROAD." (From: Report of the Sub-committee on Traffic, Sec. VI. NICHOLAS M. LATTOF, Chairman.

●

"WE RECOMMEND THAT IMMEDIATE ACTION BE TAKEN TOWARDS THE WIDENING OF DAVIS ST. TO A WIDTH OF 80-FEET FROM STATE ROAD TO MINER ST." (From: Report of the Sub-Committee on "Commercial Areas." NICHOLAS M. LATTOF, Chairman.

●

WHO SPOKE AND WORKED FOR THE ROTH PLANT? NICHOLAS M. LATTOF.

FOR A PLATFORM THAT MEANS WHAT IT SAYS
FOR MEN WHO MEAN WHAT THEY SAY
FOR VILLAGE GOVERNMENT YOU CAN
DEPEND ON

☒ **Vote STRAIGHT For The** ☒

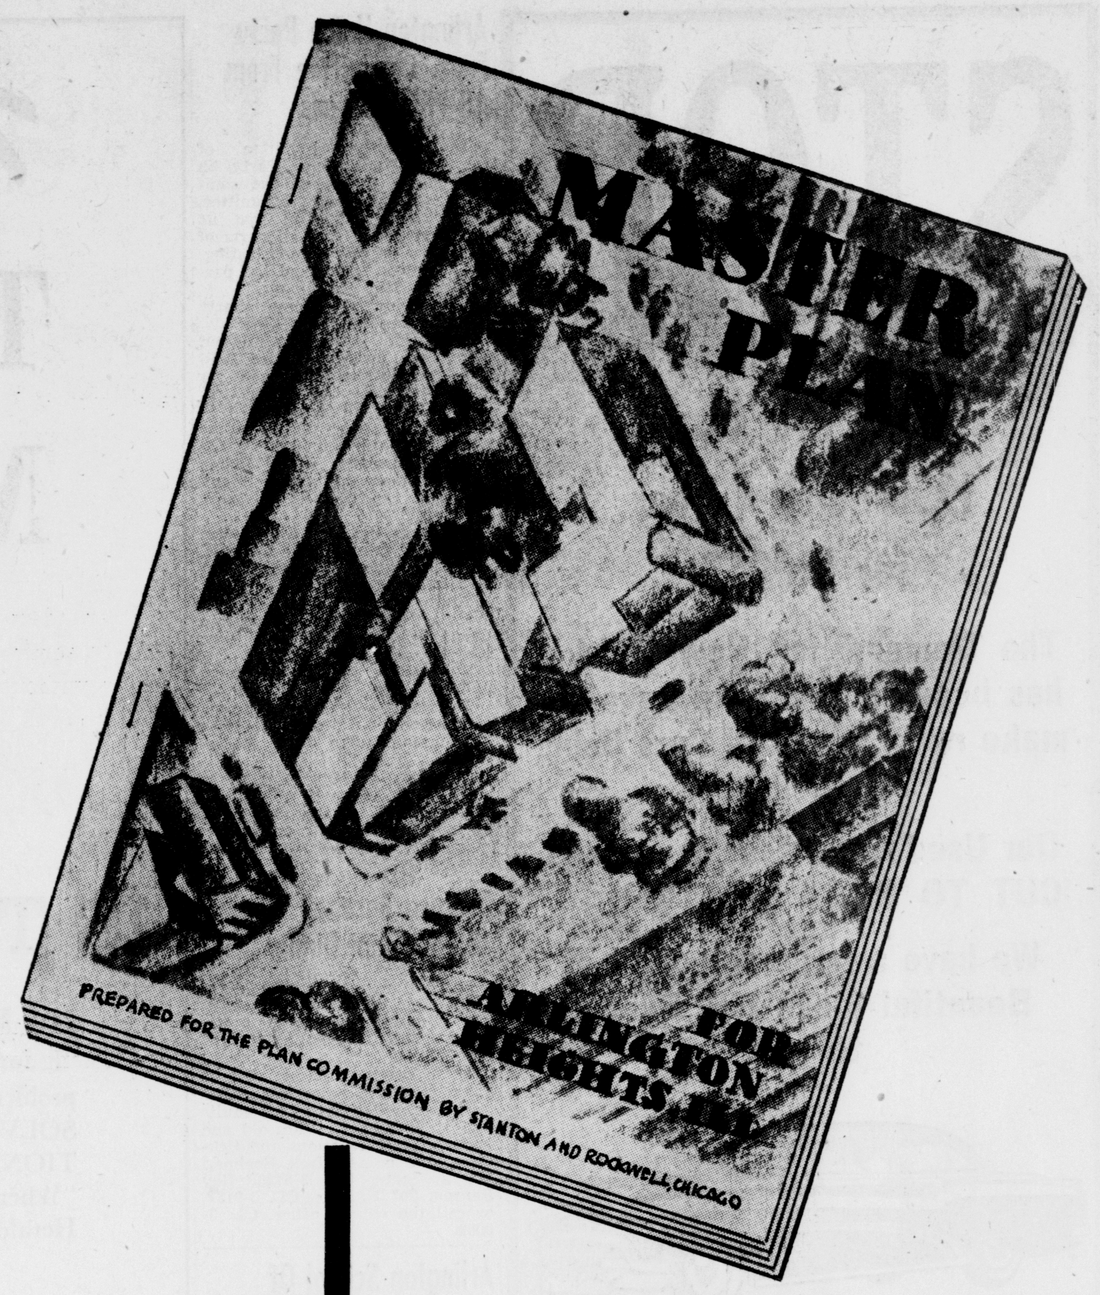

Arlington Home Party

Three New Trustees: Charles Rehfeldt, Robert Bishop, Richard Bronwell.

An Honest Mayor: Albert W. Goedke. A New Village Clerk: Carl Weinrich.

(Political advertisement paid for by contributions of friends)

DEAR NEIGHBOR

THIS IS A BOOK . . .
You Paid $5,746.00 For This Book
But . . . Have You Ever Read It?
Have You Ever Even Seen It?

This book contains the STANTON & ROCKWELL PLAN which is accepted and endorsed, according to their published platform, by the CANDIDATES OF THE UNITED CITIZENS PARTY.

IT IS **NOT** ENDORSED IN FULL BY

ARLINGTON HOME PARTY

Here's why: This STANTON AND ROCKWELL PLAN proposes that YOU (Arlington Heights) SPEND OVER $1,018,000.00 (ONE MILLION EIGHTEEN THOUSAND DOLLARS) BETWEEN NOW AND 1959 (6 years) on a grandiose program that staggers the imagination! (See page 71).

IT ACTUALLY PROPOSES THAT YOU SPEND $541,250.00 (FIVE HUNDRED AND FORTY-ONE THOUSAND, TWO HUNDRED AND FIFTY DOLLARS) FOR REAL ESTATE TO BE USED AS PARKING LOTS, OVER THE NEXT THREE YEARS! (In addition it proposes a NEW VILLAGE HALL, POLICE STATION, COMMUNITY BUILDING-CIVIC CENTER . . . EVEN RELOCATON OF THE RAILROAD DEPOT, cost of which IS NOT INCLUDED IN ABOVE TOTAL. AND MORE . . . AND MORE . . . AND MORE . . .

READ WHAT THE UNITED CITIZENS PARTY STATES IN THEIR PLATFORM: "The United Citizens Party . . . accepts and endorses the Master Plan Report for the Village, submitted by Stanton and Rockwell, Town Planners, as a basis for the future development of Arlington Heights."

NOW READ WHAT THE ARLINGTON HOME PLATFORM SAYS: "WE FIRMLY DO NOT RECOMMEND ARBITRARY ADOPTION OF THE STANTON AND ROCKWELL REPORT UNTIL EVERY RESIDENT OF ARLINGTON HEIGHTS IS **FULLY INFORMED AND UNDERSTANDS ITS CONTENTS AND EFFECTS.** WE CANNOT ENDORSE THIS PLAN UNTIL IT HAS BEEN FULLY STUDIED AND UNTIL THE PEOPLE OF ARLINGTON HEIGHTS HAVE PUBLICLY EXPRESSED THEIR OPINIONS AND WISHES."

Yes, Neighbors . . . This is a book!
It proposes a pretty plan (pretty expensive that is) and a plan that could be profitable for those who own the right real estate.

For A Platform That Means What It Says

For Candidates That Mean What They Say

For Village Government That You Can Depend On . . . *And Share In!*

Arlington Home Party Candidates

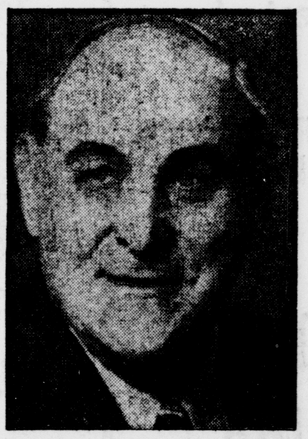

Charles Rehfeldt
For Village Trustee

Robert B. Bishop
For Village Trustee

Richard Bronwell
For Village Trustee

Albert W. Goedke
For Village President

Carl H. Weinrich
For Village Clerk

With Lattof as Mayor . . .

What happens to taxes?

Taxes cannot and will not be increased.
In 1947, Arlington Heights increased the tax rate from 33.3c to 43.75c per $100 assessed valuation. **The limit has been levied ever since.** This maximum rate is set by State Law. We pay additional taxes in the form of water and sewer bills. An efficient business administration may lower, but cannot raise taxes.

Our **bonded indebtedness** now totals over $1,000,000.00. Water and sewer revenue bonds total over $700,000.00 and other indebtedness payable from taxes is more than $300,000.00. **No administration could go higher on any bonded indebtedness** without bankrupting the Village.

It is obvious that the talk about saving taxes by the present Mayor is political "humbug."

★

What steps will be taken to protect the residential nature of our community?

The residential character of our Village will be protected and improved with all the power vested in us. Additional zoning for industry will be resisted. There is much land already zoned for light industry that cannot be used to advantage for any other purpose. Some property now zoned for industry but better suited for residential purposes should be rezoned accordingly.

★

How will Lattof get to the citizens . . . to the grass roots?

Lattof will welcome opportunities to go anywhere to meet with subdivisions and associations to discuss any Village problems. He also states: **"I will maintain office hours at the Village hall** on Saturdays, as well as on other days.

He will make it unnecessary for citizens to resort to petition to be heard.

★

What will be done about reducing water rates?

We positively pledge to reduce water rates at once. This is not an idle promise. **You can count on it.**

★

What will be done about "race track" speeding on residential thoroughfares?

Our first responsibility is to our residents. We receive no taxes from the race track and we are under no obligation to race track patrons. We will give our home owners and our children the protection to which they are entitled.

★

How about a plumbing and electrical code?

We are for incorporating a modern plumbing and electrical code in our building code. This would make adaquate inspection imperative. Such an essential service will be the best insurance property owners can have.

Can you imagine a city of 12,000 without such a code?

★

What about "personal gain" and "special interests?"

Petty insinuations have been made by spokesmen of the opposition party that members of the United Citizens Party have much to gain by winning public office. Doesn't our opposition know that street widening projects and similar improvements must be sponsored and paid for by adjoining property owners — not by a Mayor or by Trustees? They should know a Mayor or a Trustee is prohibited by State law from doing business with, or entering into contracts with the Municipality they serve. Lattof and his fellow candidates do not need public office! The office, and the public, need them!

What vitally needed action will be taken to protect our property values?

a. We will modernize our **zoning ordinance** and **Village code** immediately. This is essential because it has been **neglected since 1929.** The prevailing practice of **haphazard growth** - the hit and miss policy — will be discontinued forthwith. Growth will be according to plan. We will know where we are going.

b. We will continue to improve and give real — not lip-service to our **building code.** Lattof will not sign blank building permits in advance.

c. There will be no more **Besinger home fiascos** such as that in Scarsdale in 1950 when an aroused citizenry forced the revocation of 110 building permits and brought about improvements in building plans and **the resignation of the building commissioner.**

d. There will be no more deals such as the **Lorraine home mess,** when, with the **sole sanction of the Mayor and a former building commissioner,** construction was started on 35 homes in Arlington Park without the knowledge of the Trustees. Improvements in plans were forced by indignant citizens and by a law suit that cost the tax payers over $4,000.00. This also **resulted in the replacement of the second building commissioner.**

e. We will give full cooperation to the subdivisions which have restrictions in their deeds with the view to the coordination of deed restrictions with the Village Building Code.

f. We will not issue permits for taverns in property owners back yards.

★

What will be done about a hospital in this area?

Young mothers especially feel the crying need for a hospital in this area. While the hospital is not a part of our platform, it is a fact that our candidates have actively led in this project. After the election, we shall vigorously do all we can to promote the hospital in which we all believe. A hospital in this Northwest area **can be made a reality,** without Village tax money.

★

How soon can the parking problems be solved?

You certainly won't have to wait another 12 years.

The parking problem can and will be solved within the first year of Lattof's administration.

There will be adequate parking for commuters and for shoppers as well, **without any increase in taxes.**

★

What will be done to improve our business district, and how soon?

Of course, **immediate action** on the **parking problem** will be the biggest single boost to the business district. Some business men have already modernized their stores at great expense. In addition, others will follow soon. An efficient Village business administration will create the confidence that is required for additional investment by merchants. It is pure fantasy to accuse business men of expecting the tax payers to help them improve their buildings and streets.

Business men welcome competition. They welcome adequate and more attractive stores properly located, in the commercial area — not in your back yards.

Public Notice

Notice of Proposed Change in Gas Schedule G-7.

PUBLIC SERVICE COMPANY Division of Commonwealth Edison Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission on March 31, 1953, a change in Rate 37, Iudustrial Volume Gas Service — Off-Peak. The proposed change is to authorize a limited amount of incidental power production by means of steam exhausted from processing equipment, and to simplify wording.

Further information with respect thereto may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed change in the schedule may be inspected by any interested party at any business office of this Company.

Attend Vocational Education Convention

Four members of the faculty of Arlington Heights high school attended the annual convention of the Illinois Vocational Education association at the Pierre Marquette hotel, Peoria, March 26-27.

Joseph Stroebel, head of the Educational Office, U. S. Commission of Education, delivered the feature address of the convention, speaking on the topic, "Should Federal Support of Vocational Education Be Continued?" He stated the federal support will continue, but that continuance of the vocational education program depends upon local, not national, action.

Arlington Heights teachers attending the meeting were—Mary Handlin, head of the home economics department; Mrs. Ellen Courtney, home economics teacher; Edward Paulus, head of the shop department; and Joe Bryson, vocational agriculture teacher.

Pearce Announces Names Of Contest Winners

Winners of the Easter coloring contest, sponsored by Pearce's clothing store at the corner of Bothwell and Chicago aves., in Palatine, are being announced this week.

All prizes were in the form of merchandise certificates. Sandra Lee Hapke, 324 W. Slade st., Palatine, received the first prize of $10; Frank Irons, 260 N. Brockway, Palatine, 7 years old, second prize of $5, and Karen L. Jensen of Linneman rd., Arlington Heights, 5 years old, third prize of $3.

The contest was featured in Paddock Publications by means of a full page advertisement complete with rules and pictures to be colored. Entries were judged on the basis of neatness, accuracy and appearance.

Life In New England Next Travel-Adventure Lecture

ALFRED WOLFF

Alfred Wolff, well known world traveler and a lecture platform favorite of long standing, will bring his all-color motion picture "This Is New England" to the travel and adventure series of the adult evening school at the Arlington Heights high school Tuesday, April 14.

Wolff isn't happy unless he has a color camera in his hand and is "shooting" some new far-off place. He knows France as intimately as a native, having produced two superb films about that fascinating country. In 1950 he made a six-months comprehensive tour of Spain and Portugal and brought back two distinctive films.

ONE OF HIS earliest travelogues concerned itself with Mexico. And, for a change of pace, Alfred Wolff explored little known sections of our own New England. In producing this film on New England, there was rekindled a vivid and understanding appreciation of the aspirations for religious and civil liberty. New England is the source of our spiritual, historical, cultural, and industrial heritage, and these are sympathetically portrayed.

Film highlights include: the Paul Revere Liberty Bowl, a wonderful historical relic that every American should see and know about, a glimpse of Revere's night ride — The unbelievable realism of Harvard's famous Glass Flower Collection — The Mapparium — An evening with Norman Rockwell.

Pilgrims Pageant at Plymouth — Cathedral of the Pines — Making Maple syrup and candies in Vermont — Mining marble and exceptional carvings including "The Last Supper." Mackerel fishing at Boothbay — Traditional churches — Picturesque Lighthouses — Homes of famous Americans — Scenic beauty — Homespun people.

Help Entertain Foreign Visitors At Littlefuse Company, Des Plaines

Two officials of Littelfuse, Inc., who reside in Arlington Heights, Jack Hughes, 620 S. Pine ave. and Herb Cornelius, 117 Wilshire Lane' (Stonegate), played an important part in a special program for eight foreign visitors held at the fuse plant, Des Plaines, last Friday.

Jack Hughes, vice president in charge of sales for the nationally known fuse company, and Herb Cornelius, assistant sales manager, developed the program by which the visitors had an opportunity to see by first hand observation the efficient production methods and merchandising techniques of Littlefuse.

The tour was under the sponsorship of Ad. Auriema, Inc., New York export firm. Named "Observatour," it was designed to give foreign representatives and distributors of American good a better knowledge of the products they are handling.

Members of the tour were: Mario R. Anguilar, Mevico City, Mexico; Nathan Blomhof and Anthony Forani, Brussels, Belguim; Leopoldo Brandt, Buenos Aires, Argentina; J. Augusto Gerlinger, Sao Paulo, Brazil; Angel Mokuvos, Montevideo, Uruguay; Guillermo Lucas Royo, Havana, Cuba and Andres Lara Saenz, Madrid, Spain.

Mr. Hughes said that three representatives of Chicago consulate services joined the group to meet and talk with visitors from their native lands. They were: Octavio Bandeira, vice consulate of Brazil; Jose Duran, assistant commercial attache for Spain and Paul Paternot, trade commissioner for Belgium.

Toastmasters' Club To Install New Officers At Dinner Meeting

Arlington Heights Toastmasters' club will hold an installation night dinner and regular meeting at the Des Plaines House April 15, at 7 o'clock. Officers elected are: president, Roger Kellogg; first vice-president, Sterling Ross; second vice-president, Will Fleischhauer; secretary, Harry Bierma; treasurer, Art Davis; sergeant at arms, George Sharpe; and deputy governor, Roger Burke, who is the outgoing president.

This Toastmasters' club is one of 1,200 international chapters working toward self-improvement of its members who give prepared and unprepared speeches of various types, conduct meetings, act as toastmaster, and serve as evaluator of others' speeches. The club, organized a little more than a year ago and chartered last May with 20 members, now has the maximum of 30 regular members. Future prospects become associate members while waiting for an opening on the regular list.

Toastmasters meet every other Wednesday, 12 months of the year at the Presbyterian church.

SITUATION WANTED — COMpanion for elderly woman or light housework. Call Wheeling 52-R.

Evergreens, Trees, Shrubs. A good supply of Moline Elm and other shade trees. Fruit Trees and Grass Seed.

Working Girls' Group Plans Kentucky Derby Trip

Racing news—instead of fashion magazines and recipes—is what 300 working girls are perusing these days, preparatory to their week-end trip to the Kentucky Derby May 1 to 4.

Tre "Kentucky Glamour" trip is sponsored by Sigma Alpha Sigma, national working girls sorority, a non-profit group, for its members and their friends. Local girls who are Derby-bound with the group will travel with other working girls from all parts of the U. S. and Canada. By pooling resources for group travel they enjoy holidays otherwise unavailable on typists' paychecks.

A "Filly Special" provided by the B & O Railroad will leave Chicago May 1 at 10 p.m. Meals will be served enroute. Arriving at Louisville, Saturday morning, the girls with box lunches under their arms will board chartered buses to Churchill Downs where a block of seats has been reserved for them. After the last race, the same buses will bring them back to their "Filly Special" for Cincinnati where they will stay at the Sinton hotel.

Sunday the girls will go on a sightseeing trip by motor coaches through the heart of the famous blue grass country and will stop to visit some of the famous horse breeding farms. They will be feted with a banquet of southern cooking in Lexington—then back to Cincinnati and their "Filly Special"—and home in time for work Monday morning. The entire cost including fare, Derby tickets, meals, hotel, tips, baggage, buses and sightseeing is $56.50.

Working girls from this area who are interested in making the trip may write to Muriel Davis, National President, Sigma Alpha Sigma, 20 W. Jackson blvd., Chicago. (B4

New Scout Troop To Give First Annual Dinner

Boy scout troop 56 of Arlington Heights will give their first annual dinner at Faith Lutheran church, S. State rd., April 13. Serving will be from 5:30 to 7 p.m.

The chicken pot pie dinner for all members of the family will be prepared by the Faith Women's club and will be served by the scouts.

Proceeds will be used to equip this new scout troop with tents and camping equipment which they need for their scheduled camping trips this summer.

Tickets are $1.25 per person.

Sewing Susies 4-H Club

The Sewing Susies 4-H club of Arlington Heights held their weekly meeting April 6 at St. Peter Lutheran school.

They made plans for their bake sale which will be held April 25 beginning at 9:30 a. m. It will be held at Palmer Plumbers, Campbell st. All the bakery goods will be made by the club members or their mothers. (AC

Woman's Club Members To See Puppet Opera

Two study groups of the Arlington Heights Woman's club have combined their efforts in one program feature which promises to be outstanding in the club's calendar.

Under the combined planning of Mrs. Gale Blocki Jr. and Mrs. Donald Thompson, chairmen of the music study and literature and drama groups respectively, arrangements have been made for luncheon and attendance at the famous puppet opera at the Kungsholm restaurant, 100 E. Ontario st., Chicago, April 15.

This unique theatre which is famous throughout the world, had a disastrous fire several years ago, and it took a long time to rebuild it. It was only opened about a year ago, and reservations have been hard to get and highly prized.

The 75 club members who will attend on this occasion are looking forward to the event with much pleasure.

Luncheon will be served promptly at noon, and receipts will be required for admission. The puppet opera begins promptly at 2 p. m.

Hold Rummage Sale Saturday

A rummage sale, sponsored by the Friendly circle of St. John's Evangelical and Reformed church, Arlington Heights, will be held in the church basement April 11 from 9 a. m. to noon.

A large variety of items will be featured, and the public is invited to come early for the best selection.

Those who wish to donate articles and wish them picked up are asked to call CL. 3-7170 or CL. 3-5814.

Radio-TV Actor To Highlight Spring Luncheon

Tickets are now on sale for the annual spring luncheon, sponsored by the Child Welfare Auxiliary of Faith Lutheran church, Arlington Heights, to be held at the church April 14 at 12:30 p. m.

Guest artist will be Robert Witthans, radio and television actor and announcer. Mr. Witthans was graduated from the school of speech at Northwestern university and has long appeared professionally on the stage, television and radio.

Some of the recent programs on which he has played continuous or leading roles have been "Hawkins Falls," "They Stand Accused," "Meet the Meeks," "Captain Midnight," "The Wayne King Show," "Judy and Jane," "Super Circus," and others.

Mr. Witthans is a resident of Arlington Heights.

Music will be furnished by Mrs. M. Gustafson.

Tickets may be obtained at the door or from Mrs. Herman Koenig, chairman, Cl. 3-0434.

Lutheran Men To Hold Seminar

The Lutheran Laymen's League will sponsor a seminar in the activity building of St. Peter Evangelical Lutheran church, Arlington Heights, April 12 at 7:30 p. m.

The meeting will be under the guidance of zone one of the Lutheran Laymen's League and of the Laymen's League of St. Peter Lutheran church with Walter C. Hanson, chairman.

The discussion on the theme, "Salesmen for Christ," will be led by Rev. Dr. E. Frenk of Joliet, with the local pastor, Rev. Lutheran V. Stephan, serving as moderator.

An open forum discussion will follow the lecture. Everyone, men, women and children, are invited.

Newcomers Card Party Wednesday

The Newcomers' club of Arlington Heights will meet April 15 at 8:15 p. m. in the field house. The usual Thursday meeting night has been changed to Wednesday this month.

The evening will be spent playing cards of one's choice. Other attractions will be featured, and refreshments will be served following the games.

Assisting the hostesses, Mrs. Frank Daniels and Mrs. Earl Washburn, will be Mrs. Robert Birsa, Mrs. Fred Hohm, Mrs. John Gross and Mrs. W. F. Murphy.

All members of the community, their husbands and friends of newcomers are invited to this card party.

For further information call Mrs. K. R. Kort at Cl. 3-6699.

Showcase Begins Eleventh Play

Showcase Theatre, Evanston, moves toward its sixth month in operation this week with Emlyn Williams' mystery thriller, "Night Must Fall."

Showcase opened November 18 with "Life With Mother." Since then more then 55,000 persons have visited the popular theatre at 1716 Central st., Evanston.

The current production, which opened April 7 is the eleventh. It opens a new series of plays that will carry through June 14. The theatre will begin its summer season with yet another series of plays June 16.

"Night Must Fall" brings to the theatre a story of suspense and excitement. A debonair and deceitful bell hop, with one crime already on his hands, invades the home of an elderly woman. There he wins the love of her niece and plots another crime.

Hope Summers, Michael Harris and Walter F. Appler are cast in leading roles in the unusual drama. Miss Summers plays the old woman; Mr. Harris, the bell hop; and Mr. Appler, a police inspector. Barbara Foley is the niece.

The play runs through April 19 and will be followed by "The Hasty Heart"

Pastor Of Interracial Church To Address Presbyterian Women

REV. H. H. HUGO

Speaker for the April meeting of the Women's Association of the First Presbyterian church of Arlington Heights will be Rev. Herbert H. Hugo, pastor of the Central Presbyterian church, Chicago. The theme of the luncheon meeting April 15 at 12:30 p. m. will be "Together We Seek To Be One."

Rev. Hugo, as pastor of an inter-racial church, is well qualified to speak on a subject related to that theme.

The Central Presbyterian church at Warren and Sacramento blvds., Chicago, voted to become inter-racial in September, 1948. It joined with the St. Paul Presbyterian church, a Negro congregation a few blocks away. Rev. Hugo is proud of the way the two congregations have become one, working together as an harmonious unit.

Luncheon will be served by circle 4 and reservations should be in to the circle chairman by noon April 13. Mrs. N. Clinton Lyman and Mrs. Max Galarza are co-chairmen of the circle. Devotions at the meetings will be given by Mrs. Enoch Jordan and music will be a violin solo by Mrs. Victor Beisler.

A nursery will be available for pre-school children during the program. All members and friends are urged to attend.

Women Give Library Funds For Landscaping

Arlington Heights Memorial Library has always been one of the prime projects of the Arlington Heights Woman's club, and was, as a matter of fact, originally started by a group of Woman's club members many years ago .

"Our club has not lost interest now that the new building has been erected," said the president, Mrs. Charles Stadelman. "Last week at the regular meeting of the Woman's club a special appropriation was voted to donate $500 for landscaping the grounds of the new Memorial Library."

Mrs. James H. Kuykendall and the Friends of the Library committee of the Woman's club, of which she is chairman, feel sure that this work on the library grounds will enhance this civic building, and are proud to have a part in this undertaking.

Civic Group Sponsors Card Party April 18

Arlington Crest Civic Association will hold their annual card party April 18 at 8 p. m. at the Masonic hall in Palatine.

Refreshments and other attractions will be featured.

All neighbors are invited, and tickets will be available at the door. (B4

Students To Tell Views On Religion

The Misses Mary Kingsley, Carol Hedemark and Barbara Schmitz of Arlington Heights high school will form a panel to discuss the subject of "What Religion Means To Me" for the Mr. and Mrs. Club of the First Presbyterian church of Arlington Heights at their monthly meeting to be held at the church April 10 at 6:45 p. m.

The discussion on this timely subject will follow the usual pot luck supper and brief business meeting.

Members, friends and guests are requested to come.

Words Often Misused

Distinguish between the uses of "at last" and "at length." Say, "At last (in the course of time) he arrived," and, "He discussed the conditions at length (in full detail)."

Do not say, "It is an authoritive book." There is no such word as "authoritive." Say, "it is an authoritative book."

Do not say, "I have an idea that he will succeed." Say, "My opinion is," or, "I think."

Do not say, "He seated himself down on the ground." Omit "down," as it is superfluous.

Do not confuse "bazaar" (a place for the sale of goods) with "bizarre" (odd, extravagant, or eccentric in style or mode).

Do not say, "Being as you want it, I shall give it to you." Say, "Inasmuch as (or, since) you want it."

Words Often Mispronounced

Mainsail. Landlubbers say "main-sail." The correct nautical pronunciation is "main-s'l," with accent on first syllable.

Indisputably. Accent second syllable, not the third.

Macabre (ghastly). Pronounce ma-ka-b'r, first a as in ask unstressed, second a as in ah, accent second syllable.

Abeyance. Pronounce second syllable bay, not be, and accent second syllable.

Literati (men of letters). Pronounce lit-e-ra-ti, first i as in lit, e unstressed, a as in ray, second i as in tie, accent third syllable.

Lissome. Pronounce lis-um, i as in lisp, u as in sum, accent first syllable.

Words Often Misspelled

Abattoir; observe the one b and the two t's. Respectfully (with respect); respectively (as relating to each). Serf (landslave); surf (foam of sea). Eighth; two h's, not eight. Sagacity; gac, not gas. Rain (fall of water; reign (rule); rein (part of harness).

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Despicable; fit or deserving to be despised; contemptible. "He was a man of despicable character."

Embellish; to make beautiful or elegant, or by ornaments. "The book was embellished with pictures."

Indescribable; incapable of being described. "The beauty of the mountains is indescribable."

Delusion; a misleading of the mind; false belief. "It was only a delusion, not based on facts."

Longevity; length of life (pronounce the g as j). "The longevity of the human race has increased during recent years."

Insatiable; not to be satisfied. "The man had an insatiable appetite."

Modern Etiquette

by ROBERTA LEE

Q. Is it really proper for a man today to offer his seat in a bus or other public conveyance to a woman?

A. While there certainly is nothing "improper" about the offer, it is no longer expected today in a workaday world in wihch women have invaded many of the previous "rights of man." Of course, if the woman is elderly, carrying a baby, or is a very good friend of his, then the man most certainly should be thoughtful enough to offer her a place to sit.

Q. Is it all right, when entertaining dinner guests, to use a folded napkin to brush the crumbs off the table?

A. This is quite all right.

Q. Is it all right for a man to accept a cigarette offered to him by a girl?

A. This is quite all right.

Q. Is it proper to hold the fork or spoon in the hand at the table while engaged in a long conversation?

A. It is better to lay the utensil down. If held in the hand, one is likely to find oneself waving it about and this definitely is improper. Of course, if one is going to say just "yes" or "I think so," he doesn't have to lay his fork or spoon down.

Q. When a man meets a girl on the street and they stop to chat for a few minutes, which one should make the first move to walk on?

A. The girl. The man should keep chatting until she shows an inclination to leave.

Q. Whose duty is it to see that the bride and bridegroom's car is ready and waiting for them at the wedding reception?

A. The best man should attend to this.

Q. Who are the first of the congregation to leave the church when the wedding ceremony is over?

A. The ushers escort to the door all the women who are in the first pews — the bride's mother, the bridegroom's mother, then the other women in the first pews on either side of the aisle.

Q. Is it necessary for a hostess to hostess to provide new cards for use at a bridge party?

A. It isn't exactly necessary, but the ones she does furnish should be spotlessly clean, uncreased, and easy to handle.

Q. What are the accepted forms of the complimentary close for a business letter?

A. Yours truly. Very truly yours. Respectfully yours. Sincerely yours. Cordially yours. Faithfully yours.

By Their Punches Ye Shall Know' Em

Some people sign their names in full. Some use abbreviations, initials, even an X.

And some do it with a punch. These are the railroad conductors or trainmen — the men who pick up your ticket on a train — and you'll never get two different punches from the same one. Your ticket won't, that is.

FOR EVERY railroad ticket collector has his own personal and distinctive punch mark, or signature. Each one is registered in his name (like a policeman's revolver) and there are no two exactly alike on any one railroad, though there may be similarities among railroads.

Take a look at the cut-out in your ticket the next time you ride a train. It may be shaped like a rooster, or a hat, or a half-moon or even a fish. It will be one of thousands of designs.

The railroads began the punch signature system many years ago to increase their efficiency and to know just who punched what.

A PUNCH is registered in a trainman's name the day he begins collecting tickets and he retains it until he stops. A trainman usually has two punches with the same mark, one to be used when the other is being repaired or sharpened. And it's rare when a trainman loses his punch.

The railroads collect millions of tickets annually and store all of them under a filing system in case of passenger claims which run into the thousands every day.

One Eastern railroad still remembers the refund claim made by a fugitive from justice.

THE MAN bought a ticket from New York to Chicago, but was arrested in Harrisburg, Pa., and taken off the train. He wanted a refund. A search of the tickets collected on the train he rode turned up a New York-Chicago ticket that had been punched only to Harrisburg.

The man got his refund.

Gems of Thought

BELIEFS

Everyone believes very easily whatever he fears or desires.

—Jean de La Fontaine

Belief is virtually blindness, when it admits Truth without understanding it.

—Mary Baker Eddy

CIRCLING THE TOWN

BY PHYLLIS KNIGHT

Members of the Village Theatre are shifting into high gear this week in preparation for the production April 17 and 18 of "The Man Who Came to Dinner." The play will be given on the high school stage in conjunction with the adult education program.

In many ways this is the most ambitious project of the group to date. More than 30 people are required for cast alone with innumerable more doing backstage work—and many, indeed, who are playing shorter parts cooperating on crew work as well.

Larry Jenness is directing the play; Miss Vera Folkman is production manager, and Edward Mills is technician. Sponsors of this play is the Wheeling Township Junior Chamber of Commerce, and tickets may be obtained from any member of that organization or of the Village Theatre. Price is $1.

"The Man Who Came to Dinner" is, of course, the story of an Alexander Woolcott-type person who literally knows everybody who is anybody. The family on whom he pays his visit, his secretary and visitors from the town constitute the more or less conventional characters, while his visitors — from Hollywood, England and the halls of science—are really unusual. Faces familiar to Village Theatre audiences and many newcomers will be seen in the production.

Curtain time is 8:30 on both nights.

Congratulations to . . .

The newly elected officers of the Arlington Heights Youth Center. Roger Thomas, Denny Maher, Myra Landmeier and Suzanne Franke will guide the club's destiny for the coming year. Mr. and Mrs. Robert Campbell are the adult directors of the group.

Currently the Youth center has a membership of more than 650. It is sponsored by the Arlington Heights Lions club.

One Down, Two To Go

The first of the series of elections coming up this month took place last Tuesday, and there are two more to follow. On Tuesday township offices were filled and the park district held its election for members of the board.

This Saturday grade and high school districts will vote on candidates for members of their boards. In school district 25 (Arlington elementary schools) there is no opposition, and in high school district 214, of which we are a part, there is opposition, complicated by the fact that a certain number of board members must live in unincorporated areas.

April 21 the village elections will take place. No one who reads the Herald or attends any community meetings can help but be aware of the candidates. Two complete tickets have been entered by the Arlington Home Party and the United Citizens party.

Before buying any hearing aid, you owe it to yourself to try the 1953 $75 ZENITH Hearing Aid under our 10-day money-back Guarantee!

By makers of world-famous Zenith television and radio sets (Bone Conduction Devices at moderate extra cost)

Mt. Prospect, Illinois

CLearbrook 3-1083

THE 7 DAY WEEKLY

Ever notice how this morning's daily goes "down the stairs" into the basement by noon?

Ever notice how your weekly stays "in the rack", on the table and by the chair over Sunday, in many homes 'till Thursday when the next edition comes out?

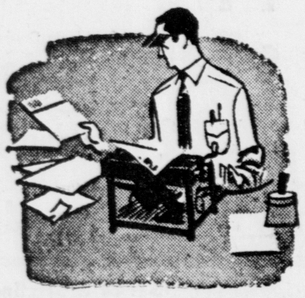

That's because your weekly newspaper is a

7 DAY WEEKLY

It serves the home, the family, the community seven days a week, not just a time killer for an all-too short two hours in the morning, or in the evening.

Religion is an important part of every week of every American, usually exemplified by church attendance. News of church activities, times of services, names of speakers are all of interest to local readers. That is the reason Paddock Publications EACH WEEK publishes news FREE OF CHARGE of 55 churches within its area of serving 21 communities.

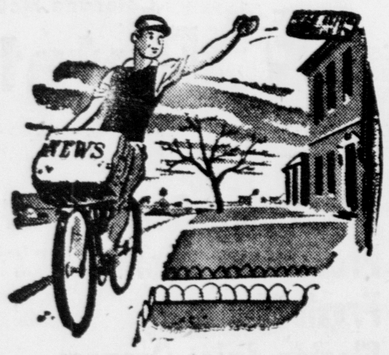

Monday is always a busy day for the 37 correspondents employed by Paddock Publications, 37 housewives collecting "locals" and other items about their neighbors, and getting them ready for the editors at the publication office. This type of news is rated most popular among our readers, and is an important part of Paddock Publications' seven-day-a-week program of serving 21 communities.

Community service has always been of utmost consideration in the editorial program of Paddock Publications, ever since H. C. Paddock established his home and business in Arlington Heights in 1896. He, his sons, and now his grandsons have extended that area to 21 communities, doing yeoman service in promoting betterment projects enabling fellow townspeople to get the most out of education, association and cooperation.

Wednesday is the big day at Paddock Publications, where more than 40 employees work extra hours to get the eight editions out on time each week. The employes work in Arlington Heights, but live in Palatine, Mt. Prospect, Des Plaines and Bensenville, just five of the 21 communities served by your local newspaper. They have the same family interests of any of the 14,000 homes reached each week by Paddock Publications, the same problems, the same waiting for payday and weekly shopping.

More and more Paddock newspapers are being distributed Thursday. Some are sold at newsstands, some at drive-ins and grocery stores. Several hundred are delivered by carrier boys, while your local mailmen deliver more than half of the 14,000 copies printed each week. With news and advertising deadlines advanced, still more papers will be delivered earlier in the week in the future, all part of our job of serving 21 communities as thoroughly as possible.

What readers want is the prime goal of any newspaper, and Paddock Publications is no exception. With 6,500 persons buying our eight editions over the counter each week at ten cents per copy the editors feel they're selling papers to people who want 'em. Local features written by local persons about local subjects draw interest in all 21 communities served by Paddock Publications, keeping circulation and employment high with resultant benefit to local businessmen.

Advertising revenue is what foots the bill. News of special sales, new merchandise, the latest in fun and fashions are all offered local readers telling them what's going on in local stores. By presenting that advertising in attractive, eye-catching ways, housewives in the 14,000 local homes reached each week by Paddock Publications trade locally, keeping advertising money at home to further community churches, schools, shopping districts and friendly citizenship.

Paddock Publications

Nine Phones For Service

CLearbrook 3-1520

Forest View School

Sympathy

Deepest sympathy is extended from all the neighbors to Mrs. Lynn Huffman of Seegers rd., whose father died Friday, April 3.

Mr. and Mrs. Stanley Luczak and daughters, Sharon and Bonnie, spent Easter Sunday afternoon with Stanley's brother, Stephen, and his wife of Park Ridge.

After church Easter Sunday Mr. and Mrs. William Grismer and family enjoyed Easter breakfast with Mr. and Mrs. Frank Brodnan and Gary.

New Pupil

DuWayne Kuechenmeister has enrolled in the second grade in our school. His parents have recently moved into the trailer camp from Racine, Wis.

The Frank Brodnan family attended a family Easter dinner at the home of his parents, Mr. and Mrs. Joseph Brodnan.

Miss Charlotte Swanson left Friday morning for a 9 day trip to Washington, D. C. and New York. She is traveling with a group of students from Arlington Heights township high school and Riverside-Brookfield high school. The young folks are enroute via train to Williamsburg, Va., boat to Baltimore, bus to Washington, and train to New York. Return trip will be by train.

Mr. and Mrs. W. H. Grismer Jr. and family helped celebrate the first birthday of Mark Moehling, son of Mr. and Mrs. Alvin Moehling of Golf rd., on Easter.

Mr. and Mrs. Richard Stier and Patty were guests of the Fred Meiers of Barrington over the Easter week end.

Mrs. Emma Hitchings was a guest at the home of Mr. and Mrs. Robert Hutchings Sunday afternoon.

Election Saturday

The voters of the Forest View district are reminded of the election of school board members to be held at the Forest View school April 11. One member will be elected for a three year term and one for a one year term to fill the unexpired term caused by the resignation of Donald Gould. Polls will be open from 12 noon to 7 p. m.

Physical examination and immunization shots are to be given Monday, April 20. For further information, please call Mrs. Jevne, CL. 3-5219.

Mr. and Mrs. Russell Anderson visited Mr. and Mrs. Edward Anderson of Niles Easter Sunday. Mrs. Schopp of Minneapolis, Minn. is here caring for Mrs. Edward Anderson, who is ill.

Mr. and Mrs. O. C. Westberg of Kirkwood, Mo., visited last week end at the Vernon Westberg home.

MARGARET WALLOR — Phone CLearbrook 3-0187

Wilson Community

Election Saturday

School district 24 will elect seven school board members Saturday, April 11, from the ten candidates listed on the ballot. Polling place is the Wilson school, Palatine rd. near State rd., and the hours are 12 noon until 7 p.m.

PTA To Meet

The Wilson PTA will meet Friday evening at the school house to elect officers for the coming year. The program of the evening will consist of a round table discussion on school problems, and Mrs. Frank Moskal will be the moderator.

Card Party

The Community club will hold a card party at the school Saturday evening at 8 p.m. Tickets are available from members or may be obtained at the door.

Plan to attend the square dance, sponsored by the PTA, which will be held at the South school in Arlington Heights April 25. A well known caller, Don Finfrock, will have charge of the evening, and tickets may be had from any PTA member, or at the door.

Return Home

Mr. and Mrs. James Rice and their sons, Douglas and Dennis, have returned from a month's trip to the West coast. Enroute they visited the Carlsbad Caverns, Grand Canyon, Petrified Forest, Juarez, Mexico, Los Angeles, Calif., where they spent a week with Mrs. Rice's grandmother, Mrs. Mary W. Erickson; Oakland, Calif., where they visited Mrs. Rice's sister, and Santa Barbara, where the boys went swimming for the first time in an ocean. Another outstanding feature of the trip was their time spent in the Mother Lode country near Coulterville, Calif., where they stayed in a hotel at the Ray-Bob Claim, which is more than 100 years old and dates back to the Gold Rush days of 1849. They spent a day panning for gold, and brought back small pieces which the boys have placed in a bottle as one of their most prized possessions. Quite by accident, they witnessed the second test atomic bomb explosion in Nevada which was a sight they will always remember. Douglas celebrated his eighth birthday April 6, while Dennis celebrated his tenth birthday in California March 23. (ACP

MRS. PAUL M. TABAR — CLearbrook 3-0423

Prospect Meadows

Plan Dance

The Prospect Meadows Woman's Auxiliary fall dance will be held October 17 at Mount Prospect Country club. The dance chairman is Mrs. Kenneth Larson and the following are on the committee: Mrs. Derning, Mrs. Vosburgh, Mrs. Campbell, Mrs. LeBrun, Mrs. Kuntz and Mrs. LaForge.

A women's welcoming committee has been formed with Mrs. Vern Waldron as chairman and Mrs. Bernice Long and Mrs. Lorraine Brazeau as committee members. A nominating committee will be appointed and the list of officers to be elected will be presented at the April meeting of the women's auxiliary.

Celebrates Birthday

Linda Susan Brazeau, daughter of Mr. and Mrs. Brazeau, celebrated her first birthday recently. Her godparents and grandparents came out from Chicago to help celebrate.

Calls From Japan

Major H. J. Robotkay, who is stationed in Korea, called his wife, Marie, from Tokyo while on a leave from his base.

Mr. and Mrs. Jerry Foss and three children have been house guests of Mrs. Foss's parents, Mr. and Mrs. J. Daley. The Foss family is now living in Green Bay, Wis., but plans to move to Stonegate about June 1, where they have bought a new home. Pat, their oldest daughter, is graduating from the eighth grade in Green Bay before they move here.

Visit Here

Mr. and Mrs. M. Tabar of Bangor, Mich., have spent the past week with their son and family, Mr. and Mrs. Paul Tabar.

Take Your Car With You To Europe For $740 Over Six Weeks

Stowed in the hold of giant passenger liners, the family auto set an all-time record in 1952 with 4,500 families shipping their car to nations abroad for vacation travel.

Charles M. Hayes, president of the Chicago Motor Club, stated that in addition to the 4,500 families heading Europe-ward with their own cars, additional thousands, for whom Motor clubs throughout the nation issued a total of nearly 15,000 international driving permits, toured Europe in cars rented, borrowed or purchased for delivery in foreign lands.

International customs documents required for international motoring eliminates the need for depositing duty on an automobile at each frontier. The cost for these documents ranges from $45 to $70, according to the countries visited.

Motorists may ship their cars abroad as accompanied baggage or as unaccompanied freight. The round-trip trans-Atlantic auto shipment rate for the average-sized car, shipped as accompanied baggage, is about $400. Other costs — international documents, automobile insurance on the continent, gasoline, oil and garaging (based on 100 miles a day), bring the total to about $740 for 6 to 8 weeks.

Forest River

There will be a bond election at the Feehanville school house on April 18 from 12 to 7:00 p. m. for the purpose of a bond issue of $169,000. It is imperative that an addition be built to our present school, but before this can be done a vote of assurance by the legal voters of the area is necessary. All registered voters should get out to express their individual opinion if they want this addition or if they don't.

Mr. and Mrs. Charles Engel have become grandparents again. This time their daughter, June, and her husband presented them with a granddaughter. This occasion happened on April 1. This makes a two in one celebration as the new baby, has a brother, George, who also celebrates his birthday on April 1.

William Martens Jr. has been shipped to Ft. Lewis, Wash., for his basic training with Uncle Sam's army. Plans for his wedding with Cynthia Larsen are going ahead and unless other arrangements arise, it will be as soon after his basic training as can be.

The Catholic women's group held their regular monthly meeting Monday to make their final plans for their annual games party scheduled for April 13 at the Community house at 8:00 p. m. An invitation is extended to everyone to come out and have a good time and also give the ladies a little support in this worthy affair. Any donations would be greatly appreciated.

Well, now, Forest River has another first to add to our record. Neighbors, when you see a man going past your home with a sprayer attachment, he is there to help you. Irwin Phar has been seen in various sections of our community looking up in the trees. He is there for a purpose, he is spraying those trees and is looking to see what results have been achieved since his last visit. Any one interested in his fruit orchards being successful this year with a good harvest, how about giving Irv a ring at Va. 4-1428 for a private consultation?

Bits O' Business

The week ending March 21 saw auto output at its highest point since the last week in 1951 . . . Steel operations are holding at 100 per cent of rated capacity, but scrap steel prices weakened at Chicago . . . DuPont opened a $40 million plant in Kingston, Tenn., to make Dacron . . . New York store sales, long a disappointment, passed last year's in the March 21 week. Some pessimists said it was because Easter was a week closer this year than it was in the like week of 1952 . . . Farm equipment sales are rising seasonally, in the face of falling farm prices.

Obituaries

Albert Krueger

Funeral services were held Wednesday, April 8, for Albert Krueger, 84, late of the Lutheran Home and Service for the Aged, Arlington Heights, in Marengo at 2 p. m. Interment Marengo City cemetery.

Mr. Krueger was born November 25, 1868, in Germany. He was married May 16, 1886, in Union, Ill., to Augusta Bock, and she preceded him in death in 1932. He was a retired farmer, and he died April 6 at the home. He had made his home in Arlington Heights for the past seven years.

He leaves six children, Walter, Albert, Rudolph and Otto, all of Marengo, Mrs. Emma Cottrill of Wilmette and Mrs. Fred Dodge of Belvidere; seven grandchildren and four great grandchildren.

Raymond O. Krambeer

Funeral services will be held Friday, April 10, for Raymond O. Krambeer, 39, late of 921 N. Vail ave., Arlington Heights, at St. Peter Evangelical Lutheran church at 2 p. m. Rev. L. V. Stephan will officiate. Black's Memorial Home is in charge of arrangements.

Mr. Krambeer was born October 12, 1913, in Elk Grove township, and he had resided in this area all his life. He was married December 8, 1934, at St. Matthew's church in East Maine to Clara D. Kreft. He had been a foreman for a construction company in Chicago.

He died April 6 in Manor hospital, Chicago, as the result of injuries received April 3 in an accident at his place of employment.

He leaves his wife, Clara; three children, Marlene, Reinhold and Beverly; three brothers, Walter, Herman and Alfred, and his mother-in-law, Mrs. Lillie Kreft.

Marie L. Textor

Funeral services were held April 4 for Mrs. Marie L. Textor, 47, late of 1628 Brown st., Arlington Heights, at Black's Memorial Home at 10 a. m. Rev. C. Victor Brown officiated. Interment Old North cemetery, St. Charles.

Mrs. Textor was born December 10, 1905, in Chicago. She was married May 29, 1939, in Chicago to Bayard H. Textor. She had been a resident of Arlington Heights for six years. She died April 1 at her home.

She leaves her husband, Bayard H., and two brothers, Albert and William Laughlin.

Stella Washcoviak

Funeral services were held April 1 for Mrs. Stella Washcoviak, late of Northbrook, at St. Norbert's Catholic church. Rev. Charles Haefner officiated. Interment St. Mary's cemetery.

Mrs. Washcoviak was born 70 years ago in Europe. Her husband preceded her in death 18 years ago.

Mrs. Washcoviak leaves a sister and a nephew of Chicago.

CARD OF THANKS

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us a precious memory. Our sincere thanks and gratitude for all those comforting acts.

John Alsterda,
and Family. (A8*

Marilyn Vogt Becomes Bride Of Jack Schwank

Bak photo

St. Paul Evangelical and Reformed church, Palatine, was the scene of the recent wedding of Miss Marilyn A. Vogt, daughter of Mr. and Mrs. Charles Vogt of Quintens rd., Palatine, and Jack Schwank, son of Mr. and Mrs. Carl Schwank, Hillrest rd., Palatine.

Rev. Glenn G. Gumm officiated at the double ring, candlelight ceremony. Baskets of white gladioli and snapdragons decorated the church, and Shelby Stewart sang "Because" and "The Lord's Prayer," accompanied by Harold Berg at the organ.

For her evening wedding the bride wore an ivory satin gown fashioned with a boat neckline outlined with seed pearls and a chapel length train. Her fingertip veil of ivory silk imported illusion was held in place by a half hat of ivory illusion trimmed with orange blossoms. She carried a bouquet of white camellias and stephanotis.

Mrs. Le Roy Kampert, sister of the bride, was the matron of honor. She wore a powder blue gown fashioned with a taffeta bodice, boat neckline, and a skirt of net over taffeta. She carried a cascade bouquet of deep pink roses and stalk.

Mrs. Clarence Petersen, sister of the bride, Mrs. Lee Hennig and Miss Genevieve Rotroff were the bridesmaids. Their gowns and flowers were identical to that worn by the matron of honor.

Le Roy Kampert, brother-in-law of the bride, was the best man. William and Donald Schwank, brothers of the bride, and Vern Hummel were the ushers.

A reception for 300 guests was held immediately following the ceremony at Fred's Place, Rand rd.

The couple honeymooned in Florida and are now making their home on Quintens rd. in Palatine.

Plan Summer Wedding

Mr. and Mrs. Walter H. Weide of 34 N. Rohlwing rd., Palatine, announce the engagement of their daughter, Viola, to Davis Overton of San Jose, Cal.

An early summer wedding is planned. —Bak Studio.

Concordia Chorus To Give Concert

The Cantata chorus of Concordia Teachers college will present Bach's "Mass in B Minor" in the college gymnasium, 7400 Augusta st., River Forest, April 19. Part one will be given at 4 p. m., and part two is scheduled for 7:30 p. m. A buffet supper will be served between the two presentations in the college dining hall.

Tickets for the concert are available in advance from the college or in room 1223 of the Kimball building, 306 S. Wabash, Chicago. Reserved seats are $2; General admission, $1.50, children's tickets 75 cents.

Tell Betrothal

Mr. and Mrs. Roy C. Barr, 1212 Clarendon rd., Arlington Heights, announce the engagement of their daughter, Patricia Ann, to Thomas E. Kurtz, son of Mr. and Mrs. Oscar C. Kurtz, 909 N. Mitchell ave., Arlington Heights.

The wedding will take place in June.

Observe 50th Wedding Anniversary

Mr. and Mrs. Henry Meyer, 626 N. Trumbull ave., Chicago, will celebrate their fiftieth wedding anniversary April 30 at open house at their home.

The couple were married 50 years ago at the Lutheran church in Des Plaines. Mrs. Meyer is the former Emma Pohlman of Mt. Prospect.

Mr. and Mrs. Meyer have three sons, Roy, Harry and Robert, and seven grandchildren.

The story of their marriage appeared in this paper, and they still have the clipping.

To Talk At Horticultural Society Meeting

Harold C. Durland, 510 S. Emerson st., Mount Prospect, past president of the Illinois Gladiolus Society, will lead a discussion of gladioli at 1:30 p. m. April 14 at the spring garden symposium of the Chicago Horticultural Society, 116 S. Michigan ave., which will be held April 14 and 15.

At these sessions 15 different popular flowering plants and vegetables and fruits will be treated. Five sessions of one and a half hours each are scheduled for each day of the symposium, starting at 11 a. m. and closing at 9:30 p. m.

Sessions are open to the public at a nominal admission charge and are free to members of the society.

Mr. Durland grows more than 20,000 gladioli of various varieties in his own garden and makes these his chief interest in life, although his business activities are in the advertising field. (B4

Pi Beta Phi Marks Birthday

The next monthly meeting of Pi Beta Phi alumnae club will be held April 15 at 8 p. m.

Mrs. William P. Hannum, 1020 N. Fernandez, Arlington Heights, will be the hostess. She will be assisted by Mrs. Joseph F. Grinnell.

The meeting wil be highlighted by the annual cookie shine in honor of Founders' day. It is also the second birthday of the club. Mrs. Charles W. Mills, 733 S. Mitchell ave., Arlington Hts., will present the program on "Famous Pi Phis."

Any new Pi Phis in the area are invited to attend the meeting, and those in need of transportation are asked to call CL. 3-7546.

(B-4

Church Group To Hold Rummage Sale

The Women's Auxiliary of St. John's Episcopal church, Mount Prospect, will hold a rummage sale in the basement of the church, 201 N. Wille ave., April 24 from 6 to 9 p. m. and April 25 from 9 a. m. to 1 p. m.

All donations may be left in the church basement.

The group elected officers at their last meeting. Those elected were Mrs. Alfred M. Hall of Arlington Heights, president; Mrs. Claude W. Pollock of Prospect Heights, secretary, and Mrs. George J. Edgecumbe of Mount Prospect, treasurer. (AM

Favorites for Flavor

By LOIS SEILER

Chicken Fricassee with Dumplings, made from an old family recipe, is the favorite dinner of Mr. and Mrs. Robert C. Hawley, 309 S. Evergreen, Arlington Heights.

And their favorite outside activity is the Village Theatre. Mrs. Hawley is a charter member of this organization and now holds the office of vice president. She has participated in several of the group's productions, and will play the part of an eccentric aunt in the Theatre's next play, "The Man Who Came to Dinner," which will be presented April 17 and 18 in the Arlington Heights high school.

In addition to her theatre activities, Mrs. Hawley is active in the PTA as a member of the board, and is also a member of the Presbyterian church.

The Hawleys have three children: Robert, 10, Richard, 8, and Virginia, 17 months.

This family's favorite dinner begins with chilled tomato juice. A delicious, tender fricassee of chicken follows, served with light and fluffy dumplings and a creamy chicken gravy.

The dinner is accompanied by buttered carrots, a combination salad with French dressing, and hot rolls.

And for dessert the Hawleys prefer blueberry pie and coffee.

You'll find that the recipe for Chicken Fricassee with Dumplings, which is our feature of the week, will make an especially temping dinner which will appeal to the whole family.

Chicken Fricassee with Dumplings

Place one rib with leaves from a stalk of celery and ¼ green pepper in the bottom of a kettle.

Wash stewing chicken and rub with clove of garlic, if desired. Place in kettle and add water to cover. Add salt and simmer gently for several hours until tender.

Turn up flame slightly and drop dumpling batter by teaspoons into the boiling broth. Cook uncovered for five minutes. Then cover and cook over low flame 10 minutes longer.

Place chicken and dumplings on heated platter. Garnish with parsley.

Thicken gravy slightly with mixture of flour and water and season to taste. Pour some over platter of chicken and dumplings and serve balance in gravy bowl.

Dumplings

1 1/3 cups flour
1 teaspoon salt
2 teaspoons baking powder
1 egg
½ cup milk

Beat egg and add the milk. Add the sifted dry ingredients until just mixed. Drop into boiling chicken broth by teaspoonsful as indicated in above directions. Serves four.

Elk Grove Home Bureau

Elk Grove Unit of Cook County Home Bureau met March 25 at the home of Mrs. John Wetterman. Co-hostesses were Mrs. Embert Wille and Mrs. Robert Wagner.

The major lesson, "Social Security, What it Means to Us," was given by Mrs. Claradehl Upham, home adviser, and Mr. Radke of the Social Security Board field office.

The unit will have no meeting during April, but will have a "Come As You Are" breakfast. (ACM

Announce Engagements

Arlene Appel

Mr. and Mrs. Arthur Appel of 502 S. Elmhurst ave., Mount Prospect, announce the engagement of their daughter, Arlene, to Le Roy Zoellick, son of Mr. and Mrs. George Nemetz of Roselle.

No date has been set for the wedding.

Beverly Frederickson

Mr. and Mrs. Earl Frederickson of Lake Zurich announce the engagement of their daughter, Beverly, to Wallace Glenn Rascher, son of Albert Rascher and the late Mrs. Rascher, Arlington Heights.

No date has been set for the wedding.

Joanne Hoffmann

Announcing the engagement of their daughter, Joanne, to Robert Nordstrom are Mr. and Mrs. John Hoffman of Wheeling. Mr. Nordstrom is the son of Mr. and Mrs. Eric Nordstrom of Chicago.

Mr. Nordstrom was discharged from the army March 1, and the couple are planning a fall wedding.

Betty Coleman

Dr. and Mrs. Lawrence E. Turton, Columbus, O., announce the engagement of their daughter, Betty Coleman, to Carl Hilding Sundberg Jr., son of Carl H. Sundberg of Park Ridge and the late Mrs. Sundberg.

A graduate of Columbus School for Girls and Northwestern university, Miss Turton is a member of Kappa Kappa Gamma sorority. She is also a member of Shi Ai Honorary fraternity at Northwestern. Mr. Sundberg was graduated from Maine township high school and attended Northwestern university. He is a member of Lambda Chi Alpha fraternity and is the owner of Sundberg's Store for Men in Mount Prospect.

The wedding will take place late in the summer.

Robert Dahl To Speak At WSCS General Meeting

ROBERT A. DAHL

Robert A. Dahl, chaplain of Wesley Memorial hospital, Chicago, and brother of the pastor of the First Methodist church of Arlington Heights, will be the guest speaker at the April 14 general meeting of the Woman's Society of Christian Service at the Methodist church at 1 p.m.

He will speak on "A Cathedral of Healing."

Luncheon will be served at 1 p.m. by Mrs. Raymond LaCroix, hospitality chairman, and her committee.

Rev. Dahl is a graduate of Illinois Wesleyan university, Bloomington, and he spent 2½ years at Garrett Biblical Institute, Evanston, and 1½ years at Drake university's College of the Bible, Des Moines, Ia., where he specialized in counselling.

He has held pastorates in Joliet, Ill., Harcourt, Ia., and Des Moines, Ia. To further prepare himself for the position he now holds, he attended the summer school session for pastoral care at the University of Michigan hospital, Ann Arbor, Mich.

St. Catherine's Guild To Meet April 15

St. Catherine's Guild of St. John's Episcopal church, Mt. Prospect, will meet at the home of Mrs. William Utermohlen, Arlington Heights, April 15 at 1 p. m.

Co-hostess will be Mrs. Clark E. Thorp also of Arlington Heights.

This all important meeting will be the guild's annual meeting, and the election of officers will take place. (AM

Stork Feathers

Mr. and Mrs. Gail Harms of Crystal Lake are parents of a son, Paul Rohde, born March 20 at Sherman hospital, Elgin, weighing 8 pounds 8 ounces. Mrs. Harms is the former Phyllis Rohde, who taught at the South school in Arlington Heights. The baby has a sister, Holly, and her grandparents are Mrs. George Rohde of Chicago and Mr. and Mrs. Paul Harms of Dixon, Ill.

* * *

Mr. and Mrs. Norbert Huecker, 1 W. Central rd., Mount Prospect, are parents of a daughter, Candace Ann, born March 22. The baby weighed 7½ pounds.

* * *

Parents of their first child, a daughter, Virginia Rae, are Mr. and Mrs. Ray E. Johnson, 618 N. Dryden pl., Arlington Heights. The baby was born April 3 at St. Francis hospital, Evanston, weighing 7 pounds 9 ounces.

* * *

Mr. and Mrs. Kurt Meyer of 705 N. Vail ave., Arlington Heights, are parents of a daughter, Pamela Joy, born April 6 at Sherman hospital, Elgin, weighing 7 pounds 4 ounces. The baby has a brother, Kenneth, who is 3 years old. Mr. and Mrs. George Held and Mr. and Mrs. George F. Meyer, all of Arlington Heights, are the grandparents.

* * *

A son, Timothy, was born to Mr. and Mrs. Roy Tesch of Salt Lake City, Utah, March 24, in Salt Lake City. The baby weighed 7½ pounds. Mr. Tesch, who is serving with the navy, is a former resident of Arlington Heights. Mrs. Tesch is the former Joan Anello of Salt Lake City. Fred Tesch of Arlington Heights is the paternal grandfather.

Mammoth Card Party And Dance Is Friday Night

Shortly after the first of the year, plans were started for a mammoth card party and dance so that a much-needed school could be built by the new Catholic parish, Our Lady of the Wayside, in Arlington Heights. Committees were formed and started to work, and now the event is only days away.

In the grand ballroom of the Conrad Hilton hotel April 17, seyeral thousand parishioners, with their friends and neighbors, will gather for cards, and dancing to the music of Jack Cavan's Edgewater Beach orchestra.

There will be many special attractions during the evening, and the entire proceeds will go toward the erection of the new school, details of which are now being completed, and for which ground will be broken at an early date.

Rev. Harold T. O'Hara, pastor, is working closely with co-chairmen John J. Barrett and Mrs. William Hatch, and the ticket committee, headed by William J. McNeil and Mrs. John J. Solon report that the rate of ticket sales assures success.

There are still some tickets available at $2.50 each, and they may be had quickly and conveniently by phoning CL. 3-5258.

Junior Women Meet Monday

Charles Leonard of the St. Charles School for Boys will be the featured speaker at the April meeting of the Arlington Heights Junior Woman's club.

The meeting will be held April 13 at the Mount Prospect village hall at 8 p. m.

All members are urged to bring their husbands, for this will be men's night. Mr. Leonard will be introduced by Mrs. H. A. Pries, program chairman.

Preceding Mr. Leonard's talk the club will hold election of officers and will make final plans for their bake sale to be held April 18. (AM

St. Xavier College Auxiliary Plans Party

St. Xavier college auxiliary announces that April Showers, the annual benefit party for the Chicago college, will be held April 24 in the grand ballroom of the Conrad Hilton hotel, Chicago, between 8:30 p.m. and 12:30 a.m. The entertainment will be cards and dancing.

Proceeds of the party will be added to the building fund for the new college to be opened in September, 1955, at 103rd and Central Park ave., Chicago.

THURSDAY, APRIL 9, 1953

Joanne George And Richard Becker Wed

In a double ring ceremony April 4, Miss Joanne May George, daughter of Mr. and Mrs. E. C. George of 1 E. Edward, Mount Prospect, became the bride of Richard A. Becker, son of Mr. and Mrs. H. Becker of Arlington Heights.

Mount Prospect Evangelical church was the scene of the 2 o'clock ceremony performed by Rev. H. J. Rasmussen. Baskets of lilies and carnations decorated the church, and Mrs. Rasmussen sang "The Wedding Prayer," accompanied by Mrs. Gomm at the organ.

The bride wore a white gown fashioned with a fitted satin bodice and long pointed sleeves, a bouffant tulle skirt and a long lace train trimmed with hand-made lace. Her fingertip length veil was held in place by a bonnet, and she carried a bouquet of white snapdragons surrounding a white orchid tinted at the throat.

Miss Marion Weber of Arlington Heights was the maid of honor. She wore a yellow chiffon gown and carried a bouquet of green carnations. Miss Marie Kalal of Cleveland, Ohio, cousin of the bride, was the bridesmaid, and she wore a green chiffon gown and carried yellow carnations. Both attendants wore flowered headpieces matching the flowers in their bouquets.

Ralph Becker of Arlington Heights was best man, and Donald Wagner and Donald Held, both of Arlington Heights, were the ushers.

The bride's mother and the the groom's mother both wore navy blue dresses and accessories, and both had corsages of pink tea roses.

A reception for 80 guests was held at the home of the bride's parents immediately following the ceremony.

The young couple are honeymooning at the Edgewater Beach hotel and will leave Thursday for Salina, Kans., where the groom is stationed with the air force.

Among the out-of-town guests was the bride's grandmother, Mrs. Lola George of Cleveland, Ohio.

Five Girl Scouts Take Camp Trip

Senior Scout troop 95 of the Girl Scout Council of Northwest Cook county left by car on a 1,000 mile trip around Illinois on a Lincoln pilgrimmage April 6.

Mrs. Fred A. Tice, troop leader, said that five of the girls in the troop are prepared to go on this trip. They are Bernadine Fleury, Lynne Heberling and Cindy Tice, all of Arlington Hts., and Phyllis Nelson and Sandra Crawford, both of Mount Prospect.

The girls, together with their leader will travel by car during the day and camp in the open at state parks or Girl Scout camps at night. All plans have been made by the girls themselves, and expenses are being paid by money earned through troop activities.

The girls mapped out their own trip, figured mileage and handled all correspondence with other Girl Scout troops they will visit enroute. They will return home April 11.

Included in their itinerary will be an overnight at Lincoln Log Cabin National Park, where a college professor will tell them about Lincoln; a visit to the prehistoric Indian mounds at Cahokia State Park, Pere Marquette State Park and New Salem State Park in Springfield; a day in the capitol, where they will call on the governor; a visit to the Mississippi Palisades at Savannah; and a stop at Oregon to see Black Hawk Statue and at Dixon, the scene of the Lincoln-Douglas debates.

To Celebrate Birthday Of Church Group

The Ladies Aid of St. Matthew's Lutheran church, East Maine, located on Milwaukee ave., north of Ballard rd., will hold a combined birthday party and bake sale April 15 at 2 p. m.

Refreshments will be served, and donations are 75 cents per person.

Everyone is welcome.

(B-4

Five members of troop 95 of the Girl Scout council of northwest Cook county left April 6 by car on a 1,000 mile trip around Illinois on a Lincoln pilgrimage. The girls pictured above are, left to right: Phyllis Nelson, Mount Prospect; Bernadine Fleury; Mrs. Fred Tice, troop leader; Lynne Heberling, all of Arlington Heights; Sandra Crawford, Mount Prospect, and Cindy Tice of Arlington Heights.

Community Camera

Represents Teens On Fashion Board

Teens pick cotton as the most popular fabric news according to Barbara Reed, 302 Drury lane, Arlington Heights, who represented her classmates at Arlington Heights township high school at the recent Bobbie Fashion board meeting at the Palmer House in Chicago.

Barbara and 92 other midwestern teens voted cotton the most popular fabric for Bobbies, foundationwear designed by The Formfit Company especially for the high school set.

Formfit asked 93 members of its annual Bobbie Fashion board what they prefer in girdles and bras.

Members of the Bobbie board selected cotton as their first-choice fabric for general wear. They approve nylon for dressy occasions. Fashion Board members are chosen by their home economics teachers to represent other fashion-conscious teens from 93 midwestern high schools. (B-4

Barrington Music Concert April 25

Barrington Music club will present their eighth annual spring concert April 25 at 8:15 p. m. at the Barrington Elementary school auditorium.

Platon Karmeres of the Chicago Musical college will be the conductor, and Mrs. C. H. Kornburger of Wauconda, contralto, will be the featured soloist.

Palatine residents who are members of committees for the concert are Willard Cooke, ticket committee, and Frank Hartmen, house chairman.

Tickets are now on sale and can be obtained from any member.

Girl Scouts To See Camp Movies April 16

Miss Marion Hodgins of Des Plaines, director of established Girl Scout camps, will show movies of Hickory Hill, the summer camp for girls, located in Edgerton, Wis., April 16 at 8 p. m. at the Arlington Heights field house.

All Girl Scouts in district 4 who are 10 years of age or older, their parents and troop leaders are welcome to attend this meeting. Miss Hodgins will answer any questions they ask about the camp.

Of special interest to the Arlington Heights girls will be movies shown that were taken at the time they were attending day camp at Camp Pine last summer. (B-4

Delta Gamma Alumnae To Meet

The Northwest Suburban Delta Gamma Alumnae group will meet April 13 at 8 p. m. at the home of Mrs. S. L. Farone, 413 N. Wille st., Mount Prospect.

Co-hostesses will be Mrs. J. Kaufman and Mrs. J. Mellick.

The following were elected to serve for the coming year at the March Founders' day luncheon held at the Pantry in Park Ridge: Mrs. J. Kaufman of Park Ridge, president; Mrs. R. E. Walters of Arlington Heights, vice-president; Mrs. G. Watkins of Des Plaines, secretary; Mrs. A. Harwood of Park Ridge, treasurer, Mrs. P. Law of Park Ridge, social chairman.

All Delta Gammas in this area are invited to attend. For further information call CL. 3-4016 (AM

Urge Girl Scouts To Enter Contest

All Intermediate Girl Scouts are urged to enter the poster contest featuring Hickory Hill sponsored by the Girl Scout Council of Northwest Cook county.

Those entering the contest have all of this month to prepare their posters, and all posters must be submitted to troop leaders on or before April 20.

There will be contests in each neighborhood, the winner of which will be entered in the district contest. The four district winners will automatically be entered in the council-wide contest, and this winner will receive an award.

The rules for the contest are as follows: only intermediate Girl Scouts are eligible; posters must be 14 by 22 inches; any media may be used — such as, crayon, paint, charcoal, photographs, etc.; and the posters must include the following information on the front: Camp Hickory Hill, Edgerton, Wisconsin, Camping from June 29 through August 23; each poster must give the name of the girl submitting the poster, her troop number, her neighborhood, and her district number on the back.

(B-4

To Hold Bake Sale In Prospect Heights

The Altar Society of St. Mary's Catholic church, Buffalo Grove, will sponsor a bake sale at Michael's IGA store in Prospect Heights April 18 beginning at 10 a. m.

The public is invited. Proceeds will be given to the Medical Missions of the church. (B4

Presenting The Younger Generation

It's A Party!

It's a party all the time at the Ray Geimer home, 119 S. Evergreen, Arlington Heights, with five active children keeping things merry.

Pictured first is Del Raupp, a nephew of Mr. and Mrs. Geimer, who is living with the family. Although out-numbered by four little girl cousins, Del manages nicely. He enjoys playing cowboys with his boy friends and periodically will join in a game of "house" with the girls. Del is 4½ years old and has blond hair and hazel eyes. Blonde and brown-eyed Darlene is next in line. She will be 3 years old April 19. Darlene likes to ride her bicycle and play with her dolls and sisters.

Diana, the mischief-maker, has brown hair, brown eyes and will be 2 years old in May. "She loves to get into trouble," stated Mrs. Geimer, "and should have been the boy in the family." Besides teasing the others whenever the opportunity occurs, this little lady enjoys playing in her sand box. Oldest of the group is 5½ year old Kathy, pictured next. Kathy is the industrious type, enjoying pasting, coloring and cutting out things. She is also a fine helper to her mother, watching out for the younger ones. Kathy has brown hair and eyes and is in the kindergarten at the South school.

Last, and youngest is Laurie Jean, the 10 month old baby. Laurie is a proficient crawler and is now learning to pull herself up to furniture. She loves to have the others near, but is also content to play alone. "Just a real good baby," was her mother's comment.

Grandparents of the children are Mrs. Helen Geimer of Dundee rd., Arlington Heights, and Al Raupp of Prairie View, Ill.

Little Brother

Youngest member of the Elmer Nelson family of 323 E. Colfax, Palatine, is Jimmy, the blond and blue-eyed little fellow last in today's presentation of the younger set.

Jimmy will be 2 years old April 22. In addition to playing often in a big pile of sand near his home, Jimmy is fond of playing with his brother's model airplanes. Brother Wayne, who constructs the models, is 12 years old and in the seventh grade at the Palatine grade school. Arlene, the girl in the family, is 8 years old and in the second grade.

Mrs. Carrie Nelson of Chicago and Mrs. Mary Lahti of Iron River, Mich., are the grandmothers.

29 SCHOOLS TO ENTER PALATINE RELAYS APRIL 25

MAC SAYS

BY G. A. McELROY

NEW SCHOOLS OF THE Chicago area appear to be going all out to secure high powered coaching personnel. Rich Township High School of Park Forest, a southwest suburb, rated the headlines recently when they outbid LaGrange for the services of Greg Sloan who had just coached the LaGrange Lions to the state basketball championship. You can be assured that it took a pretty fine offer to lure Sloan away from a setup where he still had 11 out of 15 boys returning on his basketball squad. In addition Rich Township hired Sloan's assistant at LaGrange and has signed the track coach of Cornell College to a contract. Rich Township is a new school district opening a brand new school in September with 600 students in a $1,600,000 building. They have operated one year as a two year high school.

In the same way the big contract talks at Glenview-Northbrook where Dr. Norman Watson has just completed the work of signing five athletic coaches to attractive salaries for the new $2,000,000 high school to open there in September. Three of the men on the G-N staff are college coaches and two are at present athletic directors of small colleges.

* * *

WATSON HAS SECURED high class talent. We hope they are not going to be too disappointed the first two years with the below par athletic material, for a building program in sports will be needed for at least two years to get up to average competition in the small Northwest conference.

Few Northbrook students attending Niles, New Trier, and Palatine (the schools handling the bulk of the tuition students) are out for sports. It will take time and much patience on the part of coaches and particularly the parents and fans before Glenview-Northbrook can hope to be represented by championship teams in spite of the fact that they will be the largest school in their league.

* * *

HEADING THE GLENVIEW-NORTHBROOK staff will be Howard Helfrich, athletic director and head basketball coach of Earlham College, Rochester, Indiana. Helfrich, who has an M. A. degree in physical education from Indiana University, will head the athletics and basketball at the new Glenview school. With him will come line coach Walter Ney from Earlham.

Ney also holds an M. A. from Indiana and will coach track and the varsity line in football.

A third college coach is Carl Selin, athletic director and assistant football coach of Aurora College. Selin, who has a masters degree from Illinois, will coach the frosh-soph football team at Glenview-Northbrook. Frosh-soph basketball will be handled by Russell Bolen, at present an air force major who formerly coached varsity sports at Westville, Illinois. Bolen is a graduate of the University of Illinois.

* * *

BILL LUTZ, FORMER NORTHBROOK athletic director and varsity football and baseball coach, has been assisting with these two sports at Palatine High this year with four other instructors on a one year leave of absence while the new school is under construction. With these teachers at Palatine are 190 Northbrook students.

Lutz has an M. A. in physical education from Illinois but next year will teach in the business education department which is also a major field. According to Dr. Watson, Lutz will handle either baseball or golf in the new athletic setup.

* * *

HIRING TOP FLIGHT COACHES from colleges or big high schools in small institutions has its advantages and possible disadvantages. In the first place, there is a danger in school morale if coaches get too much more money than other faculty members. Also they may look upon athletics as the sole reason for existence of the institution and try to make the school revolve about the athletic program.

On the other hand top flight men with the proper attitude toward education could be the greatest influence in developing a strong student morale, particularly among the boys.

Knowing Dr. Watson as we do we are certain that athletics will not get over emphasis in his school at the expense of other activities and we feel sure that the kind of men he selects will be a real asset to the institution in other ways than coaching. We shall look forward to welcoming this outstanding coaching staff to the Northwest conference.

* * *

A YEAR FROM SEPTEMBER in 1954 the new North Chicago high school will be completed and open with about 600 students. This school is headed by Bill Herbster, former principal of Barrington High where he worked under Superintendent Frank Thomas. With him at North Chicago as administrative assistant is Les Harman who gained fame at Barrington by winning four straight Northwest championships in basketball and three in baseball in five years of coaching the Bronchos. He set up a program at Barrington which in a short time consistently developed championship teams in all sports.

We had a letter from Harman recently in which he stated that the new school would open in the fall of 1954 and that north Chicago would want to be remembered by coaches of the area in looking ahead to sports schedules for that year.

They will be in the unfavorable position of not being a member of an athletic conference at the start which will make it difficult, particularly in football.

We are certain that Northwest conference schools will be willing to schedule in basketball with North Chicago. Students will be drawn mainly from Waukegan High as North Chicago was part of the Waukegan district before its organization as a high school district and students are now being sent there on a tuition basis.

* * *

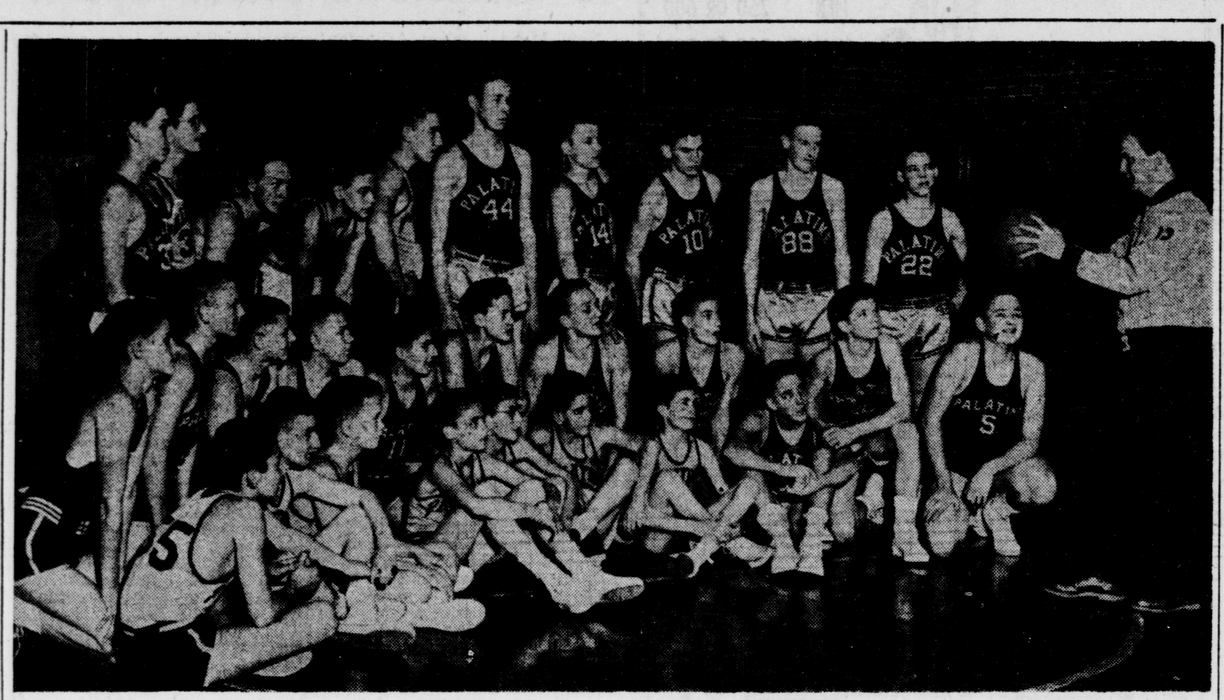

WHEN NORTH CHICAGO opens it will certainly be time to renew consideration of the alignment of schools in conferences in the suburbs. The Northwest conference, the North Suburban, the West Suburban, and the Suburban League which serve the north and west side of the city are all eight member organizations, the ideal number for maintaining interest and easy scheduling.

Some of these schools are fast outstripping the others in enrollment and in all the conferences there are some which are ready or will soon be ready for a shift to make competition more even in all sports.

LaGrange, Maine Township, and York of the West Suburban appear ready for a tougher league based on enrollment and other factors.

Highland Park and Niles of the big Suburban League are

(Continued on next page)

Palatine Freshmen basketball squad completed a mediocre 9-13 season. Pictured above, front row, left to right: Bill Brock, Alan Wundsam, James Larson, Fred Breitling, Paul Manning, Bill Hamilton, Roy Burns and Joe Goddard.

Second row, kneeling, Jim Brown, Noel Anderson, Bill Lutz, Byron Stutzman, Victor Marsiglia, Jim Mitchell, Jim Hess, George Beyer, Don Powers and Bruce Force. Third row, standing, William Hortberg, William Taylor, Elwood Knudsen, Dave Abramson, Bill Thompson, Carl Bondeson, Bob Hamilton, Pete Trenchard, Steve Cornwell and Bob Coates. East Aurora, Libertyville May Be Among Top Contenders In Class A

Twenty-nine schools have indicated that they will definitely enter the twenty-first annual Palatine Relays to be held Saturday, April 25. Ottawa, class "A" champ of last year in their first attempt, will be back to defend their title with much the same team as a year ago. East Aurora of the Big Eight conference, a new entry, might be one of the chief class 'A" contenders. Libertyville is known to have a powerful team, probably the best in the North Suburban, and may have enough to finish among the first three.

The class "B" division is up for grabs. Lake Forest, surprise winner last year, is expected to be weak with only a couple of good boys returning from last year's champion squad. Greatest loss to Lake Forest is Bernard Prais who set a record as an individual point scorer in last year's meet. Little is known of the class "B" teams. Antioch may be the best Northwest Conference entry now that Palatine is in the "A" division. Warren is touted as a North Suburban contender this year with nine good veterans available. Mooseheart, who took the championship in 1950 and 1951, is certain to be one of the main contenders as they always have a well balanced squad of relay runners.

* * *

LAST YEAR for the first time the field events as well as the relays were run off in separate classes. This makes quite a difference in the chances of class "B" teams having good boys in the individual events who otherwise had to compete for points in open competition. Relays still are the determining factor however since the points count 10-8-6-4-2 while the individual events, the high jump, broad jump, pole vault, shot, discus, 100 yard dash and mile run count on the basis of 5-4-3-2-1.

The meet schedule calls for preliminaries in the 100 yard dash and finals in the five field events in the morning session starting at 9:30. At 1 the afternoon session opens and includes finals of the 100 yard dash, the mile run, and a series of relay events all run in heats against time in each class. Relays on the program are the two mile relay, mile relay, frosh-soph 440 yard relay, 880 relay, 400 yard low hurdle shuttle and the 320 yard high hurdle shuttle.

Mount Morris, Batavia, Oregon, Geneseo, Highland Park, Geneva, and Grant are among schools indicating that they may enter the meet but are undecided. Entries are due Monday, April 20 as the deadline. Schools definitely planning to file entries are Arlington Heights, East Aurora, Leyden, Niles, Crystal Lake, Belvidere, Ottawa, Bensenville, Libertyville, Reavis, DeKalb, and Palatine in class "A". Class "B" teams are Plato Center, Dundee, Oswego, Ohio, Naperville, Grayslake, Lake Forest, Plainfield, Mooseheart, St. Charles, Woodstock, Ela-Vernon, Sycamore, Somonauk, West Chicago, Warren, and Antioch. East Aurora, Plato Center, Plainfield, and Ohio are entering the meet for the first time this year.

Cardinals Drop First Game To York, 6-1

The Arlington Cardinals baseball team opened their conference season with a 6-1 loss to York high school Monday afternoon on the home diamond.

Coach Ray DeGreeff's boys scored their lone run in the second inning, which started with two strikeouts by Verrett and Seiburg. Bakalar was then hit by a pitched ball and went to first. Gorder hit a double, which enabled Bakalar to score. Gordor then went to third on a throw, but Shanklin struck out to end the inning.

In the fourth inning York scored three of their six runs. It began with a walk to first for Riggs. Strauch was hit by a pitched ball and the third man up, Krenek, struck out. Krueger was then hit by a pitched ball, which loaded the bases.

Pfister hit a high pop up into short right field, which was dropped by Seiburg and Riggs and Strauch scored. A throw to second forced Krueger out. Travis then hit a high pop up to short stop Eakins, who missed it, and enabled Pfister to score. Reese struck out to end the first half of the inning, and the Cardinals were retired in order.

D. Gennero led off the fifth inning with a hit, followed with another by Hoffman, which enabled Gennero to go to third. Riggs then got a hit and Gennero and Hoffman scored, with Riggs stealing second base. The Cardinals then made their first double play of the day. Strauch hit a fly to left field, which was caught by Gorder, who relayed it to Hesch on second base. Krenek then struck out to make the third out.

York scored their last run in the sixth, with Shueber pitching for the Cardinals, relieving Shanklin, who pitched the first five innings. Pheney, now playing left field for York, was first at bat and was struck out. Pfister was hit and walked to first. In an attempt to pick him off first Shueber threw wild, and Pfister went to second. Travis then attempted a bunt, which went right to the pitcher, and he was out at first. Pfister going to third during the play.

Reese was walked and Strauss failed to catch the last ball. Recovering the ball he threw it to Shueber, covering home, who tagged Pfister, but dropped the ball and the final run scored. The inning ended when D. Gennero hit a grounder to Amann, short stop, who threw it to Hesch at second for a force out on Reese.

Both teams retired in order in the seventh inning. During the game Arlington left three on base and York left five. Both Reese and Strauss were charged with passed balls. Shanklin pitching for Arlington struck out eight, while Shueber struck out two. The York pitcher, Travis, struck out 18. Shanklin walked two, Shueber two, and Travis one.

THURSDAY, APRIL 9, 1953

Palatine Host To Mooseheart Track Squads

Saturday Palatine's track team will be host to the track squads, varsity and frosh-soph of Mooseheart high school. The visitors have won the Palatine Relays class "B" two of the past three years and always have been represented by a strong well balanced team.

* * *

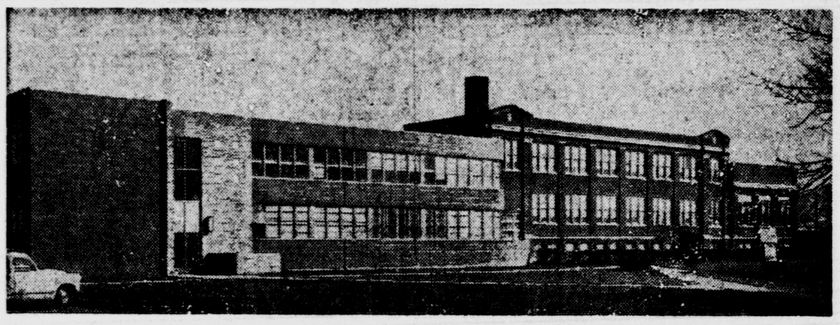

FOR THE PAST three years Palatine has engaged in a triangular at Mooseheart involving Batavia. This year Palatine will be the host school. Wednesday of this week Coach Welty's five-time-in-a-row Northwest champs were host to Warren's varsity and Wauconda's frosh-sophs as the Pirates inaugurated the toughest schedule in their history.

Warren with nine lettermen was expected to be a real stiff test for the Pirates. Heading the Warren team is Valentine "Rocky" Farius who won the North Suburban Conference mile last year and took second in the 880. Farius won a place in the mile at the recent Oak Park Relays. Another Warren standout is Jack Florey their star basketball center who last year set a North Suburban record in the high jump.

* * *

MONDAY PALATINE travels to Lake Forest with both varsity and frosh-sophs. Lake Forest last year winner of the Palatine Relays lost most of their team by graduation and Palatine may turn in a victory over the Scouts. Next Thursday, April 16, Libertyville, touted as the next North Suburban track champion, will come to Palatine. Coach Bob Kelton has brought track up to the high standard of the twenties and early thirties since he took over at Libertyville four years ago. Two conference champs, a second, and a close third is Kelton's record with the Wildcats.

Kelton has at least one veteran letterman available for every event on the track program. Heading a strong squad is Joe Ray, veteran campaigner who will be out to win his fourth track letter. Joe won both the high and low hurdles in his conference last year and will compete also in the weights and jumps where he is a talented performer. Joe also runs on a relay team and is pretty much a one man track team though Libertyville has at least a dozen other good men. The Wildcats are rated one of the contenders in the coming Palatine Relays.

Antioch township high school, the west portion of which is part of the new $650,000 addition recently dedicated. The addition includes nine classrooms, offices, auditorium, gymnasium, and three shop rooms, the auditorium occupying the former gymnasium space. The new gymnasium seating 800, has already been declared too small. (Photo Waukegan News-Sun)

Bensenville Cinder Squad To Be Built Around Veterans

by GIL CUATRECASAS

Bensenville High school varsity cindermen opened their 1953 track season Tuesday afternoon in a non-conference meet at Leyden in Franklin Park.

This year's Bisons are lacking in depth, but possess good quality in a number of fine performers from last year's frosh-sophs. Only two seniors, Art Jolie, with some experience in the 440, and Don Darwin, a transfer student with some knowledge of the shot put, are on the small team.

The bulk of the points will have to be made by a few junior boys that gave a very good showing last season, it is believed. Lettermen Pedro Cuatrecasas, a versatile all-round competitor, is expected to take the place of George Egly, last year's star.

Cuatrecasas specializes in the pole vault and took first place honors in the frosh-soph conference meet last spring with a record 10' 6" leap. He also captured second in the high jump and hurdles and wound up with second place individual scoring honors.

Fred Kauffman is the Bisons' hope in the long distance events. Kauffman is strong in the 880 and took second place in that run in the '52 frosh-soph conference meet with an almost winning last minute lunge to the tape. His past work gives him an even stronger outlook to the future.

Bensenville's high hurdler is junior Bill Long, who has looked very good with his unusually fine style. The top BCHS dash man is expected to be Wes Poor, another junior with an impressive past record. Dick Ewerling and Tom Walsh should be the main entrants in shot put and discuss events.

Coach John Trapp this year will have to depend almost entirely on a few individual performers since the true ability of the newcomers will probably not be judgable until later in the season. Serving as obstacles will be the lack of practice time and the problem with track facilities. Then too, it will take a few meets for the boys to reach peak physical condition.

Hopes For Golf, Baseball Success High At BCHS

by DON TUCHSCHERER

With Easter vacation over and real spring weather just around the corner, the Bensenville Bisons are looking forward to what they hope will be another good season in Northwest conference baseball and golf.

Baseball coach Tom Meneguin is enthusiastic with his diamond prospects. If several promising rookies can come through as expected, the team should once again be a championship contender. Bensenville has always been a leader in baseball and will strive to continue along this route this spring.

VETERANS BACK this season include Dave Sloan, Joe Jankers, Harold Tews, Herb Brown, Mel Yarke, Bob Bedgood and Don Tuchscherer. They will be competing for jobs as regulars with a hopeful group of advancees from the 1952 frosh-soph nine.

Golf is another favorite Bison sport. They have been a constant threat the past several years and last season wound up in second place in conference competition. New golf coach is Ken Irons, who has replaced Ray Wile.

The golfers have already begun practice and loosening up so that they'll be able to maintain their first division rating. Candidates for the squad are headed by Don Weiss, Joe Massotti, Pete Welch, Jim Bressee, Jack Ross and Don Tuchsherer.

Shrinkage

A sanforized garment won't shrink more than one per cent while a "pre-shrunk" garment may shrink as much as two or three per cent which would make an inch difference in length.

Bard Nine Has Two Lettermen

by ED BERNDT

The Glenbard baseball team is facing a very uncertain season. Coach Harold Corrigan has only two returning lettermen and some tough league competition.

So far, the weather has kept coach Corrigan from getting too good a look at his charges, but the pitchers and catchers have had extensive workouts in the gym. The most likely prospects for the mound chores are John Newkirk, Dean Hadhazy, Joe Saviano, and Ron Mitchell. Catchers will be either Jack Haley, Bill Trongeau, or Ray Wezdenko.

* * *

ONLY EXPERIENCED boys in this group are Newkirk and Hadhazy who saw limited duty last year.

Starters Doubtful

The rest of the team is still very much in doubt. Dick McCrary and Ron Weichenhain are likely prospects to succeed their brothers as the Bard's double play combination. Barry Kent, Ken Mullin, Pat McNamee, Bob Sheridan and Noble Moran are other infield candidates.

* * *

IN THE OUTFIELD Dick Slater, Howie Chamberlain, and Hank Delcher are possible starters.

The Bards will open the conference season against Riverside on April 6, at Glenbard and will follow up with a match against Maine, at Maine, April 9.

Sports Menu At Arlington

Thursday, April 9, varsity baseball, Hinsdale, there, 4:15 p.m.

Friday, April 10, varsity and frosh-soph track, Niles and Leyden, here, 4 p.m.

Monday, April 13, varsity baseball, Maine, here, 4:15 p.m. Varsity and frosh-soph golf, Palatine, here, 4 p.m.

Tuesday, April 14, varsity and frosh-soph track, Maine, here, 4 p.m. Varsity and frosh-soph tennis, Niles, here, 4 p.m.

Thursday, April 16, varsity baseball, Downers Grove, there, 4:15 p.m. Frosh-soph and soph baseball, Niles, here, 4 p.m.

Maine Beats Heights In Practice Track Meet

Arlington's Varsity track team was defeated 52-37 in a practice meet with Maine high school Thursday, which was held indoors at Maine.

Results for Arlington were as follows: 50 yard high hurdles, Kent, first, 7 seconds — Ellis, second; 50 yard dash, Roberts, first, 5.8 seconds — Werner, second; 50 yard low hurdles, Kent, first, 6.5 seconds — Ellis, third; broad jump, Werner, 20' 1"; high jump, Dahlstrom, 5' 6"; shot, Winterbauer, 50' 3".

Arlington was unable to score in the 220, 440, 880, and mile run. They will have a chance to recover their loss from Maine when they meet with them April 14 at home.

There wil be a triangular meet with Niles and Leyden, at Arlington, Friday, at 3:30 p. m.

Openings In Golf Class At Adult Night School

The course in golf in the adult evening school division of the Arlington Heights high school is still open, and registrations are being accepted by contacting the high school office. This class will start Tuesday, April 28, at 7 p. m., for six weeks, at one of the local golf courses and will be taught by professional instructors. Further information may be secured by contacting the high school office.

Glenbard Tennis Team Faces Good Season

by ED BERNDT

Bolstered by the return of five lettermen, the Glenbard racketeers face a banner year.

The returning lettermen are Bill Hunt, Chuck Remington, John McLennan, Bob Waring and Bill Stone. Welcome help will come from Dick Waring, Bill Gooch, and Bob Johnson.

Right now it looks as if Hunt, McLennan and Bob Waring will play the singles while Dick Waring, Bill Stone, Bill Gooch, and Bob Johnson handle the doubles.

Warings Back From Georgia

After lettering as a sophomore, Waring moved to Georgia. He had a sensational year and went all the way through the state finals. His brother, Dick, is coming through in fine style this season.

At present, the Bards strongest opposition will come from York and Hinsdale. These two schools finished near the top of heap last year and each sports a host of returning lettermen.

The Bards will be shooting for at least a third place finish

Dick Hauff Featured In Chicagoland Golf

The sensational golfing career of Dick Hauff, 16 year old Arlington Heights high school junior, is featured in the April issue of Chicagoland Golf magazine.

Young Hauff twice has competed in national junior tournaments and already has bagged a room full of trophies. The story, written by Tommy Kouzmanoff, also of Arlington Hts., states that critics predict a brilliant future for the Arlington Heights youth.

Copies of Chicagoland Golf magazine are on sale at Millays Sweet Shop, corner of Davis and Dunton sts., Arlington Heights.

Bledsoe To Defend His Pole Vault Crown At Monmouth Meet

Dick Bledsoe of Park Ridge and graduate of Maine township high school, started his pole vaulting career at the age of 10 with a bamboo pole and his mother's backyard clothesline. From that modest jump of five feet, Dick has soared to 12' 9" and will defend his Midwest conference pole vaulting crown at Monmouth, May 23. It will be Bledsoe's final appearance for the Blue and White thinclads of Lawrence college, Appleton, Wis.

Dick has been undefeated this season, winning both the Midwest conference indoor pole vaulting title and the North Central relays, at Naperville. In the only dual meet of the season, against Ripon, Bledsoe easily topped all pole vaulting entries to cop a first place. Last season was climaxed by a Midwest conference title. His sophomore year he placed second.

Mt. Prospect Lions Little League To Hold Tryouts This Saturday

The Mount Prospect Lions Little League ball team will hold tryouts Saturday, April 11, at 1:30 p. m. Practice will be held in back of Lincoln school.

The diamond and field at Lions Park has been prepared and seeded and can not be used for several weeks. Adult help is needed.

MAC SAYS

BY G. A. McELROY

(Continued from previous page)

in over their heads and should be in a league where they are not, as at present, outranked by a 1,000 student margin. Libertyville is destined to grow to 1,500 in short order and Zion-Benton and Crystal Lake will become the big schools of the North Suburban. Warren with but 300 is at a great disadvantage in that league.

In the Northwest conference Palatine and Grant have a big enrollment edge and will continue to gain while of course the new Glenview-Northbrook school will far outnumber even these leaders with about 1,500 students by the end of the next five years. Pressure of numbers and uneven competition will force changes in alignment again in the near future without a doubt.

* * *

THIS PAST YEAR BARRINGTON traded places with Grayslake and shifted from the Northwest to the North Suburban conference. While Grayslake did little better in the smaller league where they were still one of the small schools, Barrington had an undefeated varsity basketball season, tied for the frosh-soph title, and ranked second in varsity football in the new surroundings.

At the same time McHenry was added to the North Suburban with the breakup of the Northern Illinois-Southern Wisconsin conference.

McHenry has not fared too well, but is a growing school with fine athletic facilities both in plant and coaching staff.

Warren balked on the recommendations of a two conference alignment committee and refused to go through with a shift to the Northwest conference involving Palatine.

150 Boys Meet In Wheeling For Little League

A group of 150 boys between the ages of 8 and 15 and men interested in Little League baseball met at the Wheeling school and learned about the part Wheeling will have in the Northwest Suburban Little League.

The evening began with a movie giving the highlights of the 1952 world series games between the New York Yankees and the Brooklyn Dodgers. Another movie shown at the meeting showed the basic fundamentals of Little League.

* * *

AMONG THE men introduced who will give their time towards the carrying on of the Little League activities in Wheeling are Ted Scanlon, co-ordinator of all Little League affairs. Coaches for the two teams that will participate in the Northwest Suburban Little League are Earl Hamren and Martin Mielke. Assistant coaches, Philip Runnfeldt and Delver (Doc) Dever. Walter Diens is in charge of transportation. The training program for boys who will not be on the first two teams will be under the direction of Verne Schuler and Jack Norris.

Chief of umpires is Oscar Laurance. Chairman of the ground committee, Doc Dever. Donald Welflin, Walter Scanlon and Henry Mayer are in charge of pony league activities. Publicity, Ed Welflin; player personnel, Ted Bartmann, Norman Nehmer and Leo Blocks.

* * *

SHORT explanation of the pony league activities was presented by Walter Scanlon.

The Chicago White Sox organization is furnishing approximately $1,000.00 worth of equipment toward these activities, which are sponsored by the Wheeling Amvets and Chamber of Commerce

Candy bars were passed out to all the boys present, along with application blanks, which should be filled out and turned in to Jack Norris at the Wheeling School or at Welflin's Grocery Store.

Little Leaguers To Hold Second Tryouts

The Mount Prospect Merchants held tryouts for Little Leaguers and Minor Leaguers last Saturday and in spite of cool weather many boys were on hand.

Under the guidance of Stu Goodenough, Orv Hitman, Chuck Lilgendahl, Bob Leakley, and Carl Palmer the tryouts are running along very smoothly. These fathers are being very helpful in making the program for the coming season get under way successfully.

The official Little League charter has been received from Williamsport, Penn., so that now the teams entered in the Northwest Suburban League are able to enter into national tournaments, which will begin in August.

There will be practice and tryouts again Saturday for the Merchants team. Time 1:30 p. m. at School and Busse sts.

There are major differences between major league and little league rules, which are listed below.

1. The playing field, in most dimensions, is two thirds the size of the regulation diamond.
2. Regulation games consist of six innings.
3. The catcher does not have to catch the third strike. The batter is out.
4. Base runners may not leave their bases until the ball has been delivered and has reached the batter.
5. Runners are allowed only one base when the pitcher overthrows in attempting to pick off a runner.
6. Pitchers are not required to pause one second when pitching from the set position.
7. The offensive manager may accept either the penalty or the play when a ball is called.

Aside from these few differences, Little League baseball is played hard, fast, and clean just like the "Big Leaguers" do. It provides good clean fun and develops sportsmanship and character in the boys who play it.

Scoring Records For Heights Gym

Listing of basketball scoring records for the new Arlington Heights high school gymnasium was made this week by athletic director Wally Grace with state champion LaGrange tying for team scoring honors.

Most points scored by one team, 77, LaGrange against Arlington January 23, 1953; Maine against Libertyville in regional March 5, 1953; Barrington against Maine in regional finals March 6, 1953; and New Trier against Oak Park in sectional March 12, 1953.

Most points scored by both teams, 143, by Elgin and New Trier (73-70) in sectional finals March 13, 1953.

Most points scored by individual player, 34, Barry Berghorn of Barrington in regional tourney finals against Maine March 6, 1953.

Most points scored by losing team, 70, by New Trier against Elgin (73) in the sectional finals

Arlington-Palatine Golf Champs To Compete In Season Opener

Next Monday when Arlington Heights opens the golf season with home matches against Palatine it will be West Suburban champs versus Northwest champs. Coach Curtis Larson's golfers have won the strong West Suburban the past two years in a row since joining the circuit. Palatine has taken the weak Northwest three years running. The past two seasons Arlington's West Suburban champs have been forced to split even in matches with Palatine's Pirates. Each year winning on the home Old Orchard course in April and losing May matches to Palatine at Inverness.

This year as in the past Arlington is the favorite in the opener. Coach Larson has a number of tried veterans headed by Dick Hauff, a junior, who won the West Suburban individual championship as a freshman. Last year Hauff was runnerup in the national caddy tournament. The Skelton twins are among other experienced veterans and from a squad of 25 boys Larson probably will find some new talent good enough to push the veterans.

* * *

PALATINE HAS 22 boys out for golf though the majority are frosh-sophs with limited experience. Several members of last year's Northbrook team are trying out and may add strength to the squad which is headed by "Tinker" Meyer and other lettermen. "Chuck" James, "Pete" Abrahamson, and Gerry McElroy. Meyer won the Northwest Conference medal honors the past two seasons as a freshman and as a sophomore. He is expected this season to be the best number one man Palatine has ever sent into prep competition and early practice rounds to date have found him in winning form.

Both Arlington and Palatine will have tryouts this week in an effort to seed the squad for the eight positions in the next Monday's matches. A varsity team of five will compete and a trio of frosh-sophs will oppose each other. This is the setup to be followed in the West Suburban Conference. Art Zimmer has taken over the main golf duties at Palatine this year replacing G. A. McElroy who will assist in a limited capacity. Golf has reached big league level the past few years at Palatine and the turnout and interest this season indicates that the past standard of play will likely be maintained.

Palatine Sports Menu

Wednesday, April 8, baseball at Niles township.

Thursday, April 9, track, Warren varsity and Wauconda frosh-soph, here.

Saturday, April 11, track, Mooseheart, here, two teams.

Monday, April 13, track at Lake Forest, two teams. Golf at Arlington Heights, two teams.

Tuesday, April 14, baseball at Elgin, varsity.

With Uncle Sam

Discharged

After serving two years in the U. S. army, Pfc. James R. Rowander will receive his separation at the quartermaster training command, Fort Lee, Va., this week.

The son of Mr. and Mrs. Stephen Rowander, 306 McDonald rd., Prospect Heights, he is a graduate of Arlington Heights high school and attended the University of Illinois for two years. Prior to his induction into the service two years ago, he was a sales clerk for Kraft Foods company.

His wife and five months old son live at 101 E. Hawthorne st., Arlington Heights.

In Arkansas

Pvt. Lawrence Robert Mielke, son of Norman Mielke, Wheeling, has been assigned to Company D, 46th Armored Infantry Battalion, 5th Armored Division for basic training in the army as an artilleryman.

Private Mielke's first eight weeks will be spent in infantry training where he will be taught the fundamentals of soldiering, learn to use and fire various infantry weapons and practice army combat tactics.

During the final eight weeks he wil be taught artillery techniques and receive training with the 105 mm howitzer. After completing his basic training, he will be reassigned for duty with an army artillery unit.

In California

Roy Tesch, son of Fred Tesch, Arlington Heights, will leave soon for a cruise aboard the carrier U. S. S. Yorktown. His address is: Roy Tesch, CSSN, 369-47-70, U. S. S. Yorktown C. V. A. — 10, % FPO, San Francisco, California.

In Washington

TED SAVAGE

RICHARD HOFFMAN

It has been announced by the 44th Infantry division that two men from Arlington Heights have been assigned to the 44th to take their basic training at Fort Lewis, Washington.

They are: Pvt. Edmund (Ted) Savage, son of Mr. and Mrs. Fred Skidmore, 203 N. Belmont, and Pvt. Richard Hoffman, son of Mr. and Mrs. Adam Hoffman, 116 S. Dunton. They have both been assigned to Company L, 129th Infantry Regiment.

Hoffman's address is: Pvt. EI, Richard Hoffman, U. S. 55376777, Co. L, 129th Inf. Reg., 44th Inf. Div., Fort Lewis, Washington.

Savage's address is: Pvt. E. H. Savage, U. S. 26368860, Co. L, 129th Inf. Reg., 44th Inf. Div., Ft. Lewis, Washington.

Confidence in uncertainties is the greatest enemy of what is certain.

In California

Pvt. George Loeber of Palatine has been assigned to Camp Roberts, Calif., to begin his military training.

Pvt. Loeber, whose parents, Mr. and Mrs. Martin Loeber, reside at Plum Grove rd., Palatine, has been assigned to Co. B 77th Armd. Inf. Bn. at Camp Roberts.

The huge military installation, one of the largest replacement training centers during World War II, is now the home of the "Lucky Seventh" armored division and is located on U. S. highway 101 about halfway between the cities of Los Angeles and San Francisco.

Meet In Tripoli

JACK O'HEARN

JOHN R. SIMON

John R. Simon and Jack O'Hearn, both of Arlington Hts., met in March over in Tripoli, Africa. Simon snapped the accompanying photo of his friend O'Hearn while there. The other picture is of Simon, left, and another buddy.

Simon is now stationed in Chaumont, France. His address is: A/3c John R. Simon, AF 26368840, 494th Ftr. Bmr. Sqd., 48th Ftr. Bmr. Wng., APO 119, % PM, New York, N. Y. He is the son of Mr. and Mrs. J. F. Simon.

In California

Pvt. Donald Anstedt of Mt. Prospect has been assigned to Camp Roberts, Calif., to begin his military training.

Pvt. Donald Anstedt whose parents, Mr. and Mrs. P. Anstedt, reside at 303 Hiawatha trail, Mt. Prospect, has been assigned to Co. B 77 ARMBINE-BN at Camp Roberts.

The huge military installation, one of the largest replacement training centers during World War II is now the home of the "Lucky Seventh" Armored Division and is located on U. S. highway 101 about halfway between the cities of Los Angeles and San Francisco.

In Washington

Pvt. Richard Collignon, formerly of Palatine, has been assigned to the 44th Infantry Division at Fort Lewis, Wash., for basic training.

Richard is the husband of Gloria Collignon, who lives at 2900 S. Poplar, Chicago.

He is assigned to Company L, 129th Inf. Regt.

PUT THIS ON YOUR CALENDAR

SATURDAY, APRIL 11

NEW MOUNT PROSPECT YARD

GRAND OPENING

Hines Mount Prospect yard is conveniently located at 604 W. Central Road one block west of the Chicago and Northwestern Railroad tracks. Easily reached from the north by highway 83, from the northwest and southeast by highway 14 or 12, and from the south by Busse or Elmhurst Roads

The Edward Hines Lumber Co. is very proud to announce the opening of its new Mount Prospect branch. The 25th yard to be added to the Hines branch yard organization.

New modern buildings and facilities have replaced the old sheds to make your shopping more convenient, and a beautiful new office and display room has just been completed where you can see a wide variety of wood panelings, millwork and other new building materials. There the Hines experts can help you with your home remodeling or repair problems.

We would like to invite everyone from Mount Prospect, Arlington Heights, Wheeling and Palatine to come in and inspect the yard and see our full complete line of quality building materials as well as Hines top quality lumber and millwork for new homes.

BALSAM WOOL
Blanket insulation for rafters and studs. No sagging, no settling, standard thickness. Sq. ft. 6c

ECONOMY CORNER

Hoot Mon! Here's the long and short of it—you save 20% to 25% over the long length price by buying shorts! So check the Economy Corner for savings in quality lumber and mouldings this week at your Mount Prospect Hines yard!

SAVE 20%...AND MORE!

Here's something you should know about buying lumber—the longer the length, the higher the price! For instance, a 24-ft. piece costs more per foot than a 16-ft. piece. And when you get into short lengths, 6 ft. and shorter, you are really saving money—at least 20 per cent over standard long length prices. And that's a real saving you can take advantage of in doing odd jobs around the house. Buy your lumber in the Economy Corner and save. You'll find a wide choice of quality lumber shorts, all plainly price marked so you can make your own selection!

HINES PERFORMANCE BONDED GARAGES

Be sure you buy Hines mill-made garage doors—they last longer, they operate easier—they are a better buy!

So you can be doubly sure of getting full value for your money Hines developed this new garage construction service. It couples up quality materials and workmanship—and everything is guaranteed by a written Performance Bond—backed by Hines and The United Pacific Insurance Co. Send for Hines garage book today—it explains the performance bond and shows you a wide variety of smartly styled garages.

Whether you want just a plain garage or something architecturally styled to harmonize with your home, Hines Bonded Garage Builders are ready to give the best values in all Chicago. These contractors, selected by Hines for their "know-how", honesty and all around reliability, employ expert union craftsmen who do good work, and Hines is proud of every Bonded garage they build. We can think of no stronger or more sincere recommendation.

Edward Hines Lumber Co.
604 W. Central Rd., Mount Prospect, Ill.

I would like to learn, without cost or obligation, complete details on your Hines Bonded Garage construction plan. I am interested in seeing prices and designs for one ☐ and two car ☐ garages.

Spring Clean-Up Makes Farm Safer

Thorough clean-up before spring work starts is a good insurance against loss of property and man-hours on the farm this summer.

John W. Matthews, executive secretary of the Illinois Rural Safety council, says the few hours that are spent now cleaning out hazards may save many days during the busy season.

One rule for farm safety emphasized by the Rural Safety council is "A place for everything and everything in its place," Matthews says. A recent study of hospitalized home accident cases showed that the largest single cause of injuries, other than poor judgment, was disorder. In fact, dsiorder was responsible for putting one out of every five accident victims in the hospital.

Remove such trash as papers, rags and rubbish, scattered boxes and boards that may have accumulated from basement to attic. Clearly label medicines, drugs and insecticides, and keep them out of the reach of children.

Check through the farm shop. Keep tools in their right places and hammer and axe handles secure and in good condition. Remove piles of barbed wire, glass, scrap metals, loose boards, weeds, grass, etc.

Barns are the principal work center for daily farm chores. It is important to find suitable locations or storage places for feed, tools and other equipment to keep alleyways and work areas clear.

We carry the J. I. Case Company tractors and machinery; also the famous DANDY BOY Garden Tractors, and Jamesway Barn Equipment. Please call on us and let us show you what we have. We want to be of service.

Vegetable Growers Ask End To Gov't Food Subsidies

Fifty-nine vegetable grower leaders from thirty-four states across the nation attended a special conference called by A. Lee Towson Jr., of Seabrook, N. J., president of the vegetable growers association of America, at the Raleigh hotel in the nation's capital March 2b and 25.

Meetings were held with administrative and congressional leaders including secretary of agriculture Ezra T. Benson, senator George Aitken and congressman Clifford R. Hope, respective chairmen of the senate and house agriculture committees.

* * *

A STATEMENT developed by these vegetable grower leaders was presented to administrative and congressional leaders and to all members of congress and agricultural leaders in Washington and the states. A delegation of fifteen members of this vegetable growers group was granted permission to meet with President Eisenhower, telling him:

According to U. S. D. A. figures, the American public consumed 1,577 pounds of food per person last year. About half of this food was produced under conditions of price support. The other half, of which vegetables were a major part, was produced and marketed without formal support.

The group requested in the spirit of fair play that all acreage removed from crops under price support schemes by acreage allotments must be planted for soil building purposes only and not from subsidized competition to unsupported crops.

* * *

A RELATIVELY low tariff with no import quotas is causing considerable hardship by demoralizing normal markets with produce brought in from areas outside of the U. S. A., where the standard of living is relatively low.

American agriculture has the 'know-how" and best mechanized tools for production and distribution. Its markets consist of consumers who have the greatest purchasing power ever known. Yet, some growers, administrators, and legislators think that under all these optimum conditions it is necessary to subsidize agriculture.

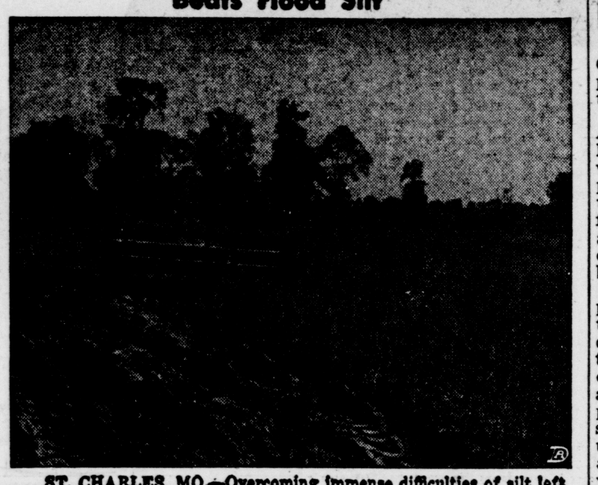

Among those representing the Illinois growers were Elmer J. Steil of Des Plaines, secretary of the Cook county truck gardeners and farmers association and treasurer of the vegetable growers association of America. Walter F. Sass of Chicago, president of Cook county truck gardeners and farmers association and Merle Kraus, president of Peoria vegetable growers association.

Milk Output Reaches High Rate In December

In contrast to the cattle situation, weather was unusually favorable for milk production this winter. With the nation's farmers feeding concentrates liberally and the number of milk cows increasing, output of milk reached the highest annual rate on record in December, according to USDA Bureau of Agricultural Economics reports. And it was nearly as high in January.

Increased production was mainly responsible for the price declines of the last few months, the economists said. They expect the rate of milk production to increase less than seasonally this spring, but the total for 1953 is expected to top the 115.1 billion pounds of 1951.

Beats Flood Silt

ST. CHARLES, MO.—Overcoming immense difficulties of silt left behind by Missouri floods, an amazingly successful combining operation was completed on the soybean crop at Bedring Bros. farm here. Flood water which had stood 10 ft. over the fields washed in river sand in varying depths to five feet. In certain areas a deep plowing operation buried the sand to put the black soil back on top. When this was put to soybeans it raised a good crop of 35 to 40 bushels to the acre.

Beans stood 12 inches high in some sections—and were 3 feet high in areas where the deep plowing had taken place. Ordinary tractors with pull-type combines were unable to harvest the crop and buried themselves. Then a Massey-Harris self-propelled combine was brought in and the combining operation was completed in record time.

LAW on the FARM

Small Loan Companies

Farmers in Illinois annually use millions of dollars' worth of short-term credit. Some of this credit is obtained from companies specializing in small loans. Under provisions of the Small Loans Act, small loan businesses in Illinois are subject to inspection and licensing by the State Department of Insurance. If a license is issued to such a company, it may loan up to $500 at these interest rates:

Three per cent per month on $150.
Two per cent per month on the next $150.
One per cent per month on any amount above $300 up to $500.

This interest shall not be compounded and is to be computed only on unpaid principal. Monthly payments on the principal reduce the amount on which interest must be paid for any month.

The law attempts to secure substantial compliance by prohibiting the collection of service charges or advance payments. It also provides that no company shall encourage borrowers to split or divide loans, and that husbands and wives shall not be permitted to have separate contracts for loans at the same time, with the object, on the part of the company, of securing a higher rate of interest.

The law also sets up detailed provisions relative to the licensing and bonding of small loan companies and requires that certain records be kept by them.

Conceding that small loan companies do have a definite place in the credit field and that the legislation just referred to is an earnest and effective effort toward regulating such agencies, it is still not good business for farmers to use credit that may cost as much as 36 per cent a year when it can be procured for less. Also, for a farm business with a steady turnover, as is the case with dairy, poultry and mixed livestock farms, an effort should be made to pay cash for small items and to use short-term credit for procuring livestock, grain or equipment in substantial amounts.

The law on small loans may be found in the Illinois Revised Statutes, chapter 74, sections 19-46.

Urges End To Wage And Price Controls

Congress should permit the price and wage control law to expire on April 30 and reject all stand-by control legislation. This was one of seven major recommendations submitted to secretary of agriculture Ezra T. Benson by an 18-man live stock industry committee, reports the National Live Stock Producer, the nation's leading live stock magazine.

The committee offered the following recommendations:

The government should check carefully its program of purchases of beef for armed services and other uses and, wherever possible, the volume of beef for such uses be increased.

That immediate steps be taken to increase the volume of beef used in the school lunch program both through local purchases and through amounts supplied USDA by Section 32 funds.

That research be expanded in an effort to increase the use of tallow, animal fats and hides.

The committee recommended Congress permit the price and wage control law to expire on April 30 and to reject the legislation now before Congress which would provide stand-by controls or a 90-day freeze order.

Prohibition

Dairy cows often get mastitis when they are dry.

Plow Catch Crop When 6-10 Inches High

Plowing under a catch crop legume at the right time in the spring may have a lot to do with the kind of corn stand that follows.

In general, try to plow the catch crop when the growth is about 6 to 10 inches tall, says D. M. Mulvaney, Illinois College of Agriculture agronomist.

If one waits until spring growth is 18 to 20 inches tall, there is a good chance that the legume will pull too much moisture out of the soil, causing a shortage of water for good early growth and germination of corn.

Mulvaney points out that there is little difference in spring and fall plowing of catch crop legumes as far as adding nitrogen to the soil is concerned. Most of the spring growth of the crop merely means a transfer of nutrients from the roots to the tops.

TURNING the catch crop under in the spring is recommended as an erosion control measure on most of the silt loam soils and sloping land.

Late fall plowing, in late October or November, is generally recommended for catch crop legumes on heavy, dark and level or nearly level soil types. When a legume is plowed in the fall, there is some chance that it may come up as a weed in the corn the next spring, Mulvaney says. If it does come up, however, it can be controlled with 2.4-D.

Weed Killers Can Cut Corn Cost

Chemical weed killers can help produce more corn at lower cost this summer.

F. W. Slife, Illinois College of Agriculture weed control specialist, emphasizes that chemicals will not replace sound cultural practices. There are no substitutes for good seed and proper fertilization and management of adapted hybrids. But the chemicals can help do a good job better, he adds.

Researchers of the U. S. Department of Agriculture report that in recent experiments chemical weed control, without additional cultivation, has increased corn yields from 10 to 40 bushels an acre. Their work over the past 7 years shows that 2.4-D sprays used before corn comes up, after the plants emerge and at lay-by time will control weeds, reduce the number of cultivations needed and increase corn yields.

THE WEED specialists estimate the costs of this series of treatments at about $2.25 an acre.

On most soils a 2.4-D spray treatment applied any time from the date corn is planted until the leaves unfold will control annual grasses and some broadleafed weeds that are not affected by the later sprays.

A week after the young corn leaves unfold, apply the post-emergence over-all sprays of 2.4-D. Make this application promptly, because the taller the corn, the more chance of injuring it with these sprays. Finally, treatment with 2.4-D from a directed spray with a drop nozzle will extend weed control from lay-by to harvest. Any one or all three of these treatments may be used as needed.

The county farm adviser can suggest what type of 2.4-D to use and how to apply them.

Manure Can Double Pasture Plot Yields

Records from the University of Illinois dairy science department show that manured pastured plots will yield more than twice as much forage as unmanured plots.

In addition, tests have shown that the manured grass contains from 5 to 20 per cent more protein than the untreated grass.

This is pretty good evidence that manure is one of the best fertilizers for pastures, according to C. S. Rhode, extension dairy specialist in the College of Agriculture. It's worth careful attention to be sure to avoid waste and use it to best advantage. Rhode suggests late winter and early spring as a good time to apply manure to pastures.

Tells When To Top Dress Winter Wheat

Whether or not winter wheat responds to nitrogen fertilizer depends mainly on how far in advance of the wheat crop a legume was grown and how successful it was — or how much nitrogen is already available in the soil.

Carl F. Mees, farm adviser, says that on nitrogen-deficient soils supplementary nitrogen has usually been most effective when top-dressed at the rate of 20-30 pounds per acre in early April.

At the Brownstown experiment field, with a corn-beans-wheat-hay rotation, yield increases have averaged about 6 bushels with top dressing of about 30 pounds of nitrogen. This was on wheat after soybeans, and on land that was well supplied with lime, phosphate and potash.

If a field has plenty of nitrogen, however, as would be the case with wheat following clover, there would rarely be any response from applying nitrogen, and it would probably cause the wheat to lodge easily and produce poor-quality grain.

Mixed fertilizers will generally give best results when applied in the fall, Mees says, because the wheat needs the phosphorus and potash to promote good fall growth. It would also be better for legume if applied in the fall, mixing the phosphorus and potash with the seedbed.

If the nitrogen is put on late in the spring, use a nitrate type, which is quickly effective.

PIEPENBRINK

AUCTION

Having decided to discontinue farming, the undersigned will offer the following personal property for sale at public auction on the farm located 4 miles northwest of Des Plaines, Ill., 2 miles northeast of Mount Prospect, being ½ mile east of Route 83, on Route 12 (Rand rd.), on

Saturday, April 11, At 12:30

HOGS—2 Chester White sows, due to farrow by day of sale; 9 butcher hogs, average weight about 200 lbs. each.

FARM PRODUCE—750 bu. ear corn in crib; 300 bu. heavy clinton oats; 60 bu. wheat.

SHEEP—7 Shropshire ewes with lambs; 1 ram.

POULTRY—200 Leghorn Minorca laying hens; 3 Muscovy ducks; 1 drake.

TRACTOR AND FARM MACHINERY

Farmall Model M tractor on rubber, with starter, lights and cult. attach. (good cond.); Oliver 6 ft. combine with motor; Van Brunt 8 ft. grain drill with grass seed attach.; McCormick 9 ft. tractor disc; New Holland string tie hay baler (good cond.); McCormick 6 ft. grain binder; McCormick 3-14 tractor plow; Owatonne 36 ft. grain elevator; McCormick 8-roll corn shredder.

New Idea manure spreader, like new; 2-sec. 12-ft. drag; 5-ft. hay mower; 2-sec. 10-ft. drag; 2-row corn planter; New Idea 4-bar side rake; 10-ft. Springtooth harrow; RT wagon and rack; 6-ft. hay mower; steel wheel wagon and rack; fanning mill; dump rake; 2 running gears; potato planter; 10-in. feed grinder; potato digger; snow plow to fit M tractor; air compressor with motor, paint sprayer, and hose.

8-hole galv. hog self feeder; manure carrier, cable and track; 100 ft. 6-in. endless belt; 2 4-in. belts 20 ft. long; 36 ft. extension ladder; 24x16 ft. canvas; 12x12 ft. canvas; 24-in. power mower; 25 steel fence posts; heavy log chains; 2 jacks; hot bed windows; 110-gal. gas tank; 180 ft. hay rope; power wood saw; tackle pulleys; 2 chicken brooders; 50 grain bags; 3 h.p. electric motor (just rebuilt).

3 electric motors (½ h.p.); 2 gas hog water tanks; 3 oil barrels; butchering tools; large pile of lumber and planks; hog oiler and troughs; 60 ft. new galv. water pipe; used water pipe; electric sheep shearer; cow clipper; garden equipment; 3 tons of scrap iron; chicken feeders; 3 bales baler twine; 6 milk cans; chicken coops, waterers, etc.

Pails and strainers; pump jack; 2 electric fencers; platform scale; water tank; blow torches; 2-in. die set; bolt threaders; bolt cutters; clamps; drill press; wrenches; anvil; pipe wrenches; forks, shovels, and many other articles too numerous to mention.

SOME HOUSEHOLD GOODS AND ANTIQUES—Sofa and chair, writing desk, trunks, folding chairs, dresser, mirror, chest of drawers, bed and spring, Victrola, buffet, bird cages, 2 large linoleum rugs, 9x12 wool rug, kitchen cabinet, baby buggy, outboard motor, antique love seat and chair.

These Poor Fish Catch 'Um In A Hurry

There are some peculiar expressions in our American slang. We admire "a smart cookie" but "a poor fish" is held in contempt, as if fishes were the dumbest creatures on earth. They may seem dumb, and some kinds probably are, but — to expert fishermen and scientists who study the behavior of fish — the black basses, for instance, appear to be as alert and intelligent as many of the so-called higher animals.

Black bass strike best in waters which are fished very little or, in more popular spots, when the season first opens. As more and more people come to try their luck, the time between bites rapidly becomes longer and longer until even the experts may go home empty-handed. Contrary to popular belief, this does not mean that most of the bass have been caught out. It merely demonstrates that the fish have become "smart" and wary; they have learned to avoid those gaudy artificial flies or plugs, and even tempting live baits on the end of a line.

This was strikingly shown in a lake near Charleston, Ill., operated experimentally by the State Natural History Survey for a study of bass fishing and how to improve it. In 1949, with 1027 marked bass in the lake, it took an average of only 24 minutes, each, to catch the first 50 but, by the end of that first day of fishing, it took over two hours to catch a bass. On the second day it took from 5 to 6 hours, and from 10 to 15 hours on the next three days. In other words, altho most of them were still in the lake, it took about thirty times as long to fool a bass as it did at first. The memory of an escape from the hook, or perhaps the sight of a fellow bass caught and struggling, was apparently enough warning for the others to beware of those colorful gadgets.

High Income

A University of Illinois farm economist says that high consumer income is the best insurance that total income to dairymen and other farmers will continue at a high level.

More Milk

About 16 per cent of the increased milk supply in the Chicago milkshed has resulted from higher production per herd.

AUCTION

On Town Line rd. at the intersection of Town Line rd. and Cashmore rd., being 1 mile south of Wadsworth, 3 miles west of Green Bay rd., 2 miles east of Hwy. 41, 3 miles north of Gurnee, 6 miles northwest of Waukegan, on

Sunday, April 12, at 1

CATTLE—18 head of Holstein and Guernsey cattle, consisting of 10 cows, 2 bred Holstein heifers, 1 open Guernsey heifer, 3 Holstein heifers (6 mos. old), 1 calf, Holstein bull (14 mos. old). The 10 milk cows consist of one cow with calf at side, 2 fresh, 1 springer, 4 recently fresh, milking good.

MACHINERY—Case "SC" tractor on rubber, with starter, lights, and 2 row hyd. lift cult. (ex. cond.); case "VAC" tractor on rubber, with starter and lights (like new); Case 2 bot. 14-in. tractor plow; Case 7 ft. tractor disc; new Case 3-sec. steel drag with folding draw bar; V-B 6 ft. grain drill with grass seed attach.; Case corn planter, with fert. attach. and ch. wire; Case 7 ft. power mower; Case 4 bar tractor, side del. rake; D-B tractor manure spreader (on rubber); new M. H. rubber tired wagon and box.

To Discuss Hog Cholera Vaccines

Hog cholera vaccines will be discussed at seven district meetings arranged by the Illinois Farm Bureau Serum Association, April 6 to 14.

Ray Cunningham of Alvin, president of the company, said the purpose of the meetings was to acquaint farm leaders with the proper uses of new modified live virus vaccines.

The Serum association is an affiliated company of the Illinois Agricultural association, the statewide Farm Bureau organization with more than 195,000 farm families as members.

More than 350 farm leaders have said they'll attend the meetings, Cunningham sai i. Reservations have been made by farm advisers, county organization directors and prominent hog raisers in Illinois.

In addition, Dean Robert Graham of the University of Illinois College of Veterinary Medicine and scientists from Anchor Serum company at St. Joseph, Mo., will attend the meetings.

A question-and-answer session will be held after each discussion, the Serum association president said.

The meeting for this area will be held at Maxon's Manor at Oregon April 14 beginning at 12 noon.

Tells Why Beef Dropped So Fast

Heavy liquidation of partly finished cattle during recent weeks dropped live animal prices 20 to 40%. This in turn brought the price of beef at retail levels down as much as 40% for some cuts from prices during the same period a year ago.

Consumers took advantage of this price drop. They bought more beef — 53% more during the past weeks than during the same period a year ago.

THIS HEAVY marketing was brought about partly by the unfavorable cattle corn feeding ratio. Feeders could store corn at support levels and didn't have to take the risks of feeding cattle and investing in extra labor during the winter and early spring.

As feeders started to move cattle from the feed lots many of the in and out feeders tried to unload, with the resulting over supply of partly finished cattle causing a very depressed market.

A general price improvement is expected during the spring with fed cattle showing marked seasonal strength after the recent readjustment of numbers in the feed lots.

Ladino Clover Is Excellent Pasture

Ladino clover pasture as a hog feed has proved its ability to save supplement and grain, says Farm Adviser Carl F. Mees. It also furnishes excellent pasture for poultry. Raising pullets on range will reduce feed cost and help build healthy birds.

Now is the time of the year when Ladino clover should be seeded. The seeding of straight Ladino clover for poultry or swine pastures should be at the rate of 2 pounds per acre. The seed should not be covered too deep, not over ½ inch.

Other important requirements of good stands include having adequate supply of lime, phosphate and potash in the soil.

Ladino is usually not considered a very favorable pasture for livestock, such as cows and sheep because of the danger of bloat. If it is used for ruminants, a good supply of grass should be included in the mixture.

Sue Builder For Draining Lake, Wells

Controversy over drainage of water from an excavation which reportedly causes wells to go dry is one of the reasons legal action is being contemplated against Reding Coal & Material co., of Park Ridge, Harry Daume, president of Bel-Aire Acres Civic association stated.

According to Daume, Reding is alleged to be:

1. Pumping water out of a 'lake' to keep it dry for removal of sand and gravel between E. River and Potter rds. on Ballard rd.

2. Violating a District 2 Drainage commissioner's order to stop using draining ditches to let water run off because they are being overloaded.

3. Draining 'lake' which causes residential wells to go dry. Daume said most contractors dig with water in excavation. But Reding said draining is a normal operation to do the work and to level off the bottom. He charged that residential wells "are polluted and are only five feet deep."

11% Bigger Yield at 35% LOWER COST!

Add MARLAND, The Triple-Action Product

Here Are Results Of a Farmer's Own Tests with Hoover COLLOIDAL PHOSPHATE, the Soil Builder

John Bunting, Danforth, Illinois, wanted to know what would bring best results in his own fields. So he put Colloidal Phosphate to a comparative test with his favorite chemical fertilizer, 3-12-12, in a field of corn. Results were decisive. The chemical fertilizer produced a yield of 71 bushels per acre at a cost of $2.30 per acre. Colloidal Phosphate brought 78.9 bushels per acre at a cost of $1.50 per acre. Think of it . . . 11% bigger yield at 35% lower cost! And that is typical of results secured by farmers the country over, for Colloidal Phosphate brings better results in practically any soil or climate. Action is immediate, because minerals are in the colloidal form plants require . . . ready to enter directly into the cellular structure and produce plant growth. Digestible is the word for it!

Whether it's used for grain, hay, legumes, vegetables or flowers, Colloidal Phosphate brings amazing results.

Just as Colloidal Phosphate is the natural source of phosphorous, Marland (greensand marl) is rich in pottassium plus many trace elements.

Marland releases these elements from insoluble form in the soil and feeds them to the plants as needed. It loosens and opens hard soils, binds sandy soils, regulates moisture and stimulates soil organisms. Marland absorbs sun heat in early spring, warming soil for earlier crops; also holds high moisture content, thus cooling soil during hot and dry weather.

While Colloidal and Marland may be used separately with good results, the two combined assures practically everything needed for ideal soil conditioning and heavy growth.

WHAT COLLOIDAL PHOSPHATE AND MARLAND DO . . .

- ★ Sweeten soil; counteract soil acidity.
- ★ Lower cost of fertilization.
- ★ Build up reserves of plant food.
- ★ Improve soil quality and texture.
- ★ Improve mineral content and quality of crops.
- ★ Conserve and retain moisture in soil.
- ★ Hasten maturity; increase quantity and quality of crops.
- ★ Stimulate germination when mixed directly with seed.
- ★ Can be broadcast or drilled with seed, thus saving cost of advance application and one complete discing job.
- ★ Promote growth of bacteria and soil organisms.
- ★ Feed freely through any fertilizer distributor. No special equipment needed.
- ★ Blend with soil and all other forms of fertilizer material.

And both are non-toxic to man, animal, soil, plants or machinery (never cause rusting or corrosion).

FREE BOOKLET describing all these Hoover soil conditioners and showing many test results is yours for the asking. Write today.

Your Local New Car Dealers

OFFER TO MOTORISTS OF THE NORTHWEST AREA

✓Checked and double checked✓✓

USED CARS

LOOK BEHIND A GUARANTEE

The most important thing about your new car dealer's guarantee is the assurance that he'll be there if you need him. The average new car dealer has been in business more than 20 years. He has a large investment in his building and his business . . . and a background of many thousands of satisfied customers.

DOLLAR FOR DOLLAR

NEW CAR DEALERS SELL BETTER USED CARS BECAUSE

Your new car dealer's sense of community responsibility and a financial position that enables him to do so, is your assurance that he will "junk," not sell, undesirable cars that can't be put into safe driving condition.

His buying advantages on parts and equipment reduce reconditioning and guarantee costs. This savings is reflected in the selling price of his used cars.

Your new car dealer has the right equipment at hand to properly condition the used cars he sells. Factory-sponsored training programs are available to his mechanics.

He knows the history of many of the used cars he sells. Some of them he sold new and serviced until they were traded in. You can depend on the safety of used cars like these.

Way Back When

"Our Aim: To Fear God, Tell The Truth, and Make Money." — H. C. Paddock, 1898-1935

Happenings 10, 20, 30, 40 and 50 years ago this week

Fifty Years Ago

April 11, 1903

A Palatine girl was caught kissing her sweetheart a few days ago. Her mother took her to task for such actions but the girl silenced her by this quotation, "Whatsoever ye would that men should do unto you, do ye even so unto them." The old lady wilted. Memories of old were brought forcibly to mind.

M. Richman, Palatine, will extend Brockway street north from Colfax street through the former Wilson nursery.

At the Wheeling township election, 122 voted to pay road tax in money and 64 voted to pay it in labor.

Both of Schaumburg saloon keepers have applied for liquor licenses and now the township will get $750 to gravel the roads.

Ernest Cosman, Itasca, noted for honesty and truthfulness, says that in one shot he bagged four ducks and wounded a fifth last week.

The village fathers of Bensenville have given the calaboose a good cleaning by tearing out the old stone floor.

Forty Years Ago

April 11, 1913

Henry Wiemerschlage, Bensenville, was severely burned when two drums of calcium carbide stored in his basement for acetylene gas exploded when the basement became flooded by water.

Albert Busse reports the sale of nine 1913 Buick cars in one week.

Who lost a sack of oats from his wagon can call on J. H. Whiting and claim his property and pay for this notice.

The secretary of the Board of Education of Arlington Heights says they will persist in the old fossil practice of numbering the ballots unless there is a formal protest in the form of a petition.

Editor Paddock protests the erection of a village hall on the site of the pump house. The editor advocated the new building at another location, the first story to have council rooms and the second story to have a large town hall and public library.

Miss Mary Hoffmeister and Richard A. Taylor of Palatine are married in an Austin church. The bridal party including the bride's parents, were supposed to board an Illinois Central train for Lena, Illinois. To the dismay of the bride, the conductor made the signal to start the train, leaving the groom and one of the bridesmaids in the depot.

Fred Gusewelle, Palatine farmer, loses his left hand in a corn shredder.

Thirty Years Ago

April 6, 1923

Palatine had a hot election for township school trustees, Henry Bruhns won by six votes over Mr. Daverman.

A petition was circulated last week in Bensenville asking for a train early enough to get commuters to work in Chicago by 7 o'clock.

The Wheeling postoffice is now established in E. J. Welflin's general store.

Wrestling matches are held in Wood Dale schoolhouse regularly. Tom Cannon has a stopper hold down to perfection.

Dick Fredericks, Mount Prospect, has put on an addition to his garage to house his star Durant truck.

Twenty Years Ago

April 7, 1933

There was only one opposing candidate in the Elk Grove township election, but 633 votes were cast.

Schaumburg has a warm election. Fred W. Pfingsten was elected supervisor by 8 votes; and there were four candidates for tax collector, William Gieseke winning.

Palatine township election brought out 1292 votes with seven candidates for tax collector. Grace Butler was the winner.

When the fire alarm sounded in Arlington Heights, three men not members of the department, took the truck to Creamery Package Co. Fire Chief George K. Volz, caused their arrest. They each paid a fine of $10 and had to spend a week washing the fire trucks and police cars. Two of the culprits were Rox Bolte and Emmet McKay.

Elk Grove plans a special centennial celebration.

Wheeling also has a hot township election. William Annen was re-elected tax collector. The highest number of votes, 1747, went to Carl H. Skoog for constable. Mr. Helm was second high with 1651. J. Fred Meyer for assessor won by the narrow margin of 15 votes. Herman Garms elected road commissioner by only 27 votes.

The family of Howard Castle, Barrington, has turned over to George W. House, Palatine town clerk, the deed to Cady cemetery.

Members of the Pure Milk Association district No. 11 comprising Northwest Cook county practically stole an insurgent meeting at Seipe auditorium, Palatine. The insurgents came from McHenry county.

DuPage county is promised rural zoning.

Candidates for the Independent Party in village of Wheeling are: Otto Utpadel, William Laurance, Hans Schmidt, John Nielsen, Charles C. Utpadel.

Fred C. Militzer, teacher in St. Peter's congregation, Arlington Heights 56 years, dies.

Preliminary regulations on the new state sales tax are summarized.

Ten Years Ago

April 9, 1943

Second war loan bond sales start Monday.

Arlington air field to operate by June 1.

A. C. Mundy received letter from two Palatine 12 year old boys saying they want to help with the war effort and asked for jobs.

U. S. refuses to pay Arlington ration office rent.

Palatine drops relief tax.

Scout drive nets $400 in Palatine.

Mrs. William Heimsoth, Bensenville, dies.

New Ideas In Homes

A SMALL HOUSE PLANNING BUREAU DESIGN NO. B-97-G

Design B-97-G. All rooms open on a small six-foot hall, reducing waste and providing excellent circulation between rooms. Kitchen and bathroom plumbing, with laundry below, confines the plumbing to one wall for cheaper installation.

There are two bedrooms, living room, combination kitchen-dinette and a full basement, except under the garage. The blank wall between garage and house is well used for stairs and vestibules.

Closets are provided at both entrances, two in kitchen, linen in the hall and wardrobe closets in the bedrooms.

Exterior finish is wide siding and asphalt shingles. Floor area is 935 sq. ft., without garage and cubage is 17,765 cu. ft.

For further information about Design B-97-G, write the Small House Planning Bureau, St. Cloud, Minn.

Topics . . .

Justice courts can be good or bad, but it would be hard to find a finer example than the one adminstered by Judge Ralph Gould, police magistrate of Mount Prospect.

Several youngsters were called in because of a thoughtless quest for excitement. Judge Gould handled the matter with tact and dispatch. An experienced man explained to three young men their responsibility as citizens of the village. Man to man.

His court isn't in business to make money. It is to promote the safety and welfare of the people, and his success deserves recognition. A defendant never leaves the courtroom without the judge at least trying to make him understand the reason for the law which was broken. This understanding has more influence on future actions than merely paying a fine.

* * *

It's so much easier to criticize than to commend, so while in the latter frame of mind, may we say Mrs. Mary Morrow has done a fine job for the past six years as a member of the Arlington Heights high school board of education.

School board offers a splendid opportunity for women who are civic minded and want to take an active part in government. Let the men handle the intricacies of buildings, bonds and blueprints, but a woman brings to the board a valuable feminine viewpoint of public relations.

* * *

Garden tip of the week: This is for those who lack the so-called green thumb, but would like to acquire this asset. Sow by hand a couple of pounds of the grass seed specially treated to insure high percentage of germination.

True, the greenness thus acquired will wash off the thumb, but a good share of gardening success is due to hard work, painstaking care, and perseverance.

* * *

It's taking a good deal of perseverance this spring to get the garden rototilled. A few years back, when it was patriotic to have a victory garden, and besides there were so many vacant lots to tempt the ambitious to plant a few rows of vegetables, farmers with small tractors made the rounds and plowed for days on end. Then came the rototillers, which pulverized the soil and took a good bit of the back-ache out of getting a garden started.

Most of them have gone into the landscape business, and are so busy putting in lawns at the new homes which now sit on the once vacant lots, they don't have much time left to help out the remaining vegetable gardeners.

* * *

Backers of the Greater Chicago Authority are not going to let the plan die without a fight. A bill has been introduced in the legislature for a commission with a $50,000 budget to be appointed to study the proposal.

The direct attack on suburbs seems to have been dropped and Chicago papers are pointing out the general benefits to all, the success of similar authorities, and the sound business principles involved.

Thank You

On behalf of the North DuPage Unit of Memorial hospital guild and speaking for all the members in Bensenville, Itasca, Wood Dale, Medinah and Roselle, I would like to thank Paddock Publications for the interest they have shown in the guild activities and the fine cooperation they have given us in publicizing the many guild projects during the past three years.

Enid Voaden,
Publicity chairman
Itasca

53 Apartments

I have seen your paper grow from its infancy to its greatness of today. Three weeks ago I placed an ad for "Flat for rent." By Thursday noon I had 22 calls, then more all day Friday, Saturday and Sunday. Last call was at 9 p. m. Monday, the 53rd call since the paper came out. They came from Arlington Heights, Palatine, Itasca, Elmhurst, Des Plaines, Bensenville and Chicago. Paddock Publications really goes places.

Edwin Sieburg
Arlington Heights.

Voice Of The Trampled

I was a member of a group known as the General Citizens Committee in Arlington Heights.

It was my understanding that the prime purposes of this committee were to work toward better local government, to encourage capable men to seek public office and to screen potential candidates. To achieve this commendable end the members of the committee served as a discussion forum and discussed all phases of various civic issues and published objective, unbiased reports. This method of informing ourselves and the public in an impartial manner was a valued public service.

But, the committee has strayed from its charted course with the result that it no longer merits the respect of interested citizens. Why?

As a member of the minority in recent actions taken by the committee, I think it only right to explain what happened. This is the Voice of the Trampled!

First — the Committee had an executive committee that failed to function. This committee failed to call a meeting for over a year for discussions on any of the issues that recently confronted our town — such as the Roth plant, industrial zoning, building permits, shopping center, etc. This failure resulted in the loss of the support of many of the civic-minded citizens who made up the original group and who gave the group the stature and respect it once had.

In fact, this executive committee did not function at all until there began to be an interest in the village election that was outside of their sphere of influence.

Then — on March 16th, 18 members (many of them new and many of them working members of a political party) endorsed the candidacy of one of the men seeking the office of mayor. This was an impartial, objective committee?

And — at the meeting on April Fools' Day the 19 members present saw fit to endorse, as qualified, all of the remaining candidates of the United Citizens Party. But, they failed to find any of the candidates of the Arlington Home Party qualified.

Now — how can mature, intelligent men, sitting as members of a supposedly impartial citizens group, find all the candidates of one party qualified and all the candidates of the opposing party not qualified? There is only one explanation — this was not a meeting of the general citizens committee at all. It was a meeting of a political party. The Committee has permitted its name to be usurped.

I believe that the general citizens committee exists in name only. It can serve no real purpose for the benefit of the general public. It has demonstrated that it will lend its name and will aid and abet the selfish interests of a special group. It has been used for personal gain.

As demonstration of this, the committee, at its last meeting, refused to listen to objective discussion — it refused to listen to sincere opposition — it ridiculed those who had the courage to voice their convictions.

If and when the committee gets back to its original purposes, then I and many other members who have quit in disgust will again support it.

In the coming village election I am interested in one thing — and one thing only — that we elect to office capable men who are fair, honest and intelligent. Men who will govern in the interest of the general public welfare. There is no place for men who will go to any means to achieve their personal ambitions. We do not want men who would destroy all that is good, such as they have destroyed the General Citizens Committee, in their stampede for power.

Vote April 21st. But, don't be fooled — vote intelligently.

Robert B. Bishop
530 S. Chestnut Ave.
Arlington Heights.

Thank You

We wish to thank you for sending us our local paper in response to a request by us to have it mailed down South.

It was nice to "keep in touch" with what is going on back home when one is far away and we passed the paper on to folks who used to enjoy same, namely Mr. and Mrs. Charles Pankonin, formerly of Mount Prospect, who now have resided in Eustis, Fla., for nearly 8 years.

Alfred and Maybelle Jasper.
Arlington Heights.

THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Inc., Arlington Heights, Ill.

Why City Manager

Thursday, March 26, the committee on the City-Manager Plan of the City club of Chicago held a forum and conference on the legal and technical aspects of city-manager government. I attended the meeting.

Harold Eash, village manager of Brookfield, gave an address on "The City-Manager Plan Stimulates New Citizen Interest in Good Government." Brookfield was selected by the National Municipal League as an all-American city of 1952 because of its outstanding success in solving municipal problems.

Mr. Eash stated that any form of government is effective only if the citizenry takes an active part in it.

In 1946 the people of Brookfield rose in revolt against inadequate municipal government and put in a trustee-manager government by ordinance. In five years time they brought themselves out of backruptcy to a position where taxes were reduced 10%. An audit of the special assessment accounts in Brookfield was made possible by the voluntary contribution of time and talent of hundreds of citizens. The women of the town contributed several thousand man-hours to organize the filing system of village records and to codify ordinances. These jobs could not have been accomplished except by volunteer help from the townspeople. Citizen interest in trustee-manager government has given Brookfield many services they didn't have before.

Mr. Eash claims that the cure for public indifference to government is to provide them with all of the facts as to what is going on, how and why. Then citizens will show interest and participate.

Speakers in the conference that followed included State Representative Bernice T. van der Vries, chairman of the of the Committee on Municipalities, Walter F. Dodd, authority on statutory and administrative law, and Louis Ancel, legislative representative to the Illinois Municipal League. They all commented on the amendments to the 1951 Act, which will clarify and strengthen the state law permitting municipalities to establish manager systems by referendum.

Representatives from communities all over northern Illinois reported on what has been done or what they are doing to get manager administration. Communities represented included Des Plaines, Arlington Heights, Palatine, Elgin, Elmhurst, Westchester, Lombard, Oaklawn, Homewood, Geneva, Rockford and Peoria.

I was impressed with how many communities are trying to establish trustee-manager government, and how similar the problems of growing communities. I was impressed with the calibre of the organizations backing the trustee-manager movement: The City Club of Chicago, The National Municipal League, The Illinois Chamber of Commerce, local Leagues of Women Voters, and various civic organizations.

To me, it indicates that the average American citizen wants to know what is going on in municipal government, that he wants to bring to government methods that work effectively in business so he can get better value for his tax dollar.

I am sure that the movement in Palatine will get more information to the people on what is going on in local government, will stimulate greater citizen participation in municipal affairs, and will make this a better community with better government.

Robert M. Green,
Palatine.

No Board Endorsement

So that there will be no misunderstanding with reference to a political advertisement in the March 26, 1953, issue of the Arlington Heights Herald in which reference was made to the Board of Education of School District 26, this opportunity is taken to make it clear that this Board of Education, as a board, is not endorsing the candidacy of any person for political office, other than for membership of this Board of Education.

Robert R. Lockwood
Arlington Heights

Here Lies Palatine

A community either goes ahead or backwards, it never stands still.

From the recent agitations about new developments near Palatine, it would seem that certain people and organizations are trying to wipe Palatine off the map. The thought behind this movement seems to be entirely because there are too many children in school district 15.

Stopping new residential developments is not the solution.

The schools are in the present condition, not only here but all over the state, because the state law covering the bonding power of the district has not been brought out of the horse and buggy era.

Laws have been passed increasing the amount of levy allowed for educational and building funds, state aid, bus transportation but the bonding power has been left at 5% of the assessed valuation. That percentage has been the same for 20 years that I know of and probably for over 50 years. If the laws were changed to give the school more money to operate the plant surely the law should be changed so that they can have a plant in which to operate. The state legislature is now in session, so if the organizations and people opposing the new developments on illogical reasoning would spend as much energy and money in getting the law changed so that more bonds could be issued, this objection would be solved.

At the Kimball Hill meeting at least two of the speakers admitted that if the school question could be solved that they would have no objections to the development.

In asking the citizens to vote the recent bond issue, it was stated that those bonds would not cost the average taxpayer but about 3½ cents per day. If the bonding power was increased to 15% of the assessed valuation, then the cost would probably be between 10 and 15 cents a day. Is that too much for any taxpayer to pay whether they have children in school or not?

The last paragraph in that same article on page 6, column 3 of the Palatine Enterprise of March 19 stated the reasons for a good and complete school. However this same group is trying to keep out those sound and substantial families.

It should be realized that the value of a family's property and the size of the lot does not make a sound and substantial family, it is what those people are on the inside.

Those same speakers at the Kimball Hlil meeting stated that they were not against a normal growth of school district 15. What is a normal growth? Unless the bonding power is changed, a normal growth is going to keep the school in this same condition, because it will be several years before this 5% bonding power will provide enough additional funds for another building or additions to others.

Towards the end of the Kimball Hill meeting, the information came out that they had financial backing for only 200 homes at that time.

Even if they did want to build 1700 homes, no organization will finance such a gamble unless there is a known need for that many houses.

We have had just such a development in Palatine which had plans for about 100 homes, but it did not take them long to realize that not even half that many was enough.

A need for more homes might develop, if the new organization told about recently in the Palatine Enterprise, to invite light manufacturers to come here can get someone interested. However, an important company will not come unless they know that there will be homes in which their employees may live.

At the Kimball Hill meeting, it was stated that the development of 1700 homes would cost the present taxpayers about $500, but it was not stated over how many years. It is doubtful if there are many residents of district 15 who now pay $500 taxes per year. So that $500 would probably be spread over 10 to 20 years. In that case it would mean 50 cents to $1 a week more taxes. Not so dramatic an amount as ending a speech with the amount of $500.

In arriving at this $500 was it considered that Arlington Park Jockey Club, Chicago aod North Western Railway, Illinois Bell Telephone Co., Western Union and the Public Service Co. of Northern Illinois pay approximatley 25% of the taxes of Palatine township? The 1700 home development is about the same size as the present number of homes in district 15. Is it not reasonable to assume that these 1700 homes would pay about the same amount as the present number of taxpayers. The number of children might be a little different because a certain percentage of families in the present homes are past the age of having children in school.

The newspaper article above mentioned also stated that good schools would increase the value of real estate. However, one person said that he was not interested in any increase now. That is an old objection, however when he gets ready to retire and move to a warmer climate or his heirs want to sell, they will be interested in the increase. This same party was against the consolidation of our schools when we were starting that movement.

It was stated that the site proposed for the school in Kimball Hill was the lowest spot in the area. It would be possible to fill-in the site and there are enough bodies inspecting all plans for improvements to see that the site and the building was correct.

Arlington Heights mentioned three reasons why they are against the Kimball Hill development. First, it did not conform to the plans they had already adopted. They did state that they did not know if their plans would stand up in court and it is doubtful if they would finance much of a fight.

Second, that the present depot was not adequate for twice the present population. Is it not reasonable to believe that the railroad company would change that, if they were shown twice as much business?

Third, that Euclid and Campbell sts. would be crowded with traffic. No doubt the business men would welcome the trade and since there are other clear outlets to Algonquin rd. and Northwest hwy. it would seem that these two streets would only be used when shopping.

Here is another chance for some organization to get some of the $56,000 for districts 15 and 211, if they are really interested in the schools. Make a house to house canvass and ask to see the receipted personal property tax bill.

Harry E. Smith
Palatine

✦ Just Around The Corner ✦

from PATTY McARDLE

Last week we all went to Megan's first dance recital and tea. I refer to the program as a "recital," although Mrs. Wilson would be disturbed to hear me call it this, as she doesn't believe in children being subjected to the pressure and tenseness that seems to be part of every well-rehearsed recital. Consequently, she only held one "get-together" for all the classes before presenting the exhibition to the parents.

Naturally, Nana, and Aunt Dot came up from Indianapolis for the week end, specifically to see Megan dance on Saturday, and Gramma, Grampa, "Doc" and Eddie made the trip from Harvard, Ill., to attend the debut of our little "prima ballerina." At the appointed hour we all met outside of the Woman's Club and (I hate to admit it!) took color movies of Megan, her Grandmothers, and Mama going into the building (and similar movies of Megan, her Grandmothers, and Mama coming out of the building—now we can exclaim with pride, as we watch this priceless film in the years to come, "That was the day of Megan's first dance recital—there she is going in! There she is coming out!")

* * *

AS SOON AS WE had all been seated—not in the front row, but almost—we were given very attractive programs listing the various presentations and found Megan's name, tucked in with the rest of her class, under the character title, "Geese." You see, my dear, she was part of a well done ballet adapted to the story and music of the opera, "Koenigskinder" (Kingly Children), by Humperdinck. Mr. Toepelman (Megan's teacher) choreographed the ballet, and although he did an excellent job, it would have been somewhat more effective had the children had more room to dance, especially during the scenes in which they all took part.

It was during the dancing of this ballet that Megan truly "brought the house down." Now; please bear with me, Peg, while I tell you very briefly how it happened. As the "goose-music" commenced, from the wings, out waddled the lovely goose-girl, followed by her line of ten, tiny, pink-dressed "goslings." Around the stage they went, and when their circle was complete, they stopped and twirled around on their tip toes, then stooped down to the floor, hesitated, and jumped up. Their part in this particular number being over, the plan was that the little "goslings" would waddle off the stage in the same line, into the same wing from which they started. All did as they were supposed to do, except the very last one.

* * *

LOOKING VERY TINY and "goslingish," Megan, carefully watching her feet, waddled off slowly and precisely in the opposite direction. When she heard the giggle that ran through the audience she looked up, and discovering her mistake, turned slowly around, not breaking for one minute the rhythm of her waddle, and proceded in the proper direction. However, before she reached the wings the music stopped, and, just as she always does at home or wherever she may be performing to music, she smiled and bowed slowly, sending the amused audience into immediate applause. (You can just imagine our delighted embarrassment!)

Now, Peg, there really were other acts in the exhibition, however, I would be sure to get "carried away" were I to start telling you all about them. But, if you are interested in seeing what else was included in the show, I would be delighted to send you a program, since I just happen to have a small stack of them!

My love,
Patty,

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

The recent Jelke trial in New York brought out a condition responsible for the downfall of many young American men and women.

The main goal of most Americans is the attainment of wealth.

Our American movies, radio and TV are responsible for this. As a nation of luxury lovers, or perhaps it is the great American dream of rags to riches innate in most of us which has brought to stage, radio and screen the portrayal of this dream. However that may be, present day dramatic presentations of glitter and glamour have led directly to the moral downfall of many American boys and girls.

* * *

GIRLS LOOKING forward to the wealth, glamour and excitement of the screen, start early in life to emulate the stage queens. Very few succeed. Many who do not succeed, forced to give up the glamour and glitter of their idols, are not able to give up the mink coats and jewels. The way is open for them to attain these things as call girls or kept women, if they are willing to pay the price of moral debauchery required to get them. Unfortunately, thousands of them are.

Young men, confronted with similar problems, resort to the quick, though more dangerous, rackets to gain wealth.

WE AMERICANS are prone to measure a man's success by the car he drives, his clothes, and the money he spends. When our children start out to make a life of their own, they search for financial success, often at the expense of their morals and ideals.

The one way to counteract this tendency in young people is to place the greatest emphasis possible on moral rather than financial values as a criterion of success; on the church rather than night clubs or movies; on spiritual rather than material values.

If we do this, we can save the lives of many young men and women now wasted because of a wrong set of values; but the greatest responsibility lies on the parents, in praticing and teaching true Christian ideals and self discipline.

Campus Capers

At Carthage

Robert Steinbrinck recently served as one of the directors for three one-act plays, presented at Carthage oclege by the Masquers and the play production class. Steinbrinck's play, "The Valiant" by Holsworthy Holl and Robert Middlemas, is a tense drama portraying the last moments of a young man condemned to death for murder.

Steinbrinck is a junior at Carthage college where he is majoring in English. He is active on campus as a member of Alpha Psi Omega, Masquers, Spectators, intra-mural sports and serves as producer for one of the college radio programs. He is the son of Mr. and Mrs. L. J. Steinbrinck of 118 N. Cedar, Palatine.

At Grinnell

Garwood Leckband, son of Dr. and Mrs. Norbert F. Leckband of 211 N. Belmont, Arlington Heights, has been invited to the Grinnell college campus April 11 as a finalist in the George F. Baker scholarship competition. He is one of 24 high school senior men from seven states selected for consideration for these scholarships.

This is the third year that Grinnell has carried on its "quest for leadership" under a $50,000 grant from the George F. Baker trust. Six sophomores and ten freshmen at Grinnell currently hold Baker scholarships, which cover the four-year college period.

Guests of the college for the week end, finalists will undergo a series of tests Saturday morning in English and literature, fine arts, physical sciences, and social studies. In the afternoon they will be interviewed by the college officials.

Leckband attends Arlington Heights township high school.

At Grinnell

Frederick Thompson of 206 N. Wheeling rd., Prospect Heights, is in charge of the technical effects for the fourth annual Grinnell college student musical, "Room for Rhythm." The show is entirely written, directed, and produced by students.

A graduate of Arlington Hts. township high school and a junior at Grinnell, Thompson is program manager of the campus radio station. He is a member of Sigma Delta Chi, national professional journalistic fraternity; and a cadet staff sergeant in Grinnell's Air Force ROTC unit.

At Knox

David Kurtz, son of Mr. and Mrs. Oscar C. Kurtz, 909 N. Mitchell, Arlington Heights, a junior at Knox college, is a candidate for the office of treasurer of the Knox Student Council. Kurtz was nominated by a petition circulated among the Knox student body.

At Iowa State

Miss Diane Cummisford and Miss Marilyn Franke, daughters of Mr. and Mrs. R. G. Cummisford and Mr. and Mrs. W. G. Franke, respectively, and both of Arlington Heights, were invited to a tea sponsored by Omicron Nu, home economics honorary fraternity at Iowa State college, Ames, Iowa, where both girls are in the sophomore year.

The tea honored sophomore home economics majors who had outstanding scholastic records.

At Arizona

GLORIA JANISCH

Miss Gloria Janisch, daughter of Mr. and Mrs. W. J. Janisch, 625 Burton pl., Arlington Heights, was elected freshman queen at the University of Arizona's Bunny Hop March 28.

Miss Janisch was one of 15 contestants in the concert. She represented Alpha Chi Omega sorority.

Brides-To-Be

The following marriage licenses were issued last week to residents of the north suburbs by Cook County Clerk Richard J. Daley:

John Jensen, Elmwood Park, Sue Maveety, Des Plaines.

Richard Raske, Des Plaines, Patricia Burgess, Park Ridge.

Walter Herrman, Skokie, Roberta Joski, Chicago.

Gordon Nissen, Des Plaines, Annabelle Hogreve, Palatine.

Education Aid Still Available To Sons Of Gold Star Boys

The Illinois veterans commission announced there is still time this year to receive state aid to help defray educational expenses of children of deceased World War I or II veterans.

Applications for financial assistance must be filed before the end of the school term if aid for the 1952-53 school year is desired.

The state provides $150 a year for tuition, supplies, books or board and room to children whose parent or parents were killed in service or subsequently died from service-connected causes.

Requirements stipulate the veteran must have served during World War I or II (between December 6, 1941 and December 31, 1946) and children must be between 14 and 22 years old and at least in the ninth grade.

Kitsmiller Home To Be Held In Trust For Mary

At a meeting of the Kitsmiller Fund committee held Friday evening in the home of Mayor Alfred P. Haake it was agreed that the house at 1324 S. Vine, Park Ridge, will be held in trust by the Chicago Title and Trust Company for Mary Kitsmiller for as long as she lives. In the event of her death the house would go to her son; or, if he should die before reaching the age of 25 or before the death of his mother, the house would become the property of the City of Park Ridge.

Salad From Leftovers

If you're in the habit of using canned fruits for dessert, make a salad of the ones left in a can for one evening's meal. You can always use some fresh fruit, in addition, when needed.

DIFFICULTY WITH DORMERS?
Dormer rooms need not present decorating difficulties if you're careful NEVER to use a large, bold-patterned wallpaper on them. To do so creates a stifling effect and makes the angular walls seem to converge on each other — and makes the small windows appear to be even smaller.

MAKE THEM EYE-CATCHERS
. . . by using a small allover floral pattern in a pale shade that gives the effect of a textured wall . . . and appears to push the walls back. Try painting the inside of the dormer a plain color picked up from the floral pattern of wallpaper for an interesting contrast. Keep curtains or draperies simple.

Worth more... and why

There's an old saying that a thing is worth what someone is willing to pay for it. Well, if you could tour the wholesale and retail used car auctions around the country, if you could survey hundreds of used car lots you would discover that used Fords bring *higher* prices than any competitive make—and by substantial amounts.

THAT'S WHY we feel our '53 cars should not be compared with cars in the same price range. Not because our competitors don't do a good job—obviously they do—but because we feel Ford Cars have more in common with the highest priced automobiles. The similarities are far greater than the differences.

For example. Today, the most expensive cars in this country have V-type, 8-cylinder engines. Ford Cars have had this exact same type of engine for over 20 years.

What's more astounding, the current Strato-Star V-8 sells for hundreds of dollars less than several other makers charge for a six-cylinder car. Now there's nothing wrong with a Six but they do cost less to make. Ford makes a Six—the most modern overhead valve Six in the industry. And if it's a six-cylinder car you want, Ford has it and for less money than the V-8, which is as it should be.

What about ride? Here's another Ford similarity with high-priced cars . . . *Riding Comfort.* One of the misconceptions for many years has been that weight—sheer weight—is what it takes to make a car ride well. Ford has found that you can make a 3000-pound car ride softer and hold the road better by *far* than many cars that weigh a full 1000 pounds more. In the '53 Ford, for example, front end road shock has been reduced up to 80%. We say it compares most favorably with the heaviest cars sold today.

What about automatic transmissions? It would take the fingers of both hands to count the various kinds of automatic and semi-automatic transmissions on the market today. The one we offer is called Fordomatic. It is the most versatile on the market, it represents the most profound consideration of engine-to-wheel power transfer—and that it does the best job for our engines isn't even open to question. It "shifts" better than you could shift by hand.

What you can see is also important. Here again Ford Cars lead not only in their price field but in the medium and upper brackets as well. Ford visibility is *Full-Circle* Visibility. This means huge, curved unobstructed glass area, front and rear, plus side windows that allow all passengers what the hotels call "room with a view."

Appearance? A higher price, of course, does not make a car more beautiful. Conversely, beauty in a Ford comes "for free." Ford has found that it costs no more to develop a beautiful car than one that is less pleasing in appearance. You can drive up to the most exclusive doorways in the world and feel perfectly at home in your Ford. Fords "belong" . . . in exactly the same social category as the finest, one-of-kind creations. After all, a Ford is a custom creation multiplied.

What about running costs? Here's one place that Ford's advantages are obvious. For oil and gas economy Ford has the big cars whipped. Ford parts cost less. Ford service charges are less. Ford tire mileage is thousands of miles greater. And, Ford depreciation is the lowest of any car on the market—bar none.

What are Fords made of? Some people have the idea that the costliest cars are made of "better stuff." It's true that some high-priced cars have costlier upholstery and fittings. What Ford has is so good, both in durability and appearance, that you probably could not tell the difference. You might even prefer it, because of its better design and more pleasing appearance.

Then there's the question of sheet metal. If you were to measure and analyze the sheet metal structure in the most expensive car, you most likely would find it identical in thickness to the corresponding panels in Ford.

After all, then, what is the difference between a Ford and the costliest cars?

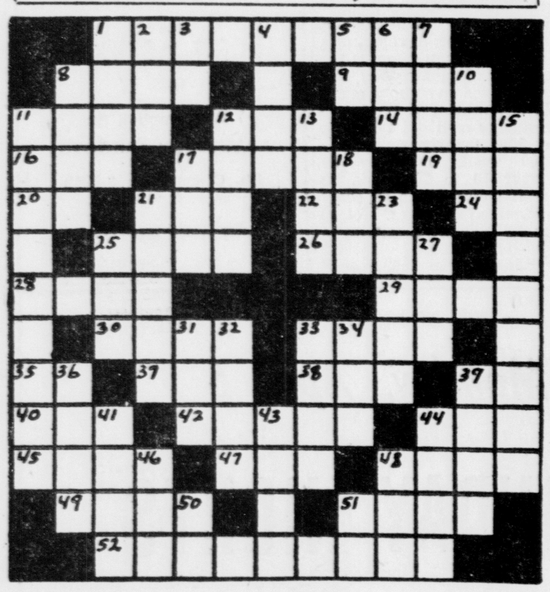

In our opinion, the difference is largely a matter of dimensions, weight (and the power required to move it) plus the distinction of owning a car that not so many other people own. The desire for these things is understandable . . . and probably justified for people who are willing to pay the price to satisfy it.

As to comparing Ford with other cars in its price range, by all means do so if you wish. But, as we said before, you'll get a better picture of Ford value by comparing with cars that are most like Fords—those that are priced up to twice as much. In fact, we think you'll quickly begin comparing the other cars with Ford—because the 1953 Ford has really established the New Standard of the American Road.

'53 FORD
Worth more when you buy it . . .
Worth more when you sell it . . .

Several Openings For Civilian Workers At O'Hare Airport

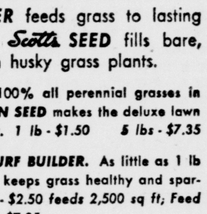

O'Hare International airport, Park Ridge, offers several opportunities to civilian workers who live in Arlington Heights and surrounding towns, who would like to be employed near home.

There are openings for an office appliance repairer, a junior packer and crater, junior aircraft materials dispatcher, boiler fireman, and two stenographers. The hourly rate of pay is good and many special advantages are offered.

For further information phone Mrs. Betty A. Baske, at TAlcott 3-1181, extension 62, or visit the civilian personnel office at O'Hare airport, which is located at Mannheim and Higgins rds.

YOUR KITCHEN WILL BE THE ENVY OF THE NEIGHBORHOOD

With Beautiful, Work-Saving, Step-Saving

KELVINATOR CABINETS

With sensationally beautiful Kelvinator cabinets, you add convenience and handiness, and make those kitchen hours easier and more pleasant. Counter tops of base cabinets are covered in linoleum or Formica; cabinets themselves are made of heavy-gauge steel with life-time baked enamel finish. Can't warp or crack . . . never need repainting.

If You Can Hang a Picture, You Can Install Kelvinator Wall Cabinets

Save installation costs by hanging the Kelvinator "Pantryette" wall cabinets yourself. They are hung just like pictures. Just attach a special hanger strip to the wall studding, put the "Pantryette" over the hanger, and the job is done. Only simple household tools are needed. Base cabinets slide into place like furniture.

Exclusive Sliding Glass Doors, Fluorescent Lighting

Kelvinator Cabinets have exclusive features that make all others look old-fashioned. "Pantryettes" have fluorescent lighting for the cabinet interior and work surface below. Sliding glass doors and sloping fronts allow more head room, eliminate danger of head bumps.

COME GET KELVINATOR'S KITCHEN PLANNING GUIDE, or fill out this coupon, and mail it—with 10¢—to our store for this handy, colorful book that tells you how to plan your kitchen for utmost efficiency and convenience.

FOR SALE — BENSENVILLE vicinity. By owner. 2 houses. 4 room modern; 2 room, no plumbing. Chicken house 20x60. Lot 90x180. Fruit trees, grape arbor. Fully landscaped. Price, $11,750. Phone Bensenville 907. (4-9

FOR SALE

In Beautiful Barrington Woods, building sites complete with water, sewer, public service gas, macadam roads. Every lot has trees. This is a 75 house development. All homes will be strictly architecturally controlled. The entire neighborhood will be dynamically color styled. We do not believe that you can equal this value in the entire Chicago area for less than $3,500. We will sell the first 10 sites at our production cost of $1,500 to qualify for our development financing. We believe the average house going in this area will be a 3 bedroom, 1½ bath house, with full size dining room, plus eating space in kitchen, large living room, sewing and laundry room for $13,460. Total cost with lot $14,960. This offer is definitely limited to the first 10 sales.

WHO SAID
Who Said It Can't Be Done

Who said a 3 bedroom ranch in a top notch location can't be had in the low 20's.

LOOK HERE

Right in the heart of the Country Club section—amid homes of the highest caliber in all Chicagoland and nestled pert as can be on a well landscaped highly desirable corner—is a very pretty white clapboard ranch.

See It Today!
It's One In A Thousand!

Large comb. living-dining room, breezeway, attached garage. S. E. cor. Go-Wando and Se-Gwun aves. Look over the exterior, but check with us to inspect.

Authentic English Mansion

A home that captures the fancy and excites the imagination. Its feudal splendor has aroused awesome admiration in all who have seen it. Rustic and massive, its charm will thrill any whose interests run in the "pipe and tweed" vein. Despite its great spaciousness (8 rms., 2 baths and 2 car att. gar.) and obvious high quality and cost, its taxes and heating expenses are amazingly low. Built in 1940. Beautifully landscaped estate-like grounds, 150x150. Just 4 short blocks to depot. Priced at ½ its reproduction cost at $32,500.

A Ranch Home Of Subtle Quality

Always have there been things of outstanding quality-treasures with a quiet richness that speaks for itself. A perfect gem, a master's painting, a Rolls Royce car, a fine piece of Dresden—without ballyhoo or frills, YOU KNOW they're in a class by themselves.

Such is the case in this fine residence in the Country Club section. Inside and out it leaves no doubt of its superiority. The plan is second to none for graciousness-center foyer entrance; flanked on right by a spacious liv. rm., apart and formal; din. rm. and kitch. to the left; 3 lovely bedrms. to the rear, each having direct access from hall. One is paneled in solid mahogany planking, honey tan in color. With its large picture window and book shelves, it makes the perfect and practical comb. guest room-den. Bath, powder rm., kitch., recr. rm., hobby rm., and patio are all you'll expect them to be. Beautiful cor. site with yard and barbecue enclosed in rail fencing; 2 car gar. Irreplaceable at $47,500.

THURSDAY, APRIL 9, 1953

In The Future

Farmers of all sizes, from 75 to 250 pounds, can ride comfortably in a new seat hung on rubber springs. The tension is adjustable . . . "Truly neutral" sunglasses will be available this summer. They don't distort color . . . Shower heads with rubber diaphragms and tiny slits instead of the holes of the metal type promise large water savings . . . Those frilly, fragile plastic hostess aprons have moved from the bridge table to the factory bench. In a 12-gauge vinyl plastic version they aren't fragile, and they resist acids, greases, alkali . . . If you like your television commercials silent, a new remote control switch called "Blab-Off" will shut off the sound from wherever you sit.

Horowitz Concert Sold

An audience which will completely fill Orchestra Hall — all seats are sold—will greet Vladimir Horowitz when he appears in recital Monday evening at Orchestra Hall, Chicago.
